District Attorney Roberts received notification today that the state supreme court had denied the petition of William Butler for a rehearing of his case. Butler was found guilty in circuit court for the killing of Joseph McDonald Stewart in the Brownhorn section in the fall of 1917 and was sentenced to from one to 15 years in the penitentiary. Butler was refused a new trial and appealed the case to the supreme court which affirmed the decision of the lower court. He then petitioned for a rehearing of his case by the supreme court, which has just been denied, and which means that unless he is paroled or pardoned Butler will have to serve his sentence.
