

DEMOCRATS FILE A COUNTY TICKET FOR THE PRIMARY

Rawles Moore, candidate for the county prosecutor nomination is no longer the sole Jackson county standard bearer for the democratic party, as that party has placed formally almost a full county ticket in the field, and will write in the names of candidates for those offices not formally filed. The committee appointed at the recently held democratic conference luncheon for this purpose filed nominations yesterday of candidates for every county office with the exception of county school superintendent and state representative.

Incidentally and independent of the party conference Ralph Jennings, former sheriff, also filed yesterday afternoon his candidacy for the democratic nomination of sheriff, making him the opponent at the primary of I. W. Berry, the chosen party candidate. Mr. Jennings' action came as a general surprise, as ever since the probability of his entering the primary race was first rumored he had denied that he would be a candidate, saying he was too busy to run for office. Mr. Berry is a well known Medford man and former active party worker, who has been in general charge for years of the Hoke cannery now owned by Bullis & Skewis, and he held the position of warden of the state penitentiary under Governor Penney years ago.

At the party luncheon it developed it was too late to file candidates for the two state representative nominations in this county, but the gathering then decided to have the names of George A. Mansfield and W. E. Phipps written in for these offices. The gathering named a committee to select a county ticket whose members are W. E. Crowe, H. C. Garnett, Mrs. Rose Schieffelin, W. E. Phipps, and W. K. Campbell of Medford and Hal McNair and Joe Hill of Ashland. It was decided to leave to the democrats of Ashland the naming of the candidates for county clerk and county

Scene From High School Play at Page Theatre Friday Night

Scene from Act II of "The Bachelor's Romance," which appears at the Page theater, Friday evening, April 23. Jean Loomis is interpreting the role of Sylvia Somers; Everett Brayton, the role of David Holmes, literary and dramatic critic.

school superintendent, but the party men of the neighboring city failed to select a candidate for the latter office in time for filing, but will select one whose name can be written in by the party voters.

The democratic candidates for county office whose names were formally filed yesterday afternoon are as follows: County commissioner, Dillon R. Hill of Medford. County clerk, John O. Riggs of Ashland. County treasurer, Mrs. Rose Schieffelin. County assessor, Ben Trowbridge. Sheriff, I. W. Berry. Coroner, W. H. McGowan.

Seal Catch Is Small.

ST. JOHNS, N. F., April 22.—Thirty-four thousand seals, valued at \$175,000, was the total catch during the season which has just closed. This is the smallest number of seals taken in the history of the industry.

A Friend Recommended "Internal Baths"—Now Never Troubled

Mr. Otto Drum, 27 Proctor St., Tacoma, writes Tyrrell's Hygienic Institute of New York as follows: "For a number of years I suffered with gas on the stomach and after using most every kind of medicine, a friend of mine convinced me that the only way I could be cured would be to use the 'J. B. L. Cascade' outfit, according to directions. I used one for about three weeks and now I have been using it once a month and have never been troubled with gas. This was five years ago."

The "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste. Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

The West Side Pharmacy will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrrell of New York, a noted specialist on Internal Bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity. Adv.

STEAMER TO CHART SHORTER ROUTE TO E. SOUTH AMERICA

SAN FRANCISCO, April 22.—The steamer Pallas will clear from Puget Sound ports around June 1 to map out a new route between Pacific coast ports and the east coast of South America, according to an announcement by Swaney and Hoyt, agents for the new line here today. The Pallas, a 7,500 deadweight ton boat, will carry a cargo of lumber and canned goods to Buenos Aires and will return with a cargo of hides and coffee. If trade conditions justify Santos, Brazil, will be made a port of call. The route will be by the Straits of Magellan instead of the Panama canal, it being figured that this route is 1,000 miles shorter than the Panama route. The trip will approximate 35 days, whereas the Panama run usually consumes 42 days.

A steamer will clear from Puget Sound ports, San Francisco and San Pedro every thirty days for this new route, it was announced.

GRANTS HIGHER WAGES TO BERLIN POSTAL EMPLOYEES

BERLIN, April 21.—Demands of the railroad postal employees for higher wages will be granted, it is officially announced.

TROOPS RUSHED TO BUTTE

(Continued from Page One)

ing company, issued this statement today:

"All mines resume work tomorrow. Full protection will be given workers." A recheck of the men injured in last night's riot shows that eleven of the fifteen were foreign born and seven of them were not citizens of the United States.

Mines to Open

Strikers gathered at the headquarters in I. W. W. hall on north Woaning street today, but there was no demonstration and no attempt was made to picket the mines. Only one clash between strikers and union men occurred. That was on Woaning street near the Thornton hotel, when a small group of union men and strikers mixed it up. No arrests were made.

Engineers and pump men had no difficulty in reaching their posts at the mines today. No miners reported and no mining was attempted by the mining companies, all of which expect, however, to resume tomorrow.

