This Woman Suffered

Mrs. H. A. Leaman, Sturgis, Colo., writes: "I suffered with bladder and kidney trouble for years. Doctored and tried everything. No help. Finally a friend sent me Foley Kidney Pills. They helped me so much I used 7 bottles. Now I feel fine. Spent sleepless nights. Suffered so it seemed I hardly could live. Recommend Foley Kidney Pills to all who suffer from kidney trouble as I did." Sold everywhere. Adv.

THE LESSON FROM RUSSIA.

"Property has no heart. Money has no soul. The ruling classes are not people, they are merely living machines, formed by a combination of property and money, which allows them power, to exploit or slaughter the working class as they see fit. Remove both, private property, private fortunes, and a new era of brotherly love and exampled human happiness will arise."

THAT was written 16 years ago by a Russian disciple of Nikolai Lenine. His instructions have been pretty well carried out. There are no private fortunes in Russia, there is no private property as that term is generally understood. Both have been removed, and now we trust the writer observes, that era of brotherly love and human happiness, which was to arise!

* * * * *

Exploitation and bloodshed, instead of decreasing, has increased. The only vital change has been a transfer of authority from the autocracy of the Czar, to the autocracy of Lenine. And where Russia, with all its reaction and tyranny, was as a whole, enjoying health and a certain well being, it is now a land of desolation, starvation and outrage.

True much of this was an unavoidable product of war. But this does not lessen the force of the truth, now demonstrated, that the communistic theory of a millenium, arising from destruction of the economic framework of society, is not only the purest drivel, but that it is in reality more productive of evil, than is the system it seeks to destroy.

* * * * *

It was Macaulay who said it was impossible to indict a nation. So it is impossible to indict a class. Russia's experience has demonstrated that cruelty, oppression, and hate, are the monopoly of no class. Neitzches "will to power" works its dire end, no less ruthlessly under the dictatorship of the proletariat, than under the dictatorship of the Grand Dukes.

The only force that will bring a radically better world, is the force of a new spirit, not in one class, but in the heart of humankind. This spirit can only be the product of evolution not revolution, it can only spring to life in peaceful soil, it can never be vitalized by the machine gun and the bomb.

* * * * *

The lesson that Russia teaches is the lesson of understanding. Inciting war of class against class, merely leads to destruction. The truth must be learned that the country groceryman who puts sand in his sugar, is the spiritual kinsman, not of his fellow tradesman, but the millionaire profiteer; that the union labor leader who proclaims the interest of his class comes before the interest of the nation, is not the prototype of the strong armed toiler, but of the thick necked capitalist, who proclaims the might of money must prevail.

So finally the issue is not between two conflicting classes at all, but between two conflicting theories running through all classes, the theory of justice to all, and the theory of privilege for the few.

KEEPING BUSY.

WHEN attending to my spinning, or whatever tasks are mine, I don't see my neighbors sinning—I suppose they're acting fine. While I fumigate my chickens or repair the kitchen flue, folks may act up like the dickens, I don't notice what they do. Oh, I'm singing, angel-throated, as I tinker in the rain, and my thoughts are all devoted to my labors safe and sane. So I do not hear the scandals that are flying through the town, and I do not meet the vandals who would wreck some fair renown. And I miss the vicious stories that the gossips weave all day, for I hoe my morning glories in the good old fashioned way. Busy people do not peddle tales that stir up human strife; busy people do not meddle with the dirty dregs of life; they are thinking of achievement, of the toil that makes a hit, and they know their great bereavement when the darkness makes them quit. Idlers spend their ttime inventing tales that make old Satan grin, they're the sleuth-hounds that are scenting every trail that hints of sin; and the wholesome lads are sweating as the golden moments flit, only worrying and fretting when the darkness makes them quit.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them.
