

ASHLAND FRUIT ASSOCIATION HAS PROSPEROUS YEAR

ASHLAND, Jan. 28.—Handling nearly one hundred cars of fruits and vegetables out going, also feed, shookey spray, etc. Incoming is the record of the local Fruit & Produce association for the year 1920. Specifically there were 99 cars in both classifications. In arriving at the totals the management has taken into consideration all local freight and express consignments added to car-lot shipments.

Pears led the export procession, with 230,000 pounds, Bartlett's scoring 110,000 lbs. in this classification. Of peaches there were 8848 boxes, Elberta being the favorite, inasmuch as that variety constituted fully half of the peach shipments. Mulrs appeared to be second choice. Of berries there were 4635 crates, of which over half were blackberries. Royal Anns led in the cherry shipments of 4615 boxes. Apples, nearly 20,000 boxes. Assorted fruits, 1448 crates and boxes, plums and prunes leading varieties. Of vegetables there were over 2000 boxes of tomatoes and 4200 lbs of peppers. In weight there were 75,553 lbs. of sacked vegetables, and 12,000 dozen of bunched garden stuff. Nearly 1000 dozen plants and 500 lbs. of dried fruits rounded out the total shipments.

Among by-products were 1000 gallons of sweet cider, strictly "home brew." Also 50,510 dozen, or 1684 cases, of eggs for the export trade, handled by the Fruit & Produce concern in behalf of the local Co-operative Poultry association, members of which also reside in Bellevue and Talent territory. Of the car lot freightage, 63 loads were outgoing and 27 incoming. While not nearly as much fruit was shipped out in 1920 as the year preceding, the better prices prevailing aided materially in evening up matters. The large new addition to the association's headquarters, erected in 1920, at a cost of over \$10,000, greatly facilitated conveniences in handling products, in addition to affording abundant storage for the big stock of supplies which the association carries for its numerous customers.

The directorate includes five members, J. H. Dill, J. M. Wagner, J. H. Sander, S. A. Peters, Sr., and S. J. Evans. Dill is president; Peters, secretary; and V. O. N. Smith, treasurer. Sam Evans is vice-president, and A. C. Briggs, manager. The latter has filled this responsible position for several years past, and is in the central west and east on an extended vacation, which he is enjoying in the midwinter season instead of the good old summer and autumn, when the association carries the peak load of activities in which it is engaged.

40TH ANNIVERSARY MEETING PHOENIX SUNDAY EVENING

Next Sunday evening, Jan. 30, at the Phoenix church there will be a special "40th Anniversary" service in observance of "C. E. Day" and of the founding 40 years ago on Feb. 2, at Portland, Me., of the first C. E. society. Mr. M. J. Norris, who was for years a member of the "Williston church," where the C. E. society was organized by Rev. Francis E. Clark, and who knew Dr. Clark personally, will speak on "C. E. Beginnings."

Ray E. Wright of Medford and Raymond Fish of Phoenix, former presidents of the Phoenix society are expected to be present and speak to the theme, "When the Phoenix Society was the Largest in the Valley; and Large Things in C. E." Special solo, quartet and duet music is being prepared; and a reading will be given, entitled, "C. E. Magic," by Ruth Short. Also a "C. E. Pageant," with Margaret Sheets as director; and a brief closing address on "C. E. at the Age of 40 Years." Special offering for C. E. work.

Everybody is invited to this service, beginning at 7:30 p. m., and also to the morning church service at 11, when the pastor will preach. C. E. prayer meeting at 6:45 p. m.

URGES EXEMPTION OF TAXES 15 YRS. NEW BUILDINGS

WASHINGTON, Jan. 28.—Tax exemption for all new dwellings for at least fifteen years to stimulate building, was advocated by Lawson Parry, former president of the New York City board of taxes and exemptions, today before the housing conference called by the Chamber of Commerce of the United States. Such an exemption would be a substantial inducement to builders, he said, adding that it was fully warranted by the present housing shortage.

Remission of taxes on new construction could not be considered a discrimination against owners of existing property, he declared, in view of the fact that construction costs are now 100 per cent above normal.

Expansion of private building association operations to increase opportunities for home building was advocated by K. V. Haymaker, former financial adviser to the United States housing corporation. He urged establishment of the proposed federal home loan banks to provide a greater source of credit for home builders.

