NAVY'S FUTURE IN REALM OF NEW: DANIELS

ANNAPOLIS, Md., June 3.—Upon the spirit and will of its officers to cast off "slavery to tradition" and venture into the realm of things new and untried depends the future strength and efficiency of the American navy, Secretary Daniels told the graduating class of midshipmen at the naval academy here today in presenting diplomas to its 289 members.

"To some men tradition is a taskmaster, a hard rule, a beaten path," the secretary declared. "To others it is a star in the firmament, a light to the pathway; wings on which to mount for clearer vision and wiser action, to win the goal, not by precedent or rule, but by an illumination that is spirit and not deed.

"No two wars were ever won by the same tactics and a few by the same weapons. The military leader of the future may navigate his ships by radio and the day may even come when all his fighting craft may be 'airy navies battling in the central blue.

"The American tradition of boldness and audacity," the speaker continued, enforced by world war achievement, will save you from the danger of slavish adherence to tradition or precedent in method, while heartening you with the girding realization that the tradition of daring and audacity is bounded by no limits or posibilities or miracles."

A Prominent Druggist Testifies

Redondo Beach, Calif.—"I wish to call attention to my experience in the sale of Dr. Pierce's Anuric Tablets. I have never sold an article that has given such universal satisfaction. It seems that every bottle sold sells another. I am very much inclined, like most druggists of today, to sell the 'long shot' stuff at a greater profit, or something 'just as good,' but in suggesting Anuric for uric acid and rheumatism I consider I have not only created business along that line but have gained the confidence of the public which more than repays me for my interest and suggestion, together with the satisfaction I get from having an article that I can place with perfect confidence. Nothing would please me more than to be able to introduce Anuric to the world for the benefit of all mankind. However, I have to content myself by simply calling attention to the satisfactory results that follow as reported to me by the individuals, extending their thanks."—C. D. KNOX.

Many of Your Neighbors Can Say the Same

Tuolumne, Calif.:—"My back gave me considerable trouble, which I thought was due to kidney disease. After taking four packages of Dr. Pierce's Anuric (anti-uric-acid) Tablets I was fully recovered. I consider it a wonderful medicine, I also use Dr. Pierce's Pleasant Pellets whenever I am bilious, and they give immediate relief. I consider them a great medicine."—WM. H. BOSCH.
