

CAPT. H. J. EBERLY FORUM SPEAKER WEDNESDAY NOON

At the Forum luncheon of the Chamber of Commerce to be held at the Holland tomorrow noon, the subject of "Forest Protection" will be presented by Capt. H. J. Eberly of the forestry department. W. E. Crow will be chairman of the Forum.

This week being designated as Forest Protection week, the subject to be presented is one that is timely and of special interest to this locality. The future prosperity of the city of Medford depends upon the protection which we give to our forests against fires and therefore it is the duty of every man, whether he be interested in timber or not, to endeavor to be of assistance to save our forests against destruction. There are so many campers who are careless in the building of fires, that it becomes necessary for each resident of this district to be a self appointed watchman and guard against any loss by those who through carelessness may jeopardize the welfare of this city.

During this week, every school child will be told of the need of forest protection and an obligation placed upon each to assist against leaving camp fires without their having been put out either by water or by covering same with dirt. There have been prizes offered for the best slogan and a number of very good ones were submitted. The first prize was awarded to Miss Esther Healy of Portland, whose offering was:

Lumber, fuel, beauty, joy—
Forests furnish; fires destroy.
The second award was made to Miss Kee Buchanan of Ashland who submitted the following: "Everybody's scenery and timber, save yours from fire."

The regular rules and regulations will be in force for the luncheon which calls for assembly of the members in the Holland lobby at noon. Luncheon will be served at twelve-ten and adjournment will be taken at one-fifteen. Members of the Chamber of Commerce should endeavor to bring out of town guests.

MAYOR GATES IS WITNESS BEFORE SUGAR BOARD

A big feature of the federal trade commission hearing in Medford against the Utah-Idaho Sugar company on the charge of conspiracy in restraint of trade and unfair competition is to bring out facts to refute testimony given at the Salt Lake hearing by company witnesses to the effect that the Rogue River valley was an arid waste and that no sugar beets could be grown in the valley except on trees.

Another feature is to bring out all the facts as to why the sugar beet factory of the company was located at Grants Pass instead of Medford, and eventually dismantled and moved to Toppenish, Wash., because the company claimed not enough beets could be grown in the valley, and still another feature is to ascertain all the facts concerning George E. Sanders' connection with having the factory located at Grants Pass.

Only the witnesses against the company will be examined at the hearing here which will be on several days, but the company's attorneys will vigorously cross examine. One reason for the hearing here is to link up Sanders' testimony which was given at Salt Lake, and which was to have been resumed here. However, Mr. Sanders will not be here for the hearing on account of illness. It is understood, his attorney, A. E. Reames, is reported to be called as a witness, and Sanders' testimony will be resumed at Salt Lake.

Judge Joe J. Dunham, examiner for the Federal Trade commission, is presiding at the hearing, with Henry Ward Beer of Washington, special attorney, representing the commission, together with Attorney W. M. Shaw of Denver, his assistant.

The Utah-Idaho Sugar company is represented by a battery of attorneys who are Judge W. N. Straub, of Salt Lake City, former judge of the Utah supreme court, R. W. Young of Salt Lake City, C. M. Thomas of Medford and H. D. Norton of Grants Pass. Merrill Nibley of Salt Lake City, general manager of the company, and Alexander Nibley of Portland, former manager of the company in the Rogue River valley, are here at the trial table prompting the company's attorneys.

The Amalgamated Sugar company of Ogden and E. R. Wooley, A. B. Cooper and E. F. Cullen, as individuals who figured in the Utah sugar situation are also named in the same indictment charging unfair competition and conspiracy in restraint of trade, but the local hearing pertains to the Utah-Idaho company affairs.

It is understood Mayor C. E. Gates was one of the witnesses to be called this afternoon and that his testimony would be somewhat sensational as to why the sugar factory was located at Grants Pass instead of Medford.

The first witness of the hearing was George Sabin, the well known Grants Pass druggist, who was one of the chamber of commerce special committee of that city to work for the location of the beet sugar factory there. Mr. Sabin testified that after the company had decided to locate the factory at Grants Pass, Mr. Austin, field expert of the company, arrived to select the factory site, and after looking over the ground hastily ridiculed the decision to locate the factory at Grants Pass, and declared the vicinity was not sugar beet land, and that even trees could not be grown in that section. However on making a more thorough investigation of the territory, he changed his mind. Mr. Sabin said, and looked at the factory location with more favor.

Mr. Sabin testified as to the preliminary work preceding the location of the factory at Grants Pass, as to the character of soils, beet growing experiments, soliciting of acreage, contracts, meetings with company officials and general meetings, and as to Sanders' connection. He was vigorously questioned by Judge Straub, and was still on the stand when court adjourned at 12:30 p. m. for one hour.

MARTIAL LAW IN OKLAHOMA CO.

OKLAHOMA CITY, Okla., May 25.—Governor J. B. A. Robertson was asked today by John A. Whitehurst, president of the state board of agriculture, to declare martial law in a district of Sequoyah county.

