SAGE AND SULPHUR. DARKENS GRAY HAIR It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness. Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowdays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of the famous old hair restorer, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful cologne requisite for those who desire dark hair, and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
