SCENERY SOCIETY MEETS ASHLAND ON MARCH 18TH

With the adoption of a constitution and by-laws, and the naming of the directors, the Scenic Preservation Society of Jackson County closed its first convention yesterday, adjourning to meet in Ashland, March 18, when a president and vice president and other officers will be elected.

The delegates named were: Ashland, Mrs. Otto Winter; Phoenix, Mrs. Lloyd Culver; Medford, H. O. Probach; B. F. Lindas; Jacksonville, Mrs. Louis Ulrich; Applegate, Frank Preston; Central Point, Mrs. Sarah H. Elden; Gold Hill, Sprague Reigel; Rogue River, Sam Mathis; Eagle Point, Mrs. Frank Brown; Butte Falls, Mrs. Geo. W. Barker; Prospect, J. E. Griever; Wimer, E. E. Dimmick; Trail, W. G. McDonald; Lake Creek, Mike Hanley.

Prof. I. E. Vining of Ashland delivered an address before the newly formed Scenic Preservation association of Jackson county yesterday afternoon, and as usual, held his large and appreciative audience spellbound as he narrated the numberless scenic assets of southern Oregon and Jackson county.

"I know of no more appropriate shrub and flower to line the highways of Jackson county than the old fashioned sweet brier which grows so profusely winter and summer in this section. It would give individuality, it blooms alike in winter and summer, is a heritage of the pioneer—and, though some of our friends of the Portland Chamber of Commerce would prefer the Japanese tea rose,—I believe this organization should adopt it as the official flower."

Prof. Vining made a plea for the exploitation of Jacksonville spots and legends, and told his audience that early data of that pioneer city was considered by world famous authorities, "as the most interesting and instructive in the hands of the white man,"—showing the development of the mining laws, and the progress from the days of the vigilantes to the organized legal processes.

Prof. Vining also made a plea for the bypaths of the country, and suggested that the aid of the Boy Scouts and Camp Fire Girls be enlisted, and combined with the forest service in the mapping out of trail trips to wonder spots now little known and seldom visited, but possessed of marvelous beauty. He said the side trips were tiring to the cooped men and women of the east on a vacation, and that the impressions gained, lasted for years.

"The people of this section look with the eyes of the commonplace upon the marvelous scenery, but to the people of the crowded sections, they are wonderful beyond words," said Professor Vining, "and the object of this association should be to awaken and keep burning in tourists love for this section."

"Table Rock is rich in pioneer and geologic history, yet no writer or poet has ever told its glories," said the speaker, intimating that the Rogue River valley needed a regular poet as much as anything else.

BERKELEY GIVES UP EASTERN GAME TO PLAY OREGON

BERKELEY, Calif., Feb. 24.—More than 700 graduates of the University of California plan to participate in a reunion here on the night of the California-Michigan track meet here April 9. The reunion banquet will be a testimonial to the championship 1920 football team.

BERKELEY, Calif., Feb. 24.—A definite decision of the University of California athletic authorities that no football game will be played with an eastern college during the fall semester came today with the announcement that the only date heretofore open, October 22, had been given to the University of Oregon. California had interrogated Harvard, Yale and Princeton in regard to a game on that day but the answers were unsatisfactory. The game will be played here.

Reports from the Middle West are to the effect that banking conditions have improved greatly.

A RAW, SORE THROAT

eases Quickly When You Apply a Little Musterole. And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use.

Jackson County School Notes

Buttercups and grass lilies on teacher's desk in the country school are sure signs of spring.

These are the days when Miss Homes, Miss Fuller, Miss Pool and Miss Faldine may be heard in friendly rivalry over the question of which one's car has tested the depths of "the worst road of all"—and yet has not tarried there.

Standard reading tests have been given throughout the schools of Jackson county during the last ten days. These tests are valuable in getting at the degree of accuracy the average pupil has attained in gleaned thought from print. The ability to concentrate and to do exactly as directed is also revealed.

Little Applegate school is interested in the purchase of desks for the school, as well as some other necessary and attractive properties—all as the result of various evening entertainments given during the fall and winter. Given wide awake people and a wide awake teacher, what cannot be accomplished?

Bellview school was the community center for a large gathering last Friday evening, when "The Gipsy Queen" was given by local vocalists. It proved a very attractive production, and the stage settings and lights were far ahead of anything before attained at Bellview. Door receipts together with results from sale of supper delicacies, and candies, amounted to over \$70.

This fund will be expended in purchase of folding chairs to be used for evening audiences, and also in securing more dishes for such evening festivities.

The English classes of the various high schools have received details about the state-wide essay contest for the Almack cup. Some event in local history is to be the subject matter for the essays. The contest closes with the end of March and a number of schools in Jackson county would like to win from Salem high school the cup she has held for the past year. The entire plan for the contest is a part of the "Know Oregon First" movement commenced by Mr. J. C. Almack, now well known in southern Oregon because of his work here under the extension department of the university. Why should boys and girls not know most about the state they live in? And who knows how much of valuable records may be gathered through the young historians of our schools?

The Howard school is planning one of its pleasant community evenings for Friday, Feb. 25th. The program will be partly a patriotic one, and Miss Pool and Mr. Holbaugh will also have a share in it. The unusual thing about these Howard school gatherings is that there is no organization behind them, just community spirit.

WESTERN UNION WINS AGAINST GOVERNMENT

NEW YORK, Feb. 25.—Federal Judge Augustus N. Hand today handed down an opinion denying the petition of the United States government for the right to prevent the Western Union Telegraph company from laying its cable from the Bahamas to Miami, Fla.

COLDS

"Pape's Cold Compound" Breaks any Cold in Few Hours

Instant Relief! Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken, usually breaks up any cold.

The very first dose opens clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness. "Pape's Cold Compound" acts quick, sure, and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's! Adv.
