Tells Girls How She Found Relief From Pain

West Palm Beach, Fla.—"When I was 19 years old I was irregular and I had such terrible cramps it felt like a knife going through me. I took Lydia E. Pinkham's Vegetable Compound and I was cured. And I was married I had the same trouble caused by the added work of farming and heavy washings so I told my husband to get six bottles of the Vegetable Compound and by taking it regularly my troubles ceased and now I never have a pain or ache, and am regular. I recommend Lydia E. Pinkham's Vegetable Compound and think every young girl should take it. You can publish this letter and it may be the means of helping some other girl or woman."

—Mrs. MARY M. WAGNER, Box 759, West Palm Beach, Florida.

While no woman is entirely free from periodic suffering it does not seem to be the pain of nature that woman should suffer so severely and when pain exists something is wrong which should be set right. Every girl who suffers from monthly cramps should give Lydia E. Pinkham's Vegetable Compound a fair trial.
