PITTSBURGH MAN NAMED OFFICER FRUIT EXCHANGE

Announcement is made by Reginald H. Parsons, president of the Northwestern Fruit Exchange, of the election of John A. Meade of Pittsburg as vice-president. Mr. Meade arrived in Seattle Saturday accompanied by his family. He will make his home in Seattle henceforward, assuming his new duties immediately. Commenting on the appointment, Mr. Parsons said:

"The creation of a new vice-president and the election of Mr. Meade to that office follows upon the rapid development of the fruit industry of the northwest which has been paralleled by corresponding growth of the exchange. Over six million dollars worth of business has been handled by the exchange this year through Seattle. This city is now recognized as the headquarters of the northwestern apple industry. The state of Washington heads the list of apple-producing states in the union.

"Mr. Meade, the new vice-president, was chosen because of his training, experience and special fitness. He comes to Seattle direct from Pittsburg, having resigned a high executive position with the Pittsburg Railway company. His work with that company had to do with the accounting and financial functions of the operations of 639 miles of tracks, carrying over 250,000,000 passengers, moving over 35,000,000 car miles, and with receipts of approximately $20,000,000 annually. The company is made up of some 200 separately incorporated companies, many of which maintain their corporate existence and 50 of which have separate bond issues, others having rental agreements, making the administrative problems most complex.

"Mr. Meade is recognized in public service corporation circles in the east as an expert in economic, corporate, tax and financial matters, and will bring his knowledge and experience to bear upon the solution of the many intricate organization and financial problems which confront the fruit industry at this stage of its development."

PIONEER TALES TO BE RECITED BY COL. MILLER

There will be a meeting held at the library under the auspices of the Medford Chambe of Commerce at which all residents of this locality, are most welcome to attend. Col. Robert A. Miller of Portland who for many years of his younger days were spent at Jacksonville, will tell the story of them as well as give his opinion as to the possibilities in store for this locality in the development of the mineral resources. Having studied geology, Col. Miller is well qualified by his knowledge as well as by his actual experiences in this locality to give first hand information.

The story of the early days will be most interesting, as it is known by all in a general way, that at one time there was a great population living at Jacksonville which was brought there by the lure of gold. Col. Miller tells us that millions of dollars in gold was taken out of the country and yet there is a far greater wealth remaining. He has a story about a lost mine. He will tell about it this evening as well as giving his personal experiences of the early days in this locality.

The meeting which is called for at 8 o'clock is open to all residents and ladies are especially invited.

CURWOOD PICTURE AT RIALTO WEDNESDAY

An all star cast, including Pauline Starke, Miles Welch, George Stanley, Jack Curtis, William Dyer, Boris Karloff, James O'Neill, and Billie Bennett, will be seen at Rialto theater Wednesday in "The Courage of Marge O'Doone," by James Oliver Curwood. The production is one of the most thrilling and spectacular features ever presented. It is the story of a man who braves the dangers of ice and snow to rescue a brave girl who is holding her enemies at bay with the aid of a trained bear. A real bear fight between two grizzlies is one of the big scenes of the film. It is a picture that holds the interest from the first flash and maintains the suspense until the final close-out.

MAJORITY WING WINS 34 SEATS GERMAN REGIME

BERLIN, June .—Majority socialists have been elected to 34 seats in the first republican reichstag, according to latest reports from the canvass of the vote cast yesterday. Independent socialists will hold 24 seats, the German peoples party 25, democrats 16, German nationalists 15, centrists 14 and communists 2.

The vote according to figures tabulated up to four o'clock this morning follows:

Majority socialists 2,071,000; Independent socialists, 1,456,000; German peoples party 1,415,000; Democrats 996,000; German nationalists 915,000; Centrists 861,000; Communists, 138,000.

In the city of Berlin the latest figures show the independent socialists cast by far the largest vote of any of the parties, their total being 459,867, giving them seven seats in the reichstag.

Count Von Bernstorff, former ambassador to the United States, running as a German nationalist, has been defeated.

Prince and Princess Eitel Friedrich and Prince Joachim, members of the family of former Emperor William recorded their votes at Potsdam.

The German election was held under the proportional voting system, under which every 60,000 votes cast by any party gives it one member of the reichstag.

There is no definite number of seats in the reichstag under this arrangement.

