

A. C. JOY REPORTS GREAT INTEREST IN FARM DRIVE

Albert C. Joy, former president of the Jackson County Farm Bureau has spent the past week on a speaking tour in behalf of the Farm Bureau in Linn county.

Linn county is putting on a systematic businesslike campaign for the organization of a strong county farm bureau. The work is being carried on under the direction of Geo. L. Gray from Missouri.

The interest shown by the farmers of Linn county, says Mr. Joy, is surprising. "Wherever we went we were met by large groups of wide awake, intelligent farmers who feel keenly the need of organization," said Mr. Joy. "They attended the meetings with no thought of being entertained. They came for business and are anxious to learn of the Farm Bureau movement in all its aspects, national, state and county."

Saturday, one hundred of the leading farmers of the county sat down to a luncheon at the St. Frances hotel in Albany. The splendid attention given and the keen interest shown in an address given by Geo. Mansfield of Medford, president of the State Federation of Farm Bureaus, points to a successful future for the Linn county movement.

There is no doubt but that a strong Farm Bureau will be perfected in Linn county.

This is the first of a series of systematic campaigns that will be put on in different counties throughout the state. All eyes are turned to Linn county and it is gratifying in the extreme that the work up to the present has been so successful. The present week will be given over to a thorough canvass of the county for members.

The campaign now in progress in Jackson county has been and is a leader in farm bureau activities in the state.

The Linn county farmers have shown a marked interest in the work done here in the past three years. Mr. Joy comes back bringing the assurance that it is entirely possible for Jackson county to hold first place, but points out that it will take the concerted efforts of all of the farmers in cooperation with the business men of the county to keep up with the pace that is being set in the Willamette counties.

SOCIALISTS SPLIT OVER ULTIMATUM NICOLAI LENINE

NEW YORK, Jan. 23.—Nicolai Lenine's ultimatum to the socialists of the world, giving them the "21 conditions" to which they must subscribe before they can be received into the Third or Communist Internationale of Moscow, has met with a widespread, if in many cases negative, response. It indicates a decided split in the ranks of the socialist party in many countries judging by reports from abroad.

In the fifteen nations where such opinions have been expressed, four have been unqualifiedly against entering the Third Internationale, one is undecided, three are divided and seven in favor are opposed by determined minorities.

Lenine demanded, among other things, that socialist organizations must purge themselves of all moderates, defy all national laws, undermine armies, gain control of the press, throw off the allied "yoke," promote a world economic crisis, condemn any league of nations, aid the soviet government and abandon for the blood and fire of "red revolution" all conservative democratic programs.

Action on the bolshevik dictator's terms has been taken as follows in the United States:

National Executive Committee of socialist party in refusing to recommend affiliation said: "We concede to the Russian comrades the right to formulate their own internal policies without interference from any other section of the working class movement of the world. What we concede to them we claim for ourselves. Every resolution adopted by our party implies or claims this right for the American movement."

RUN ON BANK IS STOPPED BY FIERY SPEECH

LISBON.—One of the oldest and best known bankers of this city was recently saved from the effects of a run on his bank by a sensational incident. A large crowd of depositors had gathered at the office of the banker, J. H. Totta, to demand their money. The street was blocked by them. The firm was paying out the money rapidly when a well known Lisbon merchant who was a spectator of the rush on the bank, enraged by the scene, jumped on the counter and reviled the crowd in no measured language. He recalled the honorable name of the head of the firm and said that by his kindly aid many of those present had reaped fortunes, but their base ingratitude was now threatening to bring about his ruin.

As his eloquence increased, an extraordinary transformation scene took place. Someone raised a cheer which was echoed by thousands. The bank employes who had calmly been paying out thousands of pounds to all who claimed their deposits were embraced by the depositors, cheer, were torn to pieces and the elder Totta, 80 years of age, was dragged from an inner office and raised on the shoulders of the crowd amid cheers.

Since then the bank has received nearly all the money that had been withdrawn.

U. S. PROHIBITION LAW WON'T BE REPEALED

LIVERPOOL.—Lord Leverhulme, one of Great Britain's largest manufacturers, told the Daily Post representative on his return from a recent visit to the United States that "prohibition in America has come to stay—of that you may be certain."

"The people are settling down under it," he continued, "and I believe that if put to the popular vote, 75 per cent of the electorate would support its continuance. There is not the slightest chance that the law against alcoholic drinks will ever be repealed."

Druggist Recommends Vinol to Wife

Mrs. E. S. Short of Glenn, California, who slaved fourteen hours a day for a family of eight, in spite of an inherited strong constitution, gave way to an aemic condition, indigestion and a bad stomach.

"I tried several remedies without getting any results," relates Mrs. Short, "but was induced to try Vinol by my husband, formerly a druggist in New York. An improvement was observed after the first bottle and still a more decisive turn for the better after having taken four bottles. My daughter used Vinol at different times with like results to myself."

If you are not feeling right, go to Medford Pharmacy, Main at Central and get a bottle today. It will give you new life and vigor. Adv.
