

# 150 Shaves!

Every tube of Purola Shaving Cream contains the "makin's" for about 150 cool, satisfying shaves. Each particle of cream multiplies itself hundreds of times with water.

We waited years before we put out a "Purola" Shaving Cream. We were not satisfied to put the "Purola" name and guarantee on record until we had a cream that represented a real improvement.

Now, make this test! Take a several days growth of beard—those boasting of tough, wiry beards, especially invited. Use hot water and a pinch or so of Purola Shaving Cream. Sixty seconds of lathering and you'll have the face covered with the creamiest, softest lather a man could want. It'll retain its creaminess without replacing until you've been over the face, and leaves a comfortable, exhilarating impression that lasts long after you shave.

Get a tube at your druggist's. Try it tomorrow, and if Purola Cream doesn't do what we say, the trial is on us. That's our guarantee.

## MEDFORD FORGERS ARE APPREHENDED COLORADO TOWN

The month's check forging career of Mr. and Mrs. Dan Goodan of Medford, which started in this city a month ago, ended Saturday night with the arrest of Goodan at Eaton, Colorado. The same message telling of his arrest, stated that Mrs. Goodan would be under arrest there inside of a day, and further telegraphic information would be sent here by the sheriff at Greeley, Colorado.

Goodan was a well known auto truck driver, who was in the employ of Wiseman & Schieffelin, fuel and feed dealers and his downward career is said to have started with his marriage to Mabel Busby, who was well known in Medford, especially in police circles. While most of the bogus checks were in the name of Goodan and were passed by him, Mrs. Goodan is claimed, also passed some, including one on Kidd's shoe store, where she stated that she was the daughter of a Corvallis bank president. The Jackson county authorities profess to believe that she was the brains behind the bogus check career of her husband.

The worthless check career of Mr. and Mrs. Goodan started on Saturday night about a month ago, when they passed checks on the merchants of the city that night to the amount of between \$400 and \$500, all drawn on the First National Bank of Medford and for comparatively small amounts, mostly \$10 and \$15.

They left the city the same night for California and have been traveling, leaving behind them in a number of towns, a trail of bogus checks from \$10 to \$50, all drawn on the First National Bank. After leaving here they were next heard from about a week later at Fresno, where they passed a number of checks amounting to \$200. Next they were heard from at Pueblo where they passed several checks, and next at Colorado Springs where they worked off some more checks.

But their traveling check career was nipped in the bud last Saturday when Goodan presented a check for \$100 on the First National Bank at Eaton, Colo. Heretofore, the passing of checks in small sums was comparatively easy because no bank had taken the trouble to wire back here if the checks were good, but the \$100 check presented Saturday caused the bank to be extra careful and wire back to the First National bank here an inquiry as to whether the check was good.

The First National Bank at once communicated with Chief of Police Timothy as Sheriff Terrell could not be located, and after the chief had consulted with District Attorney Roberts he wired back to the Eaton bank that the check was worthless and for the bank to cause the arrests of Goodan and wife.

Sunday, the bank wired back that Goodan had been arrested Saturday night, and that Mrs. Goodan would be under arrest within 24 hours.

## SPARKS FROM THE WIRE

**TOLEDO, O.**—County Constantine Raehinsky, erstwhile nobleman of the royal court of Russia, has taken up overalls. The count, who list his fortune in the bolshevik revolution, is working as a laborer in a Toledo automobile factory "sorting and trucking." Some say Count Raehinsky plans to return to Russia to sell automobiles.

**MIAMI, Okla.**—Another stamp dance has been held by the Cherokee Indians near the hamlet of Murphy, around the Indian campfire, which has not been quenched for two score years. This is a watchfire of the Cherokees and is kept burning as a memorial to the "Great Spirit."

Not even Chief Charlie Tee Hee knows how many years ago the fire was started. B. G. Abernathy, a white man, says the fire was burning when he took up his residence in Murphy, 33 years ago.

**WINNIPEG, Man.**—The Indians, who were brought to Winnipeg from the far north to participate in the Hudson's Bay anniversary pageant, some of whom had never been in a large city before, when asked what they thought was the most wonderful thing witnessed here, declared it to be the bicycle.

**VANCOUVER, B. C.**—Two more \$1,000 ton steel steamers are to be built in Vancouver, according to word from Ottawa department of marine and fisheries. The Coughlan yards were awarded the contracts.

**WINNIPEG, Man.**—Emigration of ninety Jewish families from Winnipeg to Palestine is being arranged by two societies, "Hoiker" and "Hoelcusso." It was learned recently. The former has sent representatives to Palestine to purchase land, while the latter already owns \$30,000 worth.

Miss Arlene Normile arrived home today from having attended the Junior week end of the O. A. C. at Corvallis.

Dolores and Suarez and Winter Garden Girls in "The Passing Show" at Page theatre, Tuesday, June 1st.

## UNIVERSITY DEAN FAVORS FUND FOR WILLAMETTE "U"

Dean Morton of the University of Oregon, spoke Sunday morning in Medford at the First Methodist church in behalf of the \$100,000 fund which is being raised for Willamette university, the Methodist institution.

He explained that he was active in the interests of this great institution because the denominational institutions are the backbone of the Christian faith and the perpetuity of the Protestant churches is due to denominational institutions, as 92 per cent of the trained Christian workers are graduates of these schools.

Recently while talking to a fellow member of the Methodist church of which he is a member, the statement of the party was made that if the \$100,000 is raised, there is a donor ready to give \$1,000,000 to the Willamette. This so stirred Dean Morton that he concluded he would do what he could in the drive and Sunday being his own time explains his presence here in the interests of Willamette university at the request of Willamette officials.

