### FAR EAST THUGS ROB AMERICANS

SAN FRANCISCO, May 31.—After having been slashed by Malay bandits, pursued by Buddhist fanatics and robbed of their last penny, Henry G. Roth, a cartoonist, and George Wortz, magazine writer, arrived here from the far east recently. At Rangoon the Americans attempted to enter a Buddhist temple without removing their shoes. They said they were thrown out and a Briton in the party had his nose slashed off. Malay bandits at Singapore held them up and Roth was slashed with a Malay kris, his chin being cut to the bone. At Saigon on a French steamer their stateroom was robbed and money and sapphires valued at \$10,000 taken, leaving them "broke."

**SEATTLE, May 31.**—Seattle's Memorial day program contained many impressive ceremonies, beginning with an imposing parade of war veterans, patriotic, military and fraternal organizations in the morning and concluding at sunset with the strewing of flowers on the waters of Puget Sound in honor of the nation's gallor dead.

The program included memorial services at the First Presbyterian church with Walter F. Meier as speaker; a luncheon given by the Elks in honor of war veterans and a pilgrimage to local cemeteries in the afternoon when the graves of soldier and sailor dead were appropriately decorated.

Shopkeepers closed their doors and comparatively few were seen on the streets. Streetcars running to the cemeteries bore hundreds of families carrying their lunches, prepared to spend the beautiful summer day beside the last resting place of those they mourn.

### HATHAWAY IS FOR CLOSING ROGUE TO SEINE FISHERMEN

The following letter from T. H. E. Hathaway, well known former Medford resident to Joe Brown, will be of interest to the people of the valley, particularly the sportsmen:

"Friend Joe:  
"I certainly was surprised to hear from you, but nevertheless was mighty glad to hear from an old friend. I hear from Medford occasionally and meet people who have been there for various reasons. I hope to be back there again some day, as I have not known or heard of a place I like as well. I hear the city is picking up again. What did the census returns show? I am planning away and hope to make some money in the next year or so.

"I am very busy at the store, but Joe, they don't have any such fishing in this part of the world as you have there. If the people out there only knew what good fishing in the Rogue meant, they would close it to commercial fishing at once, as many wealthy people from here and the east would go there and spend thousands of dollars. If good fishing could be assured, it would mean more than I can tell to the whole valley. You people out there don't realize how rich people will spend their money for what they want. Think of a man spending from fifty to a hundred dollars for a fly rod, twenty to fifty dollars for a fly reel, eight to twelve dollars for a trout basket, fifty to a hundred dollars for a fishing suit, which does not include \$27.50 for a pair of waders, and when they go fishing they want all the comforts and are willing to pay for them.

"Many men would spend from one to two thousand dollars for a few weeks fishing such as the Rogue could offer if the river was closed to nets absolutely. You see, I wish nothing but good to the valley and would like to see it have a place on the map as it ought to have, and Medford is the logical city for people to go to. Good fishing would help all kinds of business. People would locate there for at least part of the year. Money makes the mare go today just the same as it used to do. Let me hear from you soon.

"Yours Truly  
"THOS. H. E. HATHAWAY."