V. J. Emerick has just returned from Seattle with an Elgin 6 Victory Scout purchased through the Motor Sales Co. Mr. Emerick says he averaged 29½ miles to the gallon using one-half gasoline and one-half coal oil, and that for easy riding on rough roads it beats even a Franklin. When asked about power, Mr. Emerick said, "Well, I did not drive fast only once in a while some one would get in the way and I would just step by them and keep going."

Mr. Emerick says he would not part with his little pal, the Elgin Scout.

EDWARDS BEST DEMOCRAT BET SAYS MANAGER

WASHINGTON, June 7.—"Governor Edward I. Edwards of New Jersey will sweep the democratic convention at San Francisco, selected as the party standard bearer because he is the one man who can carry the party standard to certain victory." This was the declaration today of Walter W. Vick, manager of the Edwards campaign, after a three weeks canvass of delegates to the convention.

"Pledges already given," Mr. Vick said today, "insure support for the governor from nearly every state in the Union on the first ballot. These pledges come not only from the proponents of individual liberty and states rights ,but in stronger measure from the men who feel a responsibility in naming a candidate who can carry the election and secure an administration of unbroken pledges. These men look to the New Jersey record and the business career of Governor Edwards as furnishing the qualities that are demanded by the people for the highest office within their biet.

"We are assured," Mr. Vick continued, "of sixty-five of the eighty-eight New England votes in the convention. New York is strong for Edwards, the New Jersey delegation is solid and Delaware and Maryland will give the governor at least twelve votes.

"Virginia will cast four and one-half votes for Edwards on the first ballot and there are indications that many of the other southern states will be solid for Edwards. The New Jersey governor is sure of a majority of the votes from the tier of southern states east of the Mississippi.

"In the west and northwest, and on the Pacific coast, new pledges are coming in to Edwards headquarters every day."

WALL STREET STEEL ON DOWN TREND

NEW YORK, June 7—Reactionary tendencies were uppermost at the beginning of the week in the stom market. Further unsatisfactory credit conditions are set forth by the local federal reserve bank, the political situation and the probability of several important decisions by the United States supreme court in the course of the day were regarded as deterrent factors. Several of the steels, equipments, oils and popular specialties lost 1 to 1½ points in the early trading. American Ship and Commerce, Chandler Motor and Kennecott Copper were among the firm to strong issues.

SESSIONS BIBLE SCHOOL OPENED FOR CHILDREN

ASHLAND, June 7.—This morning at 9 o'clock the Vacation Bible school began its work, daily sessions to be the rule for the next few weeks. This new institution is open to any children of Ashland and vicinity, from kindergarten age to 14 years. The "quota" limit as to students is 60. This school is preliminary to the chautauqua assembly, which in turn, is preliminary to the Moody Bible Institute, occurring later in July. The annual girl's conference will also be sandwiched in between the Vocation school and the chautauqua assembly; hence the summer season will be replete with opportunities for educational advantage and recreation pastime for the next two months, if not longer.

The "faculty" of the Vocation Bible school includes Mrs. Walter Frazer Brown, superintendent; Miss Carson, Kindergarten work, having Mr. Holmes for an assistant; Mrs. Hoyt, industrial department. All of the instructors will have capable assistants. Kindergarten development will predominate, inasmuch as there is no such specific work conducted in the public schools, except that which is supplied by the primary grades.

The leading Sunday schools of the city are sponsors for this new departure during the vacation period, and the conditions under which it is being held held have been systematized under strictly inter-denominational auspices, specific committees attending to specific details. O. F. Carson is treasurer of the board, having N. Firstone as assistant in attending financial matters; Mrs. Holmes and Mrs. Hoyt section teachers; Rev. W. E. Bean, and Rev. J. W. Hoyt purchase supplies, while publicity and advertising features are attended to by Mrs. Goetze and H. S. Badger.

As an instance of the scope covered by this vocation school, the following outline includes the daily exercises as scheduled by study hours up until the noon period, the balance of the day being devoted to recreation features as may, from time to time, be decided upon:

8:30—Preparation and visitation by staff.

12:25—Closing exercises. School reassembles. Daily salute to flag. Daily patriotic motto. "America" or hymn; children's benediction. Recessional march.

Grape-Nuts

is rich in the solid meaty values of wheat and malted barley, and has a substantial amount of sugar.

This sugar is not added in making but is developed from these grains by processing and long baking.

This decreases your sugar requirements, for the average cereal needs sugar for greatest palatability. Grape-Nuts needs none.

Bear this in mind when you order your cereal and ask for Grape-Nuts.
