

BLUE LEDGE VOTE IS UNANIMOUS FOR HERB HOOVER

Jerry Jerome returned last night from a visit to the Blue Ledge mine with Sam Sandry and reports that there was tremendous excitement at Copper, Calif., which is the postoffice of the Blue Ledge district, over the primary election in California Tuesday which was not abated until all of Copper's eight votes were counted that night.

The voters were high-browed or benighted individuals, as you choose to regard them, for when the ballots were counted it was found that every son-of-a-gun had voted for Herb Hoover. Jerry vouches for the ballot counting being without the semblance of crookedness, for he assisted in the arduous task of tabulation.

However the Standard Oil plutocrat of Medford, who himself favors Leonard-Lowden-Harding-Johnson-Wood for president, explains that the Copper voters were all for Wood and against Johnson, and voted for Hoover as the best means of slamming Hiram.

PRICES IN JAPAN REDUCED HALF BY FINANCIAL PANIC

OSAKA, Japan, May 4.—Drapers here and at Kyoto today were advertising cheap sales to liquidate stocks, the leading cotton and silk piece goods wholesalers reducing prices fifty per cent.

Reports from weaving centers announce suspensions of work and state that some firms are permanently dismissing workers. The temporary closing of the factories is attributed to the weavers' desire to curtail production and keep prices from falling further says Reuters correspondent.

It is considered, the correspondent says, that if the present financial crisis is followed by a protracted period of depression, Japan will face for the first time a serious unemployment question which will aggravate the labor unrest.

A. E. KINNEY FOR COMMISSIONER

A. E. Kinney, who is before the voters at the coming primary May 21, as a candidate for nomination as the republican candidate for county commissioner, dates his residence in this county from back in the early nineties or more than 25 years ago. When he first came to southern Oregon, he engaged in the hardware business in Ashland in partnership with the late D. B. Provost, former mayor of Ashland. For a short time thereafter he successfully conducted a similar line of business at Redding, Calif. Returning to Oregon he purchased an interest in the oldest and largest dry goods and clothing house in Ashland which was conducted with entire success under the firm name of Beebe & Kinney until a few years ago when the members of the firm decided to retire from active mercantile business. The firm was heavily interested until less than a year ago in one of the large Medford mercantile establishments. Mr. Kinney's wife is a member of one of the pioneer families of the Rogue River valley, a daughter of the late Jacob Wagner, an early day member of the legislature and commissioner for Jackson county.

The friends of Mr. Kinney in proposing his candidacy for the important position of county commissioner, feel that he is qualified not only by business training but by years of experience in dealing with the public to administer the office with intelligence and ability, and to deal fairly with all interests and all sections of the county.

They feel that the reputation he has established for integrity and fair dealing in his own private business will certainly commend him as one in whom it is safe to impose such an important public trust. Adv.

To further the campaign now going on for a greater consumption of milk for Medford's children, the Chamber of Commerce members are expected to attend a luncheon at the Medford Hotel at noon on Saturday of this week. Representatives of the Greater Medford club as well as from the Parent-Teachers association will be in attendance. There will be a number of addresses upon the value of milk for child consumption by both men and women who have made this important subject a study.

There will be a Chamber of Commerce luncheon and all members of the organization are invited to attend. The usual luncheon hour rules will prevail and business men are assured that the same will close promptly at 1:15, so that no time will be taken from their regular business vocations.

A member of the Chamber of Commerce will preside and among the speakers will be Miss Pool, county demonstration agent, Professor Pitts of the Oregon Agricultural college, Mrs. Hill of Portland and several local speakers, providing time will permit.

Saturday is usually a very busy day for business men, but as the subject to be presented is of utmost importance to the childhood of Medford, a special effort should be made to attend the luncheon.
