

Local and Personal

It seems to be the general opinion around town that the four bootleggers arrested at a local hotel Tuesday night following their arrival by auto from California, and who were released on \$800 cash bail, will not show up for their preliminary hearing before Justice Bagshaw at Jacksonville tomorrow forenoon, and in fact will never be seen again hereabouts. Sheriff Terrill, however, thinks that John and James Doe, two of the men arrested whose identity he will not divulge, are not bootleggers and will be here for the hearing and attempt to prove their innocence. If the four men do not show up the county will be \$800 richer thru the forfeiture of their cash bail.
