

CHARGE V. KATO TAKING BRIBE, GOVT. TOTTERS

TOKIO, Mar. 17.—(By Associated Press.) Riotous scenes were enacted at a meeting of the Kenzi-Kai or opposition party, which had gathered here today to discuss a sensational open letter written by Secretary Kirooka of the Zyu-Kai, charging Viscount Kato, president of the Kenzi-Kai, with accepting a bribe. The meeting was attended by 10,000 persons, and when Representative Tomerzaburo Shimizu attempted to speak a dozen men rushed forward and demolished the platform. Many fights occurred in the crowd and the police were forced to intervene, making many arrests.

After the meeting had broken up, a crowd headed by two automobiles, marched toward the diet building which was surrounded by two cordons of police with hundreds of reserves in nearby streets and parks. The correspondent of the Associated Press sought to traverse this district but was politely requested to take another street.

Near the diet building the crowd was haranged by leaders. The throng was urged to break through the police cordons but police reserves were hurried up and the manifestants were forced to retire. Their leaders were arrested.

It was the prevailing opinion here today that the ministry is confronted with a serious crisis.

WANDERER GETS DEATH PENALTY

CHICAGO, March 18.—Carl Wanderer today was found guilty by a jury of the murder of the ragged stranger shot to death in an alleged mock hold up, and the penalty fixed at death.

The jury deliberated only 29 minutes but was delayed in returning the verdict through the absence of Judge David.

In a previous trial Wanderer was convicted of the murder of his wife and was sentenced to prison for 25 years.

It was charged that the stranger was hired to act the part of a robber and was slain to silence him.

Daily Record of the Crime Wave

SACRAMENTO, Cal., Mar. 18.—No clue had been obtained early today to the slayer of Yee Luok, a Chinese who was shot to death last night at Locke, 39 miles down the Sacramento river. Sheriff Ellis Jones of Sacramento county stated his belief that the slayer was a member of the Kin Yeng tong. Yee Luok was declared to belong to the Suey Ong tong, and the shooting was believed to have been another incident in the tong war which has agitated the Chinese of the state for several weeks.

POCATELLO, Idaho, Mar. 18.—W. H. Hall, farmer, 26 years old, said to have become suddenly insane Thursday when he shot Edward Brandt and wounded Deputy Sheriff Charles Torrance, at Pauline, near American Falls, Idaho, is reported to be dying at a local hospital.

LABOR PREPARES FOR CONTEST

(Continued from Page One)
Labor's Fundamentals
The fundamentals were defined by Mr. Jewell as follows:
The eight hour day; proper overtime rates for work in excess of eight hours; arrangement of working shifts for reasonable living arrangements by employees and their families. Reasonable rules for the protection of health and safety of employees. Definition of the work of each craft to be employed by mechanics and helpers. Formulation of apprenticeship rules; four years apprenticeship requirement for mechanics; right of majority of each craft to determine what organization shall represent them; right to select a committee to handle grievances; limiting of craft seniority to local shops and not permitting interchange of seniority with other shops or crafts; and rights to organize without discrimination.
"Our reason for summarizing these fundamentals at this time," said Mr. Jewell, "is to demonstrate how easy it would have been had the

FRECKLE-FACE

Now Is the Time to Get Rid of These Ugly Spots.
Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?
Simply get an ounce of Othine—double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles.

railroads been sincere to meet with those who have been selected and instructed by the rank and file of railroad employees to adjust the whole matter of national agreements."

Miners Oppose Cut
INDIANAPOLIS, March 18.—Any attempts to reduce wages of coal miners in the United States will be resisted by the miners' union, John L. Lewis, president of the United Mine Workers of America, declared today in announcing such a policy had been approved by the union's executive board, in session here. The union miners, it was said, have contracts at present wage scales that continue until March 31, 1922.

Wage reductions proposed in Washington, southeastern Kentucky and Tennessee, are regarded as a possible forerunner of similar proposals throughout the country.

"The United Mine Workers," said Mr. Lewis, "has said from the first that it would not permit wage reductions in view of the fact that the great majority of the mine workers are not making more than a living wage as it is."

Mines in Washington state, it was said, have shut down because of the miners' refusal to accept reduction to the wage level of October 31, 1919 or approximately 25 per cent. According to the statement, assurance has been given the Washington miners that the union would support them in resisting any reduction, the international officers saying that the operators sought to violate their wage agreement with the miners. This position of the officers, it was announced, was approved unanimously today by the union's executive board.

Washington Men Upheld
Mr. Lewis' statement said:
"The proposed reduction in Washington will not be permitted. The present agreement will have to stand until it expires by limitation. The same action has been taken regarding proposals for reductions in southeastern Kentucky and Tennessee. The agreement will be protected with the full force of the United Mine Workers."

"In the first place, a reduction in the wages of the miners would not result in any more coal demand and would do tremendous harm to the industry. Experience has demonstrated that wage reductions in the coal indus-

try benefit no one. Furthermore, the wages now being paid in the coal industry are sufficiently low to allow coal to be produced and sold to the consumer at a reasonable rate in comparison to other commodities, and still bring the operators a good profit."

Strike for Arbitration
CHICAGO, Mar. 18.—Results of the strike vote taken Wednesday by the packing house employees in many middle-west cities were to be announced today at headquarters of the Amalgamated Order of Meat Cutters and Butcher Workmen. In a few cities union leaders said, the vote had not been completed but reports indicated almost unanimous decision in favor of a strike unless the packers' wage reduction and rearrangement of working hours was suspended pending arbitration.

Tabulation of the vote taken at the Chicago stockyards last night showed 13,297 votes favoring a strike, out of the first 14,819 votes counted. At Omaha 6841 votes were cast, 5199 of them favoring a strike. Only two of the first 199 ballots counted at Kansas City were against a strike.

A statement by six of the smaller packers today announces that most of

them have been forced to shut down their plants to avert further losses due to material costs and wage rates under the wartime agreements.
