

BONUS MACHINERY STARTS TO WORK

OLYMPIA, Wash., Jan. 25.—Shipment to county auditors of application blanks for soldiers' compensation under the additional compensation act voted last November, will commence probably Wednesday, it was stated at the state auditor's office today.

Payments cannot begin, however, until after the sale of the first bond issue of \$5,000,000 bids for which will be opened January 29.

N. Y. Stocks

NEW YORK, Jan. 25.—The course of today's dull and narrow stock market was governed largely by the operations of professional traders, prices for the most part showing no definite trend.

The speculative shares made further improvement during the forenoon. Advances of one to three points in Bethlehem, Crucible, Lackawanna, Republic and Vanadium Steels were effected at the expense of shorts, but the movement in United States was extremely narrow.

U. S. Steel Dividend. NEW YORK, Jan. 25.—The United States Steel corporation at its quarterly meeting here today declared regular dividends of 1 1/4 per cent on its common and 1 1/2 per cent on its preferred stocks.

Corn receded, notwithstanding that arrivals showed a big fall-off. After opening unchanged to half lower, including May at 67 1/2 to 69c, the market underwent a general sag.

Oats were easier, starting unchanged to a quarter higher, May at 44 1/2 to 44 3/4c, but soon turning downward. Provisions showed lack of support.

EAGLE POINT EAGLETS

By A. C. Howlett Mr. Keva Hutchison and Mrs. Lizette Michel of Trail were passengers on the Medford stage to Trail Wednesday morning and Harry D. Coder was also a passenger on the stage for Derby and D. E. Waite of Medford came out and went up to Long branch to visit his relative, John Walker.

Ira Hensley of Wellen was also a business caller Wednesday. R. D. Patrick, one of the mechanics who has been working for the Rogers River Canal Co., during the summer and fall, was with us Wednesday and Thursday nights.

Mrs. W. P. Morgan, who has been visiting her father for the past few days, returned to her home again Wednesday.

Alvin Conover and Mrs. Walter Wood were doing some shopping with our merchants here Wednesday and so was Mrs. J. Monica of Brownboro, and Mr. A. J. Moen of Reese creek and Charles Pettygrove, who has a home on the Crater Lake highway, north of our town.

Messrs. Hosh and Clerly, the two men who have rented the Fred Peterson place a short distance above town on the Brownboro road, were doing business with Roy Ashpole, one of our hardware merchants, Wednesday. They have secured one of the best hay ranches in this section, as a large part of it is set in alfalfa and an abundant supply of water to irrigate the land and by the use of the proper fertilizers, can raise a good supply of hay each year.

Marsh Garrett of Medford passed through here Wednesday on his way from his ranch in the Lake Creek country. He has one of the best stock ranches in that section and handles a lot of cattle, although he keeps a part of his cattle out in the Dead Indian country, as he has fine property in that section of the country. He has Mr. and Mrs. W. Taylor of this place, on the Lake Creek ranch to care for and feed his stock there.

Mr. Berrian, superintendent of the fish hatchery at Butte Falls, has about completed the construction of his place to deposit the fish eggs to prepare them to be moved to the Butte Falls hatchery so that it is about ready for use, and in a short time that branch of business will be under way in our town.

R. E. Moore and Ed Dutton were business callers Wednesday. Mr. Moore is the occupant, who has the Brown place on Antelope, and the James Malney place—and is preparing to raise a fine crop this coming season and Ed Dutton is our old and efficient road superintendent of former days under the former administration who always kept the mud holes in repair.

three days' sunshine, they have returned and resumed the work. Joe Paul, the foreman on the Butte Creek orchard and Fred Arnes name in Thursday morning on their way to Medford. Mr. Arnes was going to have a doctor lance a large carbuncle on his neck, and after he had it lanced had to go back again Friday to have it dressed. This is a case showing what we lost by having our M. D., Dr. Holt, leave us and go to Medford. And while on the subject I may add that there is a fine location for a physician, as there is a vast territory around us, including the Trail, Forest, Butte Falls, Brownboro, Lake Creek and Wellen country that have to depend almost entirely on Medford and Central Point for medical service. It works a terrible hardship on the people who are in need of such service.

Peter Young and his sister, Clara, were here Thursday doing shopping. E. B. Price and wife were here Thursday. Mr. Price is a contractor with Mrs. Rhodes on the bank of the Hay Creek-Rogue River section, and they came in intending to go to Medford, but when they reached here found that the garage men had not finished up the job on their car that had been left, and after taking dinner at the Sunnyside, went on their way rejoicing. They also intended to go to the Butte Creek orchard and get a load of apples to take to the camp with the boat drive in. They report that they are getting along nicely with their job on the Crater Lake Highway, and are clearing away the timber and brush on the Roscoe.

Mrs. J. M. Higgins and her daughter, Mrs. E. M. Koeny, formerly of Derby, but now of San Francisco, and Miss Alice Humphrey of Derby, came out on the Medford-Butte Falls stage and the two madams went to their old home while Miss Higgins went home.

Mrs. R. C. Farrier of Lake Creek was also here Thursday and went up to her home on the Lake Creek stage. Antonio King of Trail was here for dinner Thursday and remained overnight, going up home on the Portland stage.

David Smith and family have moved again, this time from a home belonging to W. Perry, just above town in the Fred Finley home. Mrs. Perry needed the home for his brother-in-law, Perry Haley and family to live in, as Mr. Haley intends to work for Mr. Perry this season.

Thos. Cook and N. S. Godwerson of Central Point, were passengers on the Butte Falls stage for Medford Thursday.

John Silos of Butte Falls came out Thursday afternoon on the Butte Falls stage and went to Medford. Carl Richardson of Peyton came out on the stage Thursday evening, spent the night with us and went to Medford Friday on the stage returned, spent Friday night and went up home Saturday morning, thus taking three days for the trip, when if we had roads that were passable, he could have made the round trip in a day and had time to visit his friends.

Otto Nichols of Talent went up to Derby on the stage Friday morning. I began to think Friday when I was tramping over the town looking for items of news, that I would make a failure, but I met Wort Wolf in Brown's store and one of the Nye's of Brownboro in the Ashpole store and about noon Mr. C. B. Millard, one of the auto agents of Medford, and Mr. D. W. Reynolds one of the Central Point jewelers, and H. G. Bushong, C. O. P. Co. and Charley Deibin came in for dinner.

Messrs. Pawcett and Campbell, the two men who took the contract to clear the right of way on the Crater Lake Highway, finished up their job Friday noon, had their work received and started for Medford. They have been with us for some time as regular boarders.

A. H. Thompson and wife of Lake Creek came out Friday just to enjoy a ride in the sunshine, but they did a little trading.

Corbit Smith of Butte Falls was here Friday afternoon on his way to Medford.

It's Good for Children Mrs. C. E. Schwab, 1007 14th St., Canton, Ohio, writes: "We use Foley's Honey and Tar for coughs and find it one of the best remedies on the market, especially good for children's coughs, as it does not contain any drug that is harmful." Serious sickness often follows lingering colds. Hard coughing rakes a child's body and disturbs strength-giving sleep, and the poisons weaken the system so that disease cannot be warded off. Take Foley's in time. Sold everywhere.
