HOW'S YOUR BLOOD? Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery and has been for nearly 50 years. Ingredients printed on wrapper. The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealer, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

OAKLAND, CALIF.—"A relative was poisoned, her blood turned to water; the doctors gave her up, said she could never be cured. She finally took Dr. Pierce's Golden Medical Discovery, and it cured her. I have had six operations, which left me in a nervous state, with loss of sleep and appetite, Doctor Pierce's Golden Medical Discovery and Pleasant Pellets cured me. I am cured."—Mrs. MAE TRUDOW, 4024 Sutter Street.

BEAVER CREEK IS FAVORABLE TO THE SCHOOL TAX BILL

The following resolutions, presented by Beaver Creek committee were unanimously adopted:

Whereas, information shows our educational system to be in a critical condition and in need of immediate financial aid, and

Whereas, there is great need of taxation for that which is the common good of all, and

Whereas our school district has made provision to secure \$620 for which to maintain our school for the entire year, which sum shall be insufficient, and

Whereas, a two mill tax upon the taxable property of this county will bring an additional sum of at least \$350 to each school district for each teacher employed in the elementary grades, which sum is greatly needed to enable many districts to secure teachers, to buy necessary supplies, and thus to enable them to give their children an elementary education.

Therefore, be it resolved, that this school board, school patrons and teacher assembled at Beaver Creek school this 14th day of April, do adopt these resolutions and pledge ourselves to support the elementary educational bill providing for a two mill tax upon all taxable property of this state for elementary school purposes.

MRS. A. D. McKEE,
 ERNEST McKEE,
 EDNA H. GORE.

U. S. A. IS MENACED BY SPREAD TUBERCULOSIS

ST. LOUIS, Mo., April 22.—The people of the United States are gravely menaced by the continued spread of tuberculosis according to speakers at the annual convention of the National Tuberculosis association which was formally opened here today. The association is planning a nation-wide fight against the disease.

Dr. Victor C. Vaughn of the University of Michigan, president of the association, in an address, asserted that "nearly 100 per cent of the adult inhabitants of our cities are already infected with tuberculosis."

Living conditions must be bettered to improve the situation, the speaker said, and this can only be affected by the migration of the masses to the rural districts.

LATEST NEWS OF THE STATE

SALEM, Ore., April 22.—Blossom day in Marion county, when thousands of persons are expected to flock to this city and be taken in automobiles to fruit districts near the city, and when seaplanes will circle overhead bearing spectators through the skies, was definitely set for next Sunday, April 25, by the board of directors of the commercial club, it was announced today. Inclemency of the weather prevented having Blossom day last Sunday and it was postponed until next Sunday.

PORTLAND, Ore., April 22.—Jack Thompson, Tulsa, Okla., negro heavyweight pugilist, after making an attempt to fight in the third round of his bout scheduled ten rounds with Fred Fulton last night at Milwaukie, assimilated a light blow and went to the floor. There he remained until the referee gave the decision to Fulton. Spectators were sorely disappointed at the showing made by both men.

PORTLAND, Ore., April 22.—The propeller steamer Astorian made a round trip between Portland and Astoria yesterday, a distance of 220 miles, in 14 hours and 10 minutes including four stops besides the terminal stop at Astoria, defeating the Georgian, a vessel of a similar type, in an all day run.

PORTLAND, Ore., April 22.—Victor Sanlit and his wife, Julia, radical Russian aliens, are at liberty today under \$1,000 bonds each, pending final determination of proceedings brought against them by Chief Immigration Inspector Bonham for their deportation to Russia as undesirable. Bail was posted late yesterday.

PORTLAND, Ore., April 22.—There are 101,126 voters registered at the courthouse, the largest number Multnomah county has ever known, according to the official count. This is 1358 greater than the registration for the general election in the fall of 1918, when the total reached 99,768. A republican gain of 3588 voters and a democratic loss of 475 are shown in the last two years.

PORTLAND, Ore., April 22.—Crops of all kinds in Oregon are backward, but no injury is reported as a result of the cold, wet weather, according to the weekly crop summary of the Portland weather bureau.

Conditions have been generally favorable for winter wheat and oats and early sown spring wheat, but warmer weather is needed in places. Spring seeding is proceeding very slowly.

PROGRAM OF WORK FOR THE MEDFORD CHAMBER COMMERCE IS OUTLINED IN DETAIL

These programs are the result of a thought survey of the entire membership of the Medford Chamber of Commerce, as obtained through a series of group meetings. It is an expression of the most urgent and obvious needs of the community at the present time. In the natural course of events other projects, unforeseen, will present themselves for immediate consideration and the decisive action of the chamber.

The accomplishment of the projects included in these programs will depend upon the intelligent leadership on the part of the officers and directors and enthusiastic co-operation on the part of the membership. They present a broad and comprehensive field for organized community endeavor.

Major Program of Work

The following subjects received particular attention, indicating that there was already a volume of public opinion in favor of their accomplishment. The Chamber of Commerce is, therefore, to find immediate and wide support in its activities directed along these lines.

Community Grounds—Endeavor to acquire through county and municipal authorities, grounds suitable for county fair, aviation field, recreation park, auto camp and similar correlated community activities.

Industrial Development—Encourage growth and expansion of present industries. Develop timber and mineral resources. Secure parking plants and agricultural by-product industries.

Agriculture, Rural Relations—Work with Jackson County Farm Bureau and government agents to develop agriculture and assist in securing adequate irrigation.