Mr. Whitehurst, who returned today from Sequoyah county, after investigating the destruction recently of several cattle dipping vats, declared the farmers in three townships of the county were "in open defiance of the law," relative to dipping cattle for the eradication of ticks.

She Feels Fine Now
Aches and pains often indicate kidneys out of order. Your kidneys surely need help—and quickly—when your hands and feet are swollen and you feel dull and sluggish, lose your appetite and your energy and there is a puffy look under the eyes. Mrs. L. Gibson, 12th and Edison St., LaJunta, Colo., writes: "My kidneys were giving me a great deal of trouble for some time. I took Foley Kidney Pills and they helped me right away. I feel fine now." STANDARD OIL CO. ANNOUNCES GAS SCHEDULE

In the interests of the public welfare, and owing to the shortage of gasoline, the Standard Oil, through its local agent, W. E. Walker, has announced the following restrictions in the sale thereof:

Pleasure cars, with three gallons in tank, five gallons over three gallons in tank, no sale made.

Gasoline driven vehicles engaged in farm and commercial business, no restriction.

Physicians, amount needed, without restriction.

The restrictions became effective Tuesday noon, and are general throughout the nation.

It is expected that the issuing of gasoline will be barred from pleasure cars entirely, unless the supply is increased.

No ban is placed upon gasoline for motors used in carrying on the business of the community. The Standard Oil company of Medford serves 42 trucks engaged in road building, logging, and orchard work, 34 tractors employed in the fields and the orchards and trucks engaged in the carrying on of the city's business. Physicians are allowed amounts needed for their work.

"The order is due to the alarming shortage in gasoline," said Mr. Walker, local agent of the Standard Oil, "and affects only pleasure cars. Gasoline driven vehicles engaged in vital pursuits, particularly farming, are not affected by the restrictions. The industry of the land must be kept going. The public will accept the new order in the spirit in which it is given, and by confining their gasoline usage to the amount apportioned, will be aiding alike themselves and the industrial future of the land."

Mr. Walker said he did not know how long the order would be in effect, but owing to the seriousness of the situation, said the restrictions would be general, in a very short time.

The Standard Oil requests the cooperation of all citizens, and promises a return to the normal supply as soon as practical.

NO CORPORATIONS CONTRIBUTED TO HOOVER CAMPAIGN

WASHINGTON, May 25.—Expenditures of \$66,332, exclusive of the California primary expense, have been made in the campaign of Herbert Hoover for the republican presidential nomination. John F. Lucey, manager for Mr. Hoover, testified today in the senate investigation. Total receipts were placed at \$62,185.

Senator Reed, Missouri, questioned Mr. Lucey and he asked as to Mr. Hoover's residence. Mr. Lucey refused to coincide with the senator's suggestion that Mr. Hoover's real residence was London, England.

"I can give you all the figures but those in the California campaign," Mr. Lucey said.

Mr. Lucey told of the organization of the Hoover national republican club "to act as a clearing house for the Hoover clubs that had grown up in various parts of the United States" but said Mr. Hoover took no part in the step.

The witness said no individual had contributed more than \$1000 and that no corporation had contributed anything.

Expenditures for printing and publicity were placed by the witness at \$30,933; for salaries \$13,803; on the Chicago convention committee \$2000 and on Hoover clubs in Washington state \$2000. While \$14,000 had been borrowed to meet expenses, there was \$9,852 cash on hand but a deficit not covered by contributions was noted at \$4147.

Chairman Kenyon asked for the names of campaign fund contributors. Mr. Lucey called in M. W. Thompson, public accountant.

Reading from records, Thompson named 26 New York individuals who had contributed \$1000 each.

S. M. Evans, Baltimore; W. O. Thompson, Chicago; J. S. Cullinan, Houston, Texas; B. H. Lang, St. Louis; George H. Warrington, Cincinnati, and V. H. Ginder, Duluth, also gave \$1000 each.

ECONOMY FOR INDIVIDUAL IS AMERICA'S NEED

WASHINGTON, May 25.—Economy in individual expenditures, reduction of non-essential loans by banks, increased production and improved transportation, are needed to reduce the cost of living and deflate credits, Governor Harding of the federal reserve board declared today in responding to a senate resolution of inquiry.

Discriminations as to what are essential and non-essential loans, Governor Harding stated, is a problem for local bankers familiar with local needs.

Governor Harding's letter came in response to the resolution of Senator McCormick, republican, Illinois, requesting information regarding what steps the board contemplated "to meet the existing inflation of currency and credits and consequent high prices," and what measures were proposed to mobilize credits for movement of the 1920 crop.

"The average reserves of federal reserve banks are now a little over 42 1/2 per cent," he added, "as against 45 per cent at the beginning of the year and about 51 per cent twelve months ago."