Revolution Not Strike

County Attorney N. Ratter today is taking the statements of men who were injured in last evening's affair and of other witnesses, with a view to filing informations if such a course is warranted. His inquiry promises to cover several days.

Sheriff O'Rourke has issued a statement saying that he regards the I. W. W. activities in Butte as a revolution, not a strike, and has reviewed all the circumstances leading up to the clash between the officers and the body of picketers on whom he made a demand three times last evening to disperse.

The city is quiet today. The I. W. W. made no attempt to picket the mines and only one clash between strikers and miners was reported.

Quarters have been prepared for the troops. It is understood several hundred have been ordered to Butte.

TACOMA, April 22.—Officers at Camp Lewis this morning refused to reveal their plans for moving troops to Butte. "Nothing to say," declared Colonel Nolan in command in absence of Major General Morrison. "I cannot tell how many troops will be sent to Butte or from where they will go. The movement is secret so far as I am concerned."

N. Y. STOCK MARKET RECOVERS AFTER A SQUALLY SESSION

NEW YORK, April 22.—Liquidation of speculative shares was resumed at the opening of today's stock market, much of the pressure emanating from professional interests.

Offerings were well absorbed for a time, General Motors recovering ten points of yesterday's 42 1/2 point decline, while other leaders in the industrial and special divisions rallied one to almost five points.

United States Steel and some of the high grade oils, equipments and shippings developed fresh reactionary tendencies, however, and before the end of the first hour many gains were cancelled, with numerous new low records for the current movement.

Further weakness of Liberty bonds was again a disquieting influence. Advice received by local banks confirmed recent reports of enforced selling of Liberty bonds at industrial centers where labor troubles have been especially prevalent.

The market made a sharp recovery at noon, sentiment being favorably influenced by the maintenance of the seven per cent rate for call money.

On the rally, to which the shorts made involuntary contributions, actual gains of 3 to 14 points over yesterday's final prices were made by General Motors, Baldwin Locomotive, United States Rubber and minor steels and equipments.

Trading became dull at midday after a morning turnover exceeding 1,800,000 shares.

TAX STOCK DEALS AND TOBACCO TO AID U. S. SOLDIERS

WASHINGTON, April 22.—A tax on all stock exchange transactions equal to the broker's commission has been agreed on tentatively by republican members of the house ways and means committee as one of the new levies for raising money for the soldier bonus legislation.

Three other levies for raising the money similarly have been adopted by the republicans. These are a one per cent levy on the final sales to consumers, a new levy on incomes, probably in excess of \$5,000, and an increase of approximately fifteen per cent of existing taxes on tobacco and cigars.

These four forms of taxes would remain in effect two years and the republicans estimate that they would net about \$1,500,000,000 for soldier relief. They will be incorporated in the legislation to be presented in the house for adoption May 3.

Committeemen predicted that the four-fold plan of taxation would not be changed.

Committeemen declared that regardless of the form, the taxation ultimately would be borne by the consumer. They estimated that more than seventy exchanges, including Wall street, the Chicago Board of Trade and the New Orleans Cotton Exchange, would be affected by the tax on stock transactions.

WASHINGTON, April 22.—A joint call for a caucus of democratic senators to be held next Tuesday to consider the election of an administration leader, was issued today by Senators Underwood and Hitchcock, rival contestants for the office.

Hair Grown on Bald Head

After being almost totally bald, a New Yorker has grown a full head of hair in a few weeks by using a certain hair restorer. The hair restorer is a new discovery and is a great help to all who are suffering from baldness. It is a simple matter to use and the results are wonderful. The hair grows back as if it were never lost. Cut this out, now while it is so good.

WILSON POLICIES ARE ENDORSED BY DEMOCRATS

JOPLIN, Mo., April 22.—Governor Frederick D. Gardner delivered the keynote address here this morning at the democratic state convention of which he was chosen temporary chairman. Governor Gardner endorsed the national administration, made a plea for adoption of the peace treaty and the covenant of the League of Nations without substantial alteration, declared for a small army and opposition to universal military training, condemned industrial courts, and extolled the record of the democratic state administration in Missouri.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness. Adv.

He suggested that the democratic national convention at San Francisco take action endorsing the League of Nations, "not objecting to any reasonable interpretation or reservation, but opposing a reservation (the Lodge reservation of article ten) that destroys the very keystone of the covenant."

He also advocated establishment of the budget system and other financial reforms.

Governor Gardner denounced the Lodge reservation to article ten of the covenant of the League of Nations as "cowardly."

"Unless America is willing to join a league bottomed upon solid rock," he said, "it would be far better to join no league at all. The heart of the league was destroyed to suit Senator Borah."

The record of the republican majority in congress was attacked, the governor declaring that the railroad bill was the only statute of importance passed by congress.

Compensation for former service men, either in the form of land grants, loans or cash bonus should be provided, Governor Gardner declared.