WARNING

Unless you see the name "Bayer" on tablets, you are not getting genuine Aspirin prescribed by physicians for 21 years, and proved safe by millions.—Say "Bayer"!

SAFETY FIRST! Accept only an "unbroken package" of genuine "Bayer Tablets of Aspirin," which contains proper directions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Strictly American!

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark of Bayer Manufacture of Monach—Headquarter of Salicylic Acid

Our 1921 Year Book is Out Send For Your Copy

If you want an hour's good reading, send for this book. You won't find a dull page in it. If you like to read about big things done in a big way, you'll get what you want here. If you want solid data, statistics and explanations about one of the biggest industries of modern civilization, affecting the life of every American every day, they're here. If you want to satisfy yourself as a man and a citizen whether Swift & Company lives up to the responsibilities and obligations that go with this industry, study this Year Book. It is one of the interesting and important human documents of the year.

SCENERY CONVENTION IN FEDERAL BUILDING

The convention in Medford for the organization of an association to preserve the scenery along the highways will be held in the federal court room of the post office building. Permission for the use of this meeting place was granted to the Medford Chamber of Commerce from the authorities at Washington and by Judge Wolverton. This is the first time the use of the federal court room has ever been secured for any purpose outside of the regular court sessions and this permission was evidently granted only on account of the importance of the convention and because a showing was made that citizens of the county were making an earnest effort to assist and cooperate with the forestry and national park service in the preservation of that which belongs to the people—the scenery.

SAYS ACID STOMACH CAUSES INDIGESTION

Excess of hydrochloric acid sours the food and forms gases. Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach, much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour food or have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is operating and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

NORMAL BUSINESS IN APRIL OR MAY

BOSTON, Jan. 28.—A return to normal business conditions by April or May was predicted today by Professor Charles J. Bullock, chairman of the committee on economic research of Harvard university, before the Associated Savings Trust companies of Massachusetts last night.

"We would have suffered the worst panic in history," he said, "but for two factors: For the first time Europe was our debtor to the extent of fifteen or twenty billions; and we had our federal reserve system. Wholesale prices never fell so fast nor so far in so brief a period as now. We appear to be in the last phase; liquidation of retail prices and labor."

WIRELESS JAZZ MUSIC IS THE LATEST STUNT

ROCK ISLAND, Ill., Jan. 28.—The wireless telephone may become a competitor of the jazz orchestra, according to Robert Karlowa, who operates a radio station here.

One night this week, he states, students of Iowa university toddled to music transmitted from the local station. The music was played on a phonograph here and was made audible to the Iowa city dancers by a large horn provided for the purposes of receiving musical selections.

DOUBLE MARRIAGE WILL UNITE GREECE, RUMANIA

ATHENS, Jan. 28.—Prince George of Greece and Princess Elizabeth of Rumania will be married at Bucharest between February 10 and February 15, according to present plans. After the ceremony, the royal party, accompanied by Princess Marie of Rumania, will return to Athens for the marriage of Prince Carol of Rumania and Princess Helene of Greece, which will take place late in February.

BABIES DROPPED FROM THIRD STORY INJURED

CHICAGO, Jan. 28.—A bedridden man was burned to death, five persons were injured, including two babies who were dropped from a third story window, and a dozen others were rescued early today when fire attacked a boarding house here. Miss Katherine Beck, 35, who jumped from the third story, was among the severely hurt.

FORD PLANT RESUMES WORK JANUARY 31ST

DETROIT, Jan. 28.—A limited number of employes will return to work in some departments of the Ford Motor company plant here January 31, it was announced today. No announcement was made as to the probable date of a return to normal operation. The plant has been closed since December 24. At the Highland Park plant 25 per cent of the force will return to work while full operations will be resumed in the tractor plant at River Rouge.

U. S. CONSUL DISCOVERS FRAUD GREEK PASSPORTS

ATHENS, Jan. 27.—(By Associated Press.) Wholesale frauds in passports carried on by Greek subjects emigrating to the United States, have been discovered by W. L. Lowrie, American consul general here. More than fifty passports were submitted at the consulate today and 25 were found to bear forged signatures and false seals of the Greek foreign office.

It has been found that a small clique of Greeks has carried on a regular traffic in bogus passports, their clients being youths wishing to evade military service, and others. In one case 3000 drachmas, normally about \$60, was paid for one of these documents. Greek authorities are investigating and have made several arrests.