DEPENDS ON GOOD CHEER TO WIN OLYMPIC GAMES

PHILADELPHIA—Lawson Robertson, coach of the University of Pennsylvania track team, in announcing his training rules for the present season, urges his athletes to make the Olympic Games the goal of their athletic aspirations.

"Every man has the highest obtainable athletic honor before him," he says. "This is to represent the United States in the Olympics. It means no little sacrifice, but the men who are willing to forego the pleasures of social life and attend strictly to the tasks imposed by the coaches have 75 per cent of success in their grasp. The other 25 per cent is athletic ability."

"Every man must train himself and the 'Honor System' will be used. Smoking is prohibited for athletes and for visiting friends. Every athlete must be in bed at 10:45 p. m., and there is to be no unnecessary noise after 10:15.

"Eat slowly and chew your food well. A small portion of food well chewed is worth double the amount bolted. Don't drink water after exercising or before meals. Two days before and on the day of competition, the rations will be cut in half. Try to go to sleep at a definite hour and lie in bed ten minutes after awakening before arising."

"Try to be cheerful. Cheerfulness is next to Godliness. A sulky athlete never won a championship. Remember that training is regularity."

A Good Neighbor

Barbara Eaton was plainly upset about something. For it was unusual for Barbara to scowl.

"She had baked a cake to take over to the Randall—the bride and groom who had moved next door. And the cake had been a failure!"

"There's no use," she thought hopelessly. "I just can't bake. I've never made a decent cake in my life." With a smothered sigh she ran over to the next house.

"Mrs. Eaton—your next-door neighbor," she explained cheerfully to the sweet-looking bride. "I just ran over to see if I could do anything to help you. In a few minutes they were chatting away with friends. As Barbara was leaving, she said apologetically, 'Mrs. Randall, I baked a cake to bring over to you—but it was a failure. I do get so discouraged sometimes, for Alan loves home-made cake.'"

"Mrs. Randall interrupted. 'But do you use Tyson?' she asked, 'and the Tyson Baking Book? Wait a minute, I'm going to get mine for you.' She returned, thrusting a book and a can of Tyson into Mrs. Eaton's hands. 'Try these,' she said, 'following exactly the recipes particularly in regard to level measurements, and you'll never have any more trouble. Let me know how you make out!'"

"Alan later in the evening as he helped himself to his second piece of chocolate cake. 'And to think that I could ever make such wonderful cake as this—why, it seems too good to be true.'"

The new Tyson Baking Book (original price \$1.00), containing 250 practical recipes, will be mailed, postpaid, upon receipt of 20 cents in stamps or coin. Or if you will purchase two or more pounds of Tyson at once from your grocer, sending us his name and address promptly, we will mail you a Tyson Baking Book free. General Chemical Co., Food Department, 42 Broad St., New York, N. Y.

BIG DEMAND FOR SEATS AT PASSING SHOW JUNE 1ST

Owing to the avalanche of mail orders, which is absolutely unprecedented, seats for the big "Passing Show" will be placed on sale four days in advance of the regular day. It comes to Medford Tuesday night, June 1, directly after four record-breaking weeks in San Francisco.

So large is the company and production that a special train of 15 cars is necessary to transport it. No Winter Garden show of the 42 so far produced by that famed temple of amusement has attained the great popularity of this "Passing Show." This tremendously large and entertaining mirth and melody melange broke all records in Chicago for length and run and amount of business. Since then it has played return engagements in Boston, Philadelphia, Detroit, Cincinnati, Pittsburgh, and other large cities to absolute capacity, selling out at every performance for the entire week.

Census Returns

WASHINGTON, May 25.—Duluth, Minn., 98,917, increase 20,451 or 26.1 per cent.
Columbia, Pa., 19,836, decrease 618, or 5.4 per cent.
Mount Carmel, Pa., 17,469, decrease 63 or .4 per cent.

GAIN WEIGHT AND STRENGTH

With Bithro-Phosphate On \$300 Guarantee.

NEW YORK. If you are feeling run-down, weak, nervous, tired-in-the-morning, and generally ailing, these are the symptoms that should warn you to take care of your health. Four persons in every ten are needing more phosphorus in their bodies. When you see thin and fretful people; or those who are anemic, pale, frail, off dependent or lacking in energy, you may look for the need of certain elements that make for a strong constitution.

Some people, after relying upon preparations composed chiefly of salts, quinine, drastic drugs, iron, calomel, cod-liver oil, etc., wonder why they find no benefit. That is easily explained by the fact that such persons need the phosphoric element, which is a most potent essential to health, and contained in BITRO-PHOSPHATE, the famous health preparation—now obtainable everywhere.

The right thing for you to do is make a trial of BITRO-PHOSPHATE beginning at once. It is not a patent medicine; the formula is prescribed by many physicians for the ailments and weaknesses mentioned above.

With every box of BITRO-PHOSPHATE, are a few simple health rules and a \$300 guarantee. Buy a box of BITRO-PHOSPHATE. It is sold and recommended by all good druggists everywhere. Adv.
