

Charm-

That indefinable something called charm, for lack of a better definition—what is it? Health, personality, appearance—all these go far toward its making, but Charm is greater than any one!

Purola Toilet Preparations are real contributors toward Charm. For many years they have been compounded from finest ingredients. They are pure, beneficial, and soothing, as well as beautifying.

PUROLA ALMOND CREAM—one of the most favored toilet requisites—is a delightfully scented preparation to keep the skin soft, fine and beautiful. Use it for sunburn and chapped or irritated skin.

FORUM LUNCHEON HOTEL MEDFORD WEDNESDAY NOON

The regular Wednesday noon forum meeting will be held at the Medford hotel this week at which time the names of the permanent chairman and the four vice-chairmen will be announced. The board of directors of the Chamber of Commerce, as well as the members of the committee on committees have been working diligently in selecting members for committees which have as their duty investigation of plans as well as solving problems for the board and to make recommendations. It is thru the committee operation that the Chamber of Commerce will remain a democratic institution and thruout the year as many of the members as possible will be given certain tasks to perform as there will be problems presented.

At Wednesday's forum, either Col. Stevens or Lieut. Col. Brooks will address the members as to the present status of the United States army.

The members of the Chamber of Commerce should remember that a forum meeting will be held, every Wednesday noon at which time they may bring up any subject which in their opinion is of immediate importance for attention by the board of directors. They should also remember that it is a positive rule that luncheon will be served promptly at 12:10 p. m. and that the forum closes just as promptly at 1:15. No long drawn out affair will be tolerated.

Members are expected to bring out of town guests and it will be the duty of each member to introduce his guest. Traveling men are the best means of conveying the fact that you are alive to the outside world. Bring them with you.

The forum last week was the best attended of any so far held. A member's attendance record is being taken, so that at the end of the year it will be possible to state who has been the most regularly interested in Chamber of Commerce affairs.

This week the forum luncheon will be held at the Medford hotel.

PRICES WILL GO STILL HIGHER IS MERCHANTS VIEW

H. N. Moe returned last night from San Francisco, where he went to meet representatives of New York jobbing houses. The message that he brings back is anything but cheering, for he was told that prices are still going skyward," says the Klamath Falls Herald in an interview with the former well known Medford merchant.

"I was amazed at what I was told," said Mr. Moe in discussing the situation today. "I met a representative from Marshall Field, who is out here sizing up the situation. He is in touch with conditions all over the world and he frankly says that the top has not been reached and that no man living can tell when it will be. Cotton sold in New York the other day for \$1.49. This is the long fiber variety used in the manufacture of fine hosiery, fine underwear and the like. That means that stockings that we are now selling for fifty cents will go to a dollar, and everything else will follow suit. This high price for cotton is the result of the demand from the automobile tire manufacturers who use this class of cotton in the manufacture of tires. Big buyers of merchandise laid off buying last winter in hopes of forcing down prices, but it had no effect, and when they go back into the market again they will clean everything up in thirty days, and then there will be absolutely no merchandise to get. There is only one possible solution to it—more production and until we have that or a smash, there will be no change.

"One move now under way that should be nipped in the bud right now is the wearing of overalls. People who can afford to buy clothes have taken up this ridiculous fad, with the result that the workers who absolutely must have overalls will have to pay six, eight or ten dollars a pair for them. Why, they are making forty-dollar suits out of overall material. That shows where an ill-considered move will lead to. Let those who can afford to buy higher priced clothes buy them and leave the overalls for those whose occupations compel them to buy such apparel."

CORN SOARS AGAIN CHICAGO MARKET

CHICAGO, April 26.—Extraordinary soaring of prices in the grain markets today were accompanied by a renewal of speculative purchasing on a large scale. Rye led the way with a steep rise of 10 cents a bushel. Corn followed with an ascent of five

cents or more for all deliveries. Big export business of late in breadstuffs formed the basis of much of the buying and so too did continued unseasonable weather make an evident menace to production.

CHICAGO, April 26.—Before the day ended an extreme advance of 6 1/2¢ a bushel had been scored in the July delivery of corn, which touched \$1.66 1/2 with May \$1.73 1/2. Reports were current in the last part of the session that owing to the unusually sharp return in values British and French export interests had temporarily stopped buying.

BLISS NATIVE HERBS

LEE Tires

"SMILE AT MILES"

Gluttons for Punishment

Lee Tires ask no favors of the road.

On rough country roads their tough treads travel almost unharmed over sharp and jutting points that would tear the heart out of less sturdy tires. On paved streets and boulevards Lee Tires wear down surprisingly and pleasingly slow.

If you know how to make tires and none but the best would satisfy you, the Lee Tire is the kind you'd build.

So thoroughly good are Lee Tires that you'll get an entirely new idea of tire mileage and satisfaction from the first one you try. Let us show you why.

Medford, Ore.

WHAT BRAND OF FLOUR ARE YOU USING AND WHERE WAS IT MADE?

Are you spending your money at home or abroad?

Indifference on this point is not the true spirit of community building.

If we trade out of town and you trade out of town, what in the world will become of our town?

Insist that your grocer send you **VILMO FLOUR**, made at home from home-grown wheat.

Rogue Valley Milling Co.

TUBERCULOSIS IS DUE TO GLANDS OF NECK

That "70 per cent of the cases of tuberculosis are due to germs entering the glands of the neck by way of the throat," was the declaration of Dr. F. M. Downing of York, Pa., in a lecture before the Southern Oregon Osteopathic society, at the office of Dr. Bertha E. Sawyer of Ashland, Oregon, yesterday.

Dr. Downing is an officer of the National Osteopathic Research society, and has made a special study of facial neuralgia, which he explained was due to a lack of blood and nerve supply. He demonstrated his method of treatment to relieve the nerve pressure and stated that in many instances relief was afforded almost instantly.

Packed With Laughs.

The motion picture now playing at the Rialto theatre is declared to be a laughing cure for the blues as well as an inside tip to young wives who are suspicious of their equally young husbands. It's called "What's Your Husband Doing?" and features Doris May and Douglas MacLean, the two lively and attractive young players whom you saw in "23 1/2 Hours' Leave."

The story concerns a newlywed wife, played by Miss May, who suspicious of the scented notes received by her husband every morning and hearing the crest of a notoriously speedy roadhouse, "Honeysuckle Inn." The wife enlists a youthful lawyer in her behalf whose "better half" is in turn jealous of him and—well, there's amusing complications ensue and it all ends in a big police raid and explanations and a happy ending at the police court the next morning.

Your Ideal Wife.

What is your idea of what a wife ought to be? Do you like the pretty ones who make the men in the audience crane their necks when you escort her to the theatre, but who cannot scramble eggs or make drinkable coffee? Or do you prefer the domestic kind who keep your house spotless and are natural born cooks, but who always erect you in apron and dusting cap and are always too tired to go out evenings? "The Thirteenth Commandment," the picture in which Ethel Clayton is coming to the Liberty theatre tomorrow for three days, will tell you about still another type of wife. To describe her would spoil the pleasure you will derive from the picture.

ASPIRIN SHOULD BE TAKEN RIGHT

Bayer Company, who introduced Aspirin in 1900, give proper directions.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross." The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years. Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.