On a recent visit to the Willamette campus, Dean Morton found that an effort is being made to preserve the outer walls of the main building built there which was gutted by fire last winter during the heavy snow. This building is one of the oldest historical institutions in Oregon being built by Jason Lee when Oregon was yet a territory. The plan is to remodel the interior into a modern affair, with part of the funds to be raised and to erect a new and adequate girls dormitory on the campus which is a most urgent need, together with other necessary improvements.

Something of the sacrificing and noble character of the instructors of Willamette was shown by the fact that during the period of the war, with one exception these instructors were receiving no larger salaries than from \$1200 to \$1400 yearly and yet they stood steadfastly by the institutions when other vocations would command much larger salaries.

He pleaded with the Methodists and Medford to do their all in behalf of Willamette which was not only in need of their support but most worthy of it. The campaign for this fund which is carried on by voluntary contributions, closes Wednesday. Local contributions can be made to O. C. Boggs at his office in the M. F. & H. building.

## WOMEN NEED NOT STAND IT

**Lydia E. Pinkham's Vegetable Compound Surely Removes Suffering and Pain. Here is Proof.**

St. Paul, Neb.—"I suffered with periodical pain for about four years so that I was unable to do my work at times. A friend told me about Lydia E. Pinkham's Vegetable Compound and I took it. It soon stopped all my suffering so that I am now feeling fine in every way. I recommend your medicine to my friends who have similar troubles. You may publish this letter for the benefit of other women."—Mrs. WILL THOMAS, St. Paul, Neb.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For forty years it has been the standard remedy for female ills, and has restored the health of thousands of women who now are free from suffering by its use.

## PROTECTION OF FORESTS TO BE FORUM SUBJECT

This being Forest Protection week, the Chamber of Commerce will take up the subject of protection of our forests against fire. The timber of this locality is of vital interest to the welfare and future prosperity of Medford and therefore it should be considered every man's duty to help protect it. It is not realized by many as to the value of forests which are tributary to our city and therefore Captain H. J. Eberly of the Forestry Service has been selected to tell us about our forests and to lead the discussion of this subject by the members of forum of the Chamber of Commerce next Wednesday noon, Holland Hotel cafe.

W. E. Crews, one of the vice-chairmen of the forum will preside and every member of the Chamber of Commerce interested in the lumber industry is expected to be present. A number of guests will be present next Wednesday and a most interesting meeting is looked forward to.

## PHOENIX CHURCH MEETING TUESDAY

The Congregational meeting of the Presbyterian church to be held at Clyde Hall, Phoenix tomorrow evening promises much of interest to those who attend. At 6:30 an elaborate supper (for it is always an elaborate supper when the ladies of Phoenix engage their hands in it) will be a la Red Cross style. Should there be any

who are unfamiliar with this method of service, they are advised to call up 3-F-13 for full particulars so as to insure themselves a complete meal when they arrive. It is expected that as soon as the report is over, Rev. Joseph W. Angell will find an excuse to absent himself while the slate is being made up and until all returns are in, at which time he will doubtless be escorted into the presence of the assembled multitude to hear the verdict.

Mrs. Perry A. Ashcraft of Ashland, underwent a major operation in the Dow hospital Saturday morning. She is doing nicely.

# Big Money in Wheat

## \$5 WHEAT COMING NEXT YEAR

SEATTLE, May 21.—Five dollar wheat may be expected before the crop of 1921 is harvested, Louis W. Hill, chairman of the board of directors of the Great Northern railroad said today on his arrival in Seattle from San Francisco.

"It isn't at all unreasonable to anticipate \$5 wheat next winter or at any event at some time before the end of the coming crop year," said Mr. Hill. "Wheat now is quoted at \$3.50 a bushel and it is well known that a crop shortage is in sight. It has been impossible for the farmers to get enough men to plant their crops and they will be hampered again because of lack of labor when the harvest begins. In some sections of the country weather conditions have been unfavorable."

—Medford Sun, May 23rd.

## Hearst's Magazine—a Liberal Education

Remorselessly he spread out the whole ugly story of her past From THE MASTER OF MAN, the new novel by HALL CAINE

THE two great novels of 1920—by Hall Caine and Blasco Ibanez—seven brilliant stories by Donn Byrne, Robert W. Chambers, Bruno Lessing, Dana Gatlin, Maurice Level and other great writers—interesting articles by Bernard Shaw, Conan Doyle, Edgar Mott Woolley, Senator Hiram Johnson and others—these are just a few of the good things in Hearst's for June.

IN this issue also are two remarkable anonymous contributions, "My Career of Crime," the life-story of an outlaw, and "Down the Dark Lane" the confessions of a drug addict; humorous features by Walt Mason, K. C. B. and B. L. T. and Hearst's five regular monthly departments—the Book, Poem, Play, Art and Science of the Month.

IF you are easily satisfied—if you aren't always on the lookout for a better magazine—you won't want Hearst's this month or any other. But if you really want the words of the world's great writers, the words of the world's great thinkers—don't fail to make sure each month—starting today with the June number—of your copy of

## LADIES!

There is a new and radically different way to remove hair. A scientifically correct, superior toilet preparation; dainty, exquisite, harmless; that meets the most exacting requirements of gentlewomen.

This remarkable preparation is called NEEET. And it leaves the many old methods, against which there has always been so strong a prejudice, definitely without place.

That is because in the discovery of NEEET, Science finally solved the problem of removing hair without irritation, without injury, and without encouraging further growth!
