Editorial Correspondence

Overland Limited, en route, San Francisco to Chicago, May 30.

The Overland Limited is limited all right, limited to the children of Israel, and Johnson delegates to the Chicago convention. The former win on numbers, the latter on noise.

The Synagogues must have let out early today for all their congregations were at the station, more outside of the train than in, but enough in both places. And they were all waving good-bye, horizontally, vertically and tearfully. So many family disruptions never have been witnessed since Noah left the Ark. There was one Jewish pugilist in particular, very drowsy young man, with a fat nose, black, curly hair and a curious watch chain of seed pearls and near platinum, running diagonally over the third piece of a snappy suit of olive green flannel. The watch chain, one surmised, had formerly been the neck chain of the lady who was departing. If so, she had long since abandoned all concern in its survival. For, though I know nothing about Abey's fistie abilities, when it comes to chenching Abey is the lightweight champion!

But at last the train started with the Johnson delegation, only three of them thus far, smoking fat cigars on the back platform. The trio matched the cigars, all strangers since halibut to mal-nutrition. But there was nothing roughneck about them. In fact, one had all the makings of a man of wealth and education. At any rate he confided to the unattended Henna haired beauty at his side that he paid \$18 for his shoes and was a famous athlete at college. A gold medal on the end of a watch chain was presented to substantiate this latter statement. The other two were not so well tailored outside, but they gave every indica-

tion of being fully up to par inside. In fact, they smoked enough cigars between San Francisco and Nevada to kill a regiment of ordinary human beings, while the heaviest one chewed fine cut between times.

If noise, pure, undiluted verbal violence, is going to win the republican nomination, then Johnson is as certain of going to the White House as Debe is of going to Blazes. We wonder these three men could not it over themselves, unassisted. And it is not idle patter. It's good stuff. —facts, figures, data, diets, left, right, upside and down, inside and out, over bridges and under them, into tunnels and out of them.—Hiram! Hiram! Hiram! And for their own edification apparently, but if anyone gets to Chicago without knowing that Hiram is the best friend of the common people, the most hated foe of privilege, and this is the List Motif of the entire performance—the great and only native son of the great and only California—who for the first time since Balboa discovered the Pacific, can bring the White House to the Golden Gate,—then they better take a taxi from the train to an aurist. Their hearing is in danger.

State pride,—there is the answer to the California primaries,—the marvel is Hoover bagged any votes at all.

But, this is 8 p. m., and the election on the back platform is dwindling in volume. Perhaps it was a too hearty dinner. Perhaps its distance between here and San Francisco, for something tells us that the Johnson enthusiasm grows in inverse proportion to the mileage of the Overland Limited, going east.

I would analyze further, but the elderly woman opposite laid down her knitting and started a conversation on the Red Peri in America. To quote the immortal phrase of Eagle Point "More Amen".

Ye Smudge Pot

By Arthur Perry

"Active Democrats of Oregon," one reads in the Bend Times, "plan to carry the state for the party nominee," and, if they succeed, they will not alone be active, but agile, acrobatic, and adroit.

Dave Wood, who likes to tease people, can lay off the rough stuff until he figures out what relation Goliath Knott of Humbur, Cal., bears to him.

It is too bad that Assistant Secretary of Labor Post can not be sent to Russia, where he can find company for his thoughts and his whiskey. Attorney General Palmer testified before the senate that he was "self-willed and autoeratic"—a form of bullheadedness in Washington, D. C., not confined entirely to his own dear self.

"Wanted—A female, not over 39 years, for housekeeper. Phone 453 Malin" (Want Ad SF Bulletin). A brutally candid advertiser.

One of the favorite tricks of beanery cooks is to call soup of no particular origin, "Puree of Peas, ala Jackson," there being everything but peas implicated in its manufacture.

The son of H. Johnson is on the ground at Chicago, presumably to assist in the family bawling, when his pa is "robbed."

The English report on the Armenian situation, says in one paragraph that there is "ample flour on hand." The English do not know that the Armenians are too busy starving to bake bread.

Congressman Hough of Alabama urges the oil interests "to put oil upon the waters, for industrial happiness." The advice is good but dangerous, and those addressed are liable to get water in the oil, instead of oil upon the waters.

Annunzio, the "mad poet," is madder than ever. The premier of Italy says he is crazy.

Room is scarce at San Francisco for the Dem. convention which means that Colonel Mims will have to leave his \$36, 8 quart, 38 inches across the beam, plantation hat to home.

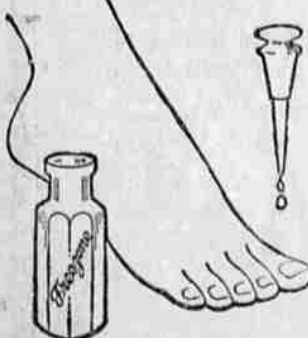

Got Good Results

This honest, straight forward letter from a woman who has suffered should be heeded by all afflicted with backache, rheumatic pains, sore muscles, awful tired feeling and other symptoms of kidney and bladder trouble: "I have got such good results from Foley Kidney Pills that I can sleep much better and the pain in my back and sides is a good lot better. I am going to keep on taking them." Mrs. Chas. Gray, 270 6th St., Detroit, Mich. For sale by Medford Pharmacy. Adv.

Miss Leah Walther has returned home from a several weeks visit in northern California.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!
