Try the Bitro-Phosphate Health System—\$300 Guarantee.

NEW YORK. If you are feeling run-down, weak, nervous, tired-in-the-morning, and generally ailing, these are the symptoms that should warn you to take care of your health. Four persons in every ten are needing more phosphorus in their bodies. When you see thin and fretful people, or those who are anaemic, pale, frail, oft despondent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of salts, quinine, drastic drugs, iron, calomel, cod-liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health, and contained in BITRO-PHOSPHATE, the famous health preparation. Now obtainable everywhere. The right thing for you to do is make a trial of BITRO-PHOSPHATE beginning at once. It is not a patent medicine; the formula is prescribed by many physicians for the ailments and weaknesses mentioned above.

With every box of BITRO-PHOSPHATE, are a few simple health rules and a \$300 guarantee. Buy a box of BITRO-PHOSPHATE. It is sold and recommended by all good druggists everywhere. Adv.

Could Not Begin to Tell All

"I could not tell you all the benefits I had from the use of Foley's Honey and Tar," writes Miss Rose Florke, 209 Hawkins Ave., N. Brad-dock, Pa. ## MARGARET ANGLIN PLAY PROMISES A DRAMATIC TREAT

Theatergoers are promised a rare treat in the coming performances of Margaret Anglin, when she presents at the Page theater on Monday night, April 26, her latest production "The Woman of Bronze," a remarkable play, adapted from the French by Paul Keffer.

In portraying the leading character, Miss Anglin brings to her audience a picture of emotional strength and great depth of understanding, and that rare personal charm which has always distinguished the work of this artist.

The story of the play deals with the life of people of today, who must conform to conditions as they exist, in it we have comedy, brilliant dialogue, and thrilling emotional situations. In the working out of the life history of three people, we have almost a tragedy, saved only by the heroic sacrifice of one, that a great work may be given to the world. Surrounding these central figures, we find the lesser ones, those who play at life and one or two genuine friends.

Miss Anglin has chosen her company with great care and has achieved a result which is able and effective. The setting which is the work of Livingston Platt is beautiful and gives the atmosphere of reality which only master hands can create.
