

COMPLETE LIST OF STARS IN ELK MINSTREL SHOW

The biggest attraction of the season for theatre goers of southern Oregon will be the Medford Elks Minstrel show which is to be given at the Page theatre, Feb. 21 and 22. It will be of more than ordinary interest due to the fact that all of the participants are members of the local lodge of Elks. Following is a complete list of those taking part:

Geo. T. Collins, Paul McDonald, Vernon H. Vawter, Larry Mann, Jerry Jerome, Herb Alford, Fletcher Fish, Wm. Vawter, Ted Fish, C. C. McCurdy, Fred Colvig, M. F. Sheets, W. G. Domergue, Paul Leonard, C. Y. Tenswald, Floyd Hart, Geo. Gates, Kenneth Jerome, Victor Danielson, J. A. Callas, J. J. Buchter, Dr. J. J. Emmens, Geo. T. Wilson, Jay Gore, Arthur Perry, Chas. Henselman, Earl Roberts, Raymond Mksche, Wilson Waite, A. H. Miller, Arthur Hazelrigg, Herb Launspach and Geo. A. Coddling. The special stage settings are being built under the supervision of Thomas Swem who is the stage director. O. C. Heinlein is building the electrical effects. J. C. Aitken is stage carpenter with Geo. Hilton, Jr., Geo. H. Eads and Ben Hilton as assistants, while P. C. Bigham is property man. The above list does not include the many who have given of their time in building the scenery, etc. The fact of the matter is that every member of the lodge has had his shoulder to the wheel in helping make this show a success and it is up to the public to give the boys the support they deserve. Will you be there?

KOLB AND DILL AT PAGE THEATRE FEBRUARY 20TH

Kolb & Dill in "The High Cost of Loving" will be at the Page theatre Sunday night, Feb. 20, that assertion should cause a mild stampede at the box office when the seat sale opens next Friday as the annual visit of the two stars is always looked forward to by the theatregoers, but no doubt this year as they have revived their biggest success, the business will be record breaking.

Great pains have been taken to make this their best effort in the production line and it is safe to say that there will be no better scenic effects offered the local patrons for a long while to come as the best artists in the country have been employed to turn out master pieces in their lines.

The company which contains all of the principal fun makers that played the "High Cost of Living" before and many new faces have been added and new novelties injected throughout the action of the play.

A symphonic jazz orchestra is carried by the company and if you have not heard them, you have never heard real jazz as Mr. Jazz himself would have liked to have heard it played.

COTTON MILLS ARE STARTING UP AGAIN

WASHINGTON, Feb. 14.—Revival of the cotton manufacturing industry which for some months had been on the decline, is indicated in the January cotton consumption report issued today by the census bureau. There was an increase of 71,475 bales in consumption of lint cotton during January as compared with December. Consumption during the six months ended January 31, was 800,000 bales less than in the same period last year, the total being 2,333,855 bales.

LEGION INVITED TO HEAR ADDRESS WEDNESDAY FORUM

Every now and then the Chamber of Commerce is fortunate in securing some one of national reputation to address the members of their forums and this week such an event will take place.

Dr. Winfield Scott Hall, who for twenty-five years held the chair of physiology at the Northwestern university and who is the author of twenty-two text books and treatises on physiology, hygiene and kindred subjects, will address the forum on Wednesday at the Medford hotel. He has lectured in most of the higher educational institutions in the United States and Medford is fortunate in getting a man of his experience to consent to address its citizens.

The privilege of the forum on Wednesday is extended to the members of the Medford post of the American Legion. During the war a number of Medford men, while at the various camps, had the opportunity to hear Dr. Hall and they have all expressed a desire to hear him again and for that reason the privilege of the forum is extended to the legion members.

It is anticipated that the annex dining room of the Medford will be too small to hold all who desire to hear Dr. Hall, therefore arrangements are being made for the forum to be held in the large dining room.

R. A. M. No. 32. Regular Convocation Tuesday, February 15th, 7:30 p. m. A. F. NOTH, Secretary.

Work in First Degree tonight. Presence of all Odd Fellows requested. D. E. MILLARD, N. G. With Medford trade is Medford made

"The Love Expert" at Rialto

Helpful hints to girls or boys anxious to ascertain whether one certain member of the opposite sex is responsive to their respective emotions are given in "The Love Expert", starring Constance Talmadge, showing at the Rialto theatre.

This production is the workmanship of John Emerson and Anita Loos whose former stories and adaptations for Constance Talmadge since her affiliation with First National Exhibitors Circuit have been greeted by the theatregoing public at large as classic germs of comedy production.

