

Will Rheumatism Again Bind You Hand and Foot?

If you had Rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be in the shackles of this relentless foe. You may get some slight temporary relief from the pains of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be rubbed away. So many cases of Rheumatism come from a tiny germ in the blood, that you should try a remedy that has proven so thoroughly satisfactory in these cases. S.S.S., the fine old blood remedy cleanses the blood of all impurities, and removes all disease germs that may creep into the blood. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 157 Swift Laboratory, Atlanta, Ga.

A Prescription Merely Helps Nature to Get Started Again.

Take our word for it, as druggists, that there is no medicine which is a "cure" for anything. Yes, we know there are people who claim that such and such "cured" them—but it didn't. Nature effected the "cure" herself—nature aided and perhaps whipped up to extra effort by a prescription. But the prescription must first be ordered by a doctor who has gone into our case; who has determined upon your actual personal needs; who finds out in just what particular way nature has fallen down; and who knows what is needed. Then we, as druggists, follow his orders exactly and thus furnish the help to nature.

MATHER PLEDGES ASSISTANCE TO SCENERY SAVING

In addition to the telegrams published yesterday which were received in recognition of the work being done in Jackson county for the preservation of the scenery was the following telegram from Stephan T. Mather, director of National Parks.

Washington, D. C. Alex Sparrow, Medford, Oregon.

Please congratulate Jackson county for her public spirited action in working for the preservation of her scenic assets. This pioneer work should help Governor Olcott materially in carrying out his state wide plans. Please advise the convention that the National Park Service will cooperate to the fullest extent and that we are particularly interested in seeing the approach roads to the National Parks protected by strips of primeval forest. S. T. MATHER.

The special luncheon at the Medford Hotel yesterday proved to be very interesting for the guests who attended the Scenic Preservation Convention in that the scientific planting of trees and shrubs along the highways was discussed by H. L. Walther, president of the Medford Chamber of Commerce. Benj. F. Lidas, who was elected an acting president of the Scenic Preservation Association presided.

Among the out of town guests who were present were A. R. Sweetser of Eugene, Louis Ulrich of Jacksonville, J. W. and Sara H. Elden of Central Point and the following residents of Ashland: Dr. Bertha E. Sawyer, Mrs. C. B. Lamkin, Mrs. Gordon MacCracken, John H. Fuller, F. H. Walker and Dr. A. C. Caldwell.

HORSES LOADED WITH T. N. T. STAMPEDE ON PRECIPICE, 3 KILLED

WASHINGTON, Feb. 24.—The darning of a government packer, who stepped among a mass of straggling horses loaded with T. N. T. on the brink of the Grand Canyon in an effort to save his animals, is told today in an official announcement by the park service of the first accident on the Bright Angel trail. The accidents occurred January 20. Three horses out of eleven tied together on the trail went over the brink and were dashed to death below. One fell 1000 feet and his pack saddle was uninjured. Another fell 200 feet with 150 pounds of T. N. T. which did not explode.

The pack train was carrying material for the construction of the suspension bridge across the Colorado river, over a trail which was slippery with ice and snow. The packers had just led the train beyond the first turn on the trail and had gone to the rear to untie the horses when one of them became excited and crowded the lead horse off the trail.

Packer Homer J. Arnn managed to get among the excited horses and to cut the rope between three straggling animals and the rest of the train.

All materials for the bridge, including the cables, must be packed over the trail under direction of skilled packers.

BLUE SUNDAY MEASURE WOULD KILL BASEBALL

SALT LAKE CITY, Feb. 24.—Pacific Coast league baseball in Salt Lake City will be a thing of the past if the bill introduced in the Utah legislature calling for elimination of amusements on Sunday is passed, according to H. W. Lane, president of the Salt Lake baseball club.

He said that Sunday baseball meant the life of the sport here. It furnished greater revenue than on other days and the club would be unable to operate successfully if the proposed measure was enacted into law. He declared that if the law was passed that Salt Lake's franchise in the Coast league would go to Tacoma, Wash.

At the Rialto Although "the play's the thing" on the screen as well as on the stage, Universal-Jewell, producers of "Under Crimson Skies," now showing on the Rialto theatre, were not satisfied with having just a good story. They have added to the story some of the finest scenic pictures ever filmed, particularly the marine scenes, and have given the production the advantage of a splendid cast, headed by Kimo Lincoln, the Colossus of the screen.

"Chickens" Scores Big Hit The new comedy "Chickens" in which Douglas MacLean is the star, has been attracting large audiences to the Page theatre this week. It is a delightful comedy which is well worth seeing.

MEDFORD TOSSERS TACKLE ASHLAND QUINTET TONIGHT

The Medford high basket shooters will clash with the Ashland quintet at Ashland tonight in the opening game of the Medford-Ashland series. It is generally conceded that they will back a hard line-up when they hit Ashland and in view of the fact that there has been a slump in the work of the Medford boys for the last three weeks, Medford fans are somewhat doubtful as to the outcome of tonight's game. According to Coach Klum "The Medford men are capable of winning if they only come out of their present slump."

But even this widespread pessimism does not dampen the ardor of the local enthusiasts who are confident that Medford will duplicate their football victory in tonight's cage battle. Atkins, Ashland's shifty running guard, and Ramsey at center may be hard men for Medford to watch while Young at guard and Guthrie and Herr, forwards are clever basketsters. Captain "Irish" Coleman of the home quintet has been on the shelf all week with a sprained wrist and his berth will be filled by Russ Sherwood when the whistle blows tonight.

The present ticket sale indicates the largest section of rooters assembled in the history of southern Oregon sports at the Natatorium tomorrow evening to witness the second game of the series. To accommodate this crowd the athletic authorities have erected additional bleachers at the west entrance and tickets for these seats will be open for sale Saturday morning. The girls games tonight and tomorrow night promise to be the best ever and will

Gem Nut Margarine Means Tender Pastry

Making tender, flaky pie crusts is not only an art, but a matter of using the right shortening.

Pastry made with Gem Nut fairly melts in your mouth.

Not a hand touches it either in manufacture or packing until you open the carton.

Order one today.