Road Program—Secure the adoption of a comprehensive road program. Transportation—Eradicate traffic completion.

Transportation—Eradicate traffic inequalities and discriminatory freight rates. Develop additional transportation facilities.

Community Spirit—Stimulate a loyal community spirit through meetings, and by other means, to the end that there may be complete co-operation between all citizens of Medford and the adjoining rural sections.

Forum and Discussion Program
 Introduction:
 These are projects that require discussion and winning of a larger interest and support before they can be undertaken to advantage.

A single meeting of the forum may indicate a degree of interest in a topic that will justify its immediate transfer to the major program and the appointment of a committee to begin work.

City Planning and Beautification—Submit to the citizens of Medford the advantages of systematic city planning and the importance of City Beautification.

Advertising—Present the value of proper publicity in the up-building of the community.

Tourist Development—Promote a plan to attract tourists.

Housing—Initiate a building program to relieve the housing shortage.

Y. M. C. A.—Consider the need for a modern Y. M. C. A.

Re-locate County Seat—Endeavor to secure the transfer of the county seat to Medford.

Improve Schools—Work to establish the highest possible standard of efficiency for the public educational system in Medford.

Community House—Consider a community house as a service memorial of the late war.

Modern Police System—Impress upon the municipal authorities the need of modernizing the police system.

Street Extension—Have the city council provide more railroad crossings to render all portions of the city easily accessible.

Supplementary Activities
 The following subjects were presented, but not by a sufficient number to warrant their being placed in the major program of work. They may be introduced into the activities of the organization as public attention is attracted to them and as here is opportunity to carry them out.

Legislative—Legal interest rate, minimum wage scale for women, traffic regulations, taxation.

Public Welfare—Amusements, band baseball team, pure milk.

Trade Improvement—Trade at home campaign, special sales, window lighting.

Internal Projects for Chamber—Better quarters, former residence directory, fish and game bureau.

Miscellaneous—Armory, city hall, real estate board, insurance.

With Medford trade is Medford made

GEORGE COLLINS BOOSTS G. ROADS IN JACKSON CO.

Jackson county will cast a strong vote in favor of the proposed constitutional amendment raising the bonding limit from 2 to 4 per cent, according to George T. Collins of Medford, manager of Mason, Ehrman & Co.'s branch houses at Medford and Klamath Falls, who has been at the Multnomah hotel.

"Medford proposes to issue \$500,000 road bonds, which now is impossible under the 2 per cent limit," said Mr. Collins. "If the proposed amendment carries we intend to issue these bonds and demand state and federal aid, getting one dollar from the state for each one which Jackson county puts up and then matching this amount with federal aid, taking advantage of the unclaimed funds set aside for Oregon by the government and thereby raising three dollars for each one which we subscribe for road improvements."

"Medford Chamber of Commerce had a drive for members and funds and now has 400 members and has raised \$18,000 to which will be added an additional \$2000 in the near future. Our roads include the important Pacific highway road into Crater lake, road to Sams valley and another into Applegate valley and their tributaries.

"The improvement of these roads requires money which would be impossible to get under the present law."

—Portland Oregonian.

SHOULD CHURCH HAVE WOMEN CONFESSORS?

LONDON, April 6.—Whether the church should provide women confessors is a question with which the Lambeth conference of the clergy of Great Britain, to be held in July, is threatened.

At a meeting of the National Union for Equal Citizenship, Miss Edith Pieton-Turberville said letters had been received from girls pleading for women confessors in high Anglican churches.

The Rev. Henry Ross, vicar of a large London parish in a recent interview said women would not confess to women.

"There is the psychological objection," he said "that one woman would not trust another to keep a secret."

A Woman's Mistake

Substitutes Often Worthless
 It is a well-known fact that Lydia E. Pinkham's Vegetable Compound is the most successful remedy for woman's ills obtainable. Actually thousands of women have proved this to be true. Notwithstanding, some women make the mistake of trying something else, said to be just as good, simply because it is new.

Is it not foolish to risk the possible bad results of such experiments—and is it not better to depend upon a medicine that you know is reliable—a medicine that has had no equal for more than forty years?

Read what these Women Think About It

North East, Md.—"I was in ill health four or five years and doctor after doctor but none helped me. I was irregular and had such terrible pain in my back, lower part of my body and down each side that I had to go to bed three or four days every month. I was very nervous, tired, could not sleep and could not eat without getting sick. A friend asked me to take Lydia E. Pinkham's Vegetable Compound and I am sorry I did not take it sooner for it has helped me wonderfully. I don't have to go to bed with the pain, can eat without being sick and have more strength. I recommend your medicine and you are at liberty to publish my testimonial."—ELEANOR WEAVER, R. 2, North East, Md.

Utica, N. Y.—"I was all run down and had no energy or ambition and no strength to do my work. I went to the doctor's office every other day and could hardly crawl to get there and back. My husband wanted me to try Lydia E. Pinkham's Vegetable Compound and he got me a bottle and in two weeks this medicine did me more good than the doctor's medicine had done in ten. I kept on until I had taken ten bottles and felt like a new woman. Now I do all my own work besides all kinds of dressmaking and sometimes paper hanging. I will recommend Lydia E. Pinkham's Vegetable Compound as long as I live and you may publish my testimonial."—Mrs. K. C. TANNEN, 615 Front St., Utica, N. Y.
