

U. S. SUPREME CT. UPHOLDS DECISION OREGON SUP. COURT

SALEM, Ore., Jan. 26.—Because the United States supreme court in the case of the Duplex Printing Press company against Deering handed down an opinion following the same line of reasoning as that used by the Oregon supreme court last October in the Portland picketing case of Heitkamper against the Portland Central Labor council, the Oregon court yesterday denied a petition for re-hearing in the Heitkamper case.

In this case, the right to picket the Heitkamper jewelry establishment was denied striking employees on grounds that the picketing law does not cover the question of recognition of a labor union.

In a companion case, that of Greenfield against Portland Central Labor council, the right to picket was upheld on grounds that the question of wages and conditions of labor validly came under the act. Petition for re-hearing is pending with the Oregon court in this case, but will not be passed on until the United States supreme court hands down an opinion in a similar case, appealed from Arizona and which was argued January 6.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys; they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and twinges in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or bladder doesn't act right, or if twinges or pains get about, four ounces of Jad Salts will give you relief; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
