WAKE UP! INVESTORS

WHY are we making such wonderful growth?

BECAUSE we're already helping 250 worthy families to own their HOMES by paying a fraction less than 8 per cent interest on money borrowed.

BECAUSE we're offering anyone having money to loan a high rate of interest from the day deposited, guaranteeing 7 per cent on Preferred Stock, and on Common, and Installment Stock, the interest is based on the NET PROFIT, which in twelve years has never been below 7 per cent and most always more.

BECAUSE THERE IS NO GRAFT ANYWHERE. Advertising and salary of Secretary, being the only expense. The Officers and Directors give their services.