As Babs, a romantic boarding-school girl, Connie is probably in her most delightful characterization. Eschewing the cut-and-dried educational subjects she devotes herself to self-instruction in the science of practical love-making, with the result that the board of regents stimulates another sale for the railroad companies—thus giving Babs a chance to try out her many formulas.

Story by Famous Novelist

"The Turning Point", is an adaptation from Robert W. Chambers' novel of the same title and Miss MacDonald, declared to be the most beautiful woman on the screen, gives a splendid interpretation to the role of Diana Tennant haunted by an untrue rumor of the past, in love with a society idler, and endeavoring to ward off the distasteful attentions of a wealthy man who would willingly bring an unjust disgrace upon her.

Katherine MacDonald in her latest feature is now showing at the Page theatre and her reception here was enthusiastic. The splendid chances for emotional acting and novel touches of comedy relief stamp "The Turning Point" as probably the most interesting story Miss MacDonald has yet appeared in.

The bureau of statistics of the labor department announces that the cost of food declined eight per cent in December over November figures.

ASHLAND LEGION ALSO ADOPTS AN ANTI-JAP POLICY

ASHLAND, Feb. 14.—The Jap question is virtually settled, and that by Ashland post of the American Legion. They didn't wait for Hi Johnson or Bill Borah to take the initiative either, having forestalled both those statesmen in a plain and outspoken stand regarding the threatened incursion. Just listen to the following ringing resolutions, recently engrossed and forwarded to both house and senate of congress, also to the Oregon legislature, urging those respective bodies to pass restrictive measures in connection with the leasing and ownership of lands on the Pacific coast in general, and specifically in Oregon, more especially our own Rogue River valley. These resolutions were unanimously adopted with a rush, and are officially signed by Glenn Simpson, commander; "Ratlo" Wolcott, vice-commander; Don Spencer, adjutant; Jack Rigg, chaplain and Will Holmes, treasurer. The preambles to the resolution present a straightforward "showdown" of the principles involved, while the "Be it resolved" feature is a short pithy climax emphasizing the enacting clause.

WHEREAS, There is at the present time under consideration by our National Senate a treaty between the United States of America and the Imperial government of Japan, the terms of which, as we understand it, would render null and void the legislation and alien land laws which have been adopted by the Pacific Coast states; and

WHEREAS, we believe that unjust and ownership of lands on the part of Japanese, and that immigration and custom of picture brides, be immediately stopped, a condition will result which will be the end of the Pacific Coast as a white man's and an American country. That the Japanese have in every place in which they have become established in this country reduced the value of lands, made intolerable the social conditions, and have monopolized the business of the communities, resulting in the abandonment of those particular communities by the American population, and

WHEREAS, we believe the legislation enacted by the various states is not the result of mere prejudice, but was made necessary by economic and social conditions; and we further believe that the present proposed treaty is being influenced by the popular fear of straining diplomatic relations and consequently unfavorable to our Pacific Coast states; and

WHEREAS, we believe that any settlement of this question unfavorable to the rights of American citizens would only complicate matters and lead to trouble eventually; and

WHEREAS, if the saving of America for Americans would strain the diplomatic relations or jeopardize the peace existing between the governments of the United States and Japan;

BE IT UNANIMOUSLY RESOLVED BY Ashland Post No. 14, American Legion, Ashland, Oregon, that these relations be broken at once, and the question settled by force of arms if necessary, for once and for all time to come.

The foregoing spirited expressions were voted at one of the liveliest sessions, which the post has held since its organization. Other progressive measures are being discussed and adopted in accordance with their merits. With 72 posts in Oregon out of a total of 91 favoring some phase of a state bonus, the executive committee of Ashland Post is throwing its influence back of the Oregon house bill No. 202, wherein a measure of the cash bonus and loan features are merged.

A legion post fund being a requisite, steps will be taken to finance one, without recourse to any drive alternatives either.

The Japs, disqualified from becoming freeholders in our midst, a barrage of extra heavy artillery was turned upon the profiteer in which at

tack high-power explosives were mixed on a 50-50 basis with explosive adjectives, minus time-fuse qualifications. Briefly stated, the contemptible slacker was declared to be out-classed by the wanton profiteer. Of the two, the slacker was denominated a patriot by comparison. About 50 members of Ashland post have paid their dues for 1921, and this statement is a reminder that, if these obligations are not met by February 28, delinquents will be dropped from the rolls, action which will deprive them from wearing that honored emblem, the button of the American Legion, a contingency against which every legionnaire should fortify himself in the first-line of financial entrenchment.

FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain

You'll know why thousands use Musterole once you experience the glad relief it gives. Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the oil of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on! Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, stiff neck, asthma, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).
