

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," you will get this famous old preparation.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied.

Weyth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance.

Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strength and vitality.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening.

A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality.

It will also be the duty of the automobile camp ground committee to investigate and report a plan for permanent grounds.

At the forum next Wednesday, C. E. Gates will lead the discussion as to what a modern camp ground should consist of.

The recommendation of the forum relative to obtaining information as to the possibility of building a road to the Dead Indian Soda Springs was referred to a committee.

RAWLES MOORE TO LEAD CAMPAIGN FOR BOND ISSUE

At a meeting of the board of directors of the Chamber of Commerce held at headquarters yesterday afternoon, the recommendations of the forum were given consideration and responsibility for same accepted by the board.

The recommendation which was believed of immediate importance was that of the educational campaign for the five hundred thousand dollar county road bond issue, the state four per cent road bond limitation act and the higher educational bill.

The board considered it very important that something be done immediately in co-operation with the committee from the Greater Medford club for the improvement of the temporary automobile camp ground.

At the forum next Wednesday, C. E. Gates will lead the discussion as to what a modern camp ground should consist of and as Mr. Gates has made this subject an object of considerable study, his ideas will be most valuable to the committee as well as to the entire membership of the chamber.

ROAD TO DEAD INDIAN

The recommendation of the forum relative to obtaining information as to the possibility of building a road to the Dead Indian Soda Springs was referred to a committee, whose appointment was authorized by the board and consists of the following: H. C. Garnett, chairman; Hugh B. Rankin and George R. Lindley. This committee is to report upon the feasibility of building a road to these springs, what the cost of same would be, how the same could be financed and in fact every phase of the question, which ultimately would bring about a road to the springs.

EVERY EFFORT IS TO BE MADE

Every effort is to be made by all of the committees of the Chamber of Commerce to present reports of workable plans to bring about the desired results. This means the devotion of a great deal of time and effort on the part of the committees and upon their work alone depends the success of the Chamber of Commerce as being a factor in the community.

MILK LUNCHEON AT MEDFORD HOTEL

Arrangements are completed whereby a number of dishes to be served at the Chamber of Commerce luncheon tomorrow will be cooked in milk and milk will be the basis of some of the foods to be served. The luncheon will be held at the Medford Hotel at noon and every effort is being made to have it well attended. The Greater Medford club and the Parent-Teacher's association will be represented by a number of ladies at the luncheon. The campaign for greater consumption of milk for the Medford children is progressing with wonderful success and the same should have the hearty endorsement of the men of the community. The members of the Chamber of Commerce can show their appreciation by attending the luncheon on Saturday noon. Adjournment will be taken promptly at 1:15.

Doug Fairbanks at the Rialto

Douglas Fairbanks has always been a one, cleverly handled and in our favorite on the screen when it came to the real red-blooded, two-fisted manhood type of acting, and when we saw him yesterday at the Rialto theatre in his latest production "When the Clouds Roll By," we decided for once and all that no one will be able to take his place, for he accomplished something which was essentially impossible in our minds.

The theme of the picture is an un-

which "Doug" has many new stunts to do, which one would believe is impossible, since he has done nearly everything under the sun. The production is a stupendous one with one unusually enormous exterior set, a town, which is flooded, something that has never been accomplished before.

"Doug" will continue at the Rialto thru the remainder of the week.

REPUBLIC TRUCK IN RED CROSS WORK

It's your turn next." With this slogan the Alhambra California Chapter of the Red Cross notifies the inhabitants of every town from Los Angeles to San Francisco that they should do their bit toward bringing back to health the thousands of maimed and helpless American heroes cared for by Uncle Sam in the Letterman Hospital at the Presidio, San Francisco.

When the Red Cross flashed the word to its various chapters in southern California that the hospital needed fruit, the Alhambra-San Gabriel Chapter was the first to respond. That energetic branch of the Red Cross recently loaded a Model 11 Republic truck with 50 boxes of oranges, weighing 2 1/2 tons, and delivered the fruit over the inland route to the bay city.

Easily shouldering the overload, this Republic made the journey without incident, covering the 486 miles on an average of 14 1/2 miles to the gallon of gasoline and 180 miles to the gallon of oil.

"That economy record" said Harold L. Arnold, Republic Distributor of Los Angeles, "is quite the usual thing in reports which we get from Republic owners. We have hundreds of commercial concerns who are increasing their fleets of Republic trucks because they find that Republics are free from mechanical difficulties and combine economy with reliability, power and speed. That is the reason why the Republic factory is now the largest producer of commercial vehicles in the world. To attain that enviable position they build popular priced vehicles which are dependable under the most severe conditions of road and load." Adv.
