

FINAL TRIBUTES PAID COL. MIMS TO SHIP BODY

The public funeral of the late postmaster of Medford, Colonel George P. Mims, was being held in the Elks temple this afternoon, with the Elks lodge in charge, as The Mail Tribune was going to press. The remains lay in state in the temple from 2 to 2:30 p. m., and many people called to take a last look at the well-known departed citizen.

This evening the remains will be expressed to Newport, Tenn., Colonel Mims' former home, accompanied by his youngest daughter, Miss Kathleen Mims of Spokane. Among the floral pieces was a beautiful large pillow of carnations with a base of sweet peas, which was the tribute from the Medford postoffice employees.

Assistant Postmaster Warner had wired to the postoffice department at Washington for permission to close the postoffice during the hour of the funeral, to enable the employees to attend, but as no response had been received up to 2:30 p. m., the office remained open.

Perey Mims, for whom a long-distance and telegraph search had been made along the sea coast ever since the sudden death of Colonel Mims, was finally located at Eureka, Calif., yesterday afternoon, in which city he had just arrived on an auto trip through to San Francisco from Crescent City. He called on Assistant Postmaster Warner by long distance phone and declared that he would start at once by auto for Medford and by driving continuously and all night he would surely reach this city in time for the funeral.

He had reached Grants Pass at 12:30 this noon, where he stopped to get shaved and cleaned up, and expected to arrive in Medford by 2 or 2:30 this afternoon. In his race here in time for the funeral he drove from Crescent City to Grants Pass in six hours.

CAL.-ORE. POWER COMPANY WILL RE-ORGANIZE

In order to obtain money necessary for improvements and extension of the bondholders of the California-Oregon Power company, meeting in San Francisco on May 21, presented a plan for the reorganization of the company. This plan has been adopted by the signatures of a majority of the committee and a copy thereof has been mailed to each depositor. Bonds of the face value of \$4,319,000 of the total outstanding issue of \$4,442,000 have been deposited with the Mercantile Trust company of San Francisco.

The plans may be summarized by stating that the holders of the 5 percent bonds of the company, maturing in 1952 will become the owners of the properties, subject to a small issue of underlying bonds, and that the present common stock will be eliminated.

In outlining this plan the committee reports that to date \$4,319,000 of the total outstanding issue of \$4,442,000 California-Oregon Power company 5 percent bonds have been deposited with the Mercantile Trust company under the provisions of the trust agreement, hence it follows that the reorganization plan will be carried into effect.

To accomplish the reorganization a new corporation is to be organized to acquire the properties and assume the liabilities of the present company, other than the 5 percent bonds, which will be used to effect the purchase of the property.

The present holders of the 5 percent bonds will receive stock in the new company in exchange for their bonds in the amount of \$500 of new preferred stock and \$1000 of common stock for each \$1000 bond, plus unpaid coupons.

Value of the company's properties is placed at \$2,985,612 in Oregon and \$4,329,240 in California, with the Dunsuir water property, valuation not yet approved by the railroad commission, of \$127,314.

Since June, 1919, the company's net revenues have been over \$40,000 monthly, and an increase should result after re-organization. Monthly net revenues for the current year are more than last year, and it is estimated that net earnings for 1920 will total \$489,000.

The re-organization committee comprises W. L. Brobeck, J. W. Churchill, J. A. Donohoe, J. D. Grant, C. de Guigne, A. S. Holmes, Joseph Hyman, I. Kahn, J. Henry Meyer, John D. McKee and A. J. Rosborough.

With the advent of the month of June, a raise in municipal water rates went into effect as far as general privileges are concerned, the increase being fifty cents per month on premises not exceeding 10,000 square feet in extent, and one dollar per month where the area exceeds the dimensions stated. For instance, where a householder formerly paid \$1.20 per month flat rate, he is now required to pay \$1.70 per month. Merely add fifty cents or one dollar per month to the amount heretofore paid, except in the case of acreage irrigation, where a sliding scale as to area governs the situation. After all, "the high cost of water" is one of the cheapest utilities which we enjoy.

Bids on Pacific highway work, including the extensive unit between Ashland and the California line, imply the laying of a three-inch bituminous base to the extent of 97,900 square yards and 7600 batches, a heavier base than was heretofore contemplated.

As the protegee of a wealthy family residing in Hawaii, she has been invited to join them in a trip to the orient, the itinerary of which will include China, Japan and the Dutch East Indies, the tour to be a leisurely one, as the party will be gone five months or longer, leaving Honolulu in August.

A carelessly thrown cigarette stub or match set fire to an old stump near the bridge crossing Elk creek just above the Rogue Elk hotel. When discovered the fire had spread catching an old tree and the bridge itself had just started to burn. The fire was started and was burning fiercely within fifteen minutes time. EAGLE POINT EAGLETS

Saturday afternoon after I had written and mailed my letter to the Mail Tribune, Thomas Carlton and wife and his brother Herb were business callers in our village.

J. Wattenberg and son who are managing the Joe Rader farm on Antelope were business callers Saturday afternoon.

Sunday morning was one of those lovely cool mornings such as makes one feel thankful that we are here instead of in the middlewest where one can swelter with the heat on the one hand and shiver with the cold on the other, and early in the morning we could see and hear the autos rushing thru town for the different camping places along the streams and highways, bent on having a good time fishing, or romping thru the woods,—in fact there was quite a number of the citizens of our larger towns and cities passed thru here Saturday afternoon on their way to the hills to have a two days outing, having their tents, beds and bedding along, and when they began to come back Sunday evening and Monday morning told of what a fine time they had had.

There was not the usual crowd here for dinner Sunday owing perhaps to the fact that the Elks of Medford were having about their first picnic dinner on their new Elks resort on the banks of Rogue river, where it was expected that all of the Elks and She Elks, Jenny Elks and Elkets without reference to age, color or for condition in life were urgently invited to attend, and the invitation had been extended thru the columns of the Mail Tribune so that almost every body in the county, and northern California and southern Oregon had perfect knowledge of the fact that they were expected to be on hand and join in the pleasures of an old fashioned picnic, and then another reason perhaps was that Sunday was Memorial day and hundreds were engaged in paying tribute to the loved ones who had gone before.

But there were a few who in connection with some of those duties and pleasures already referred to, added visiting the Sunnyside and partaking of a good chicken dinner to the list. Among those who were here for dinner were Mr. and Mrs. Karl Knapp, Mrs. L. Hall and daughter Bertie, and son Eddie B. Hall, Gus the Tailor and wife, Mr. and Mrs. N. G. Morrill and daughter Floss of Medford, Mr. and Mrs. Roy Ashpole, John W. Smith, wife and two children, James Donehue of Medford, Mr. Donehue was the guest of one of our regular boarders, old time acquaintances in the old states.

PUT SUGAR ON WAR RATION TO CONFECTIONERS AND CAFE, LATEST PLAN

NEW YORK, June 5.—A joint distribution committee to ration sugar to confectioners throughout the country will be formed here within two weeks, Armin W. Riley, special assistant to Attorney General Palmer announced today. Characterizing the sugar situation in the United States as more critical than at any time during the war, Mr. Riley said an effort would be made to have bankers economize and to have hotels and restaurants ration sugar to their patrons. Mr. Riley's statement concerning creation of a distribution committee was made after a conference here today with a committee of six appointed by the National Confectioners' association at its recent convention in St. Paul. The new committee will comprise representatives, confectioners and soft drink and ice cream manufacturers and will operate under the direct supervision of the government flying squadron of profiteer hunters, Dr. Riley said.
