

'SHINE' EDWARDS DRIVES CAR TO L. ANGELES 37 HRS.

The Medford party which left here a week ago Friday for Los Angeles to attend a suit there in federal court arrived back in the city at 5:15 p. m. yesterday, having made the round trip in J. T. (Shine) Edwards' Nash taxi car in the remarkable time for this period of the year. The chronological and other details of the journey are as follows:

On Friday morning, March 11th, F. C. Clark, Sheriff C. E. Terrill, "Shine" Edwards, Dud Wolgamott and F. J. Newman left Medford at 8:45 in the morning and reached Dunsmuir at 11:45 a. m., a distance of 114 miles. One hour was spent at Dunsmuir, the party leaving at 12:45 p. m. and arriving at Chico at 8:49 p. m. Friday, total distance 258 miles.

After spending the night at Chico the party left the next morning at 6:15 a. m. and arrived at Fresno at 7:05 p. m., a distance of 284 miles, making a total distance from Medford of 542 miles. Left Fresno at 8:15 a. m., arrived in Bakersfield at 10:40 a. m. where the party took lunch, and left for Los Angeles, arriving Sunday evening, March 13th, at 6:15 p. m. Total distance traveled 785 miles, actual running time about 27 hours.

From Red Bluff to Los Angeles the road is paved practically all of the way, and passes through wonderful scenery.

There was no water put in the car from the time that the car left Medford until the return, and the car was never placed in low gear on the entire trip, going or coming, and was shifted to intermediate not over a half dozen times in either direction, and then, for the most part, owing only to rough portions of the road. The entire trip was made without trouble or accident of any kind and without even having a puncture. Gasoline used on the 1680 mile trip, seventy-six gallons. Engine oil, ten quarts. The party has nothing but praise for the Nash car, and for the driving ability of Mr. Edwards, who is certainly a competent and thorough driver.

The party left Los Angeles on the return trip at 3:40 p. m. on Wednesday March 16th, and drove to Santa Barbara, a distance of 106 miles, by 7:15 p. m. Left Santa Barbara 6:15 a. m., arrived in Oakland 7:17 p. m., a distance of 258 miles, total distance 464 miles. Left Oakland 1:00 p. m., arrived at Red Bluff at 8:15 p. m., a distance of 213 miles, or a total distance of 677 miles. Left Red Bluff at 6:20 a. m., March 18th, and arrived at Medford 5:15 p. m., March 18th, two hours and 55 minutes of the running time of train 16. Total distance traveled from Los Angeles to Medford 895 miles, and the entire distance traveled on the trip, 1680 miles, longest day's run 358 miles.

The entire party is enthusiastic over the trip and pronounce it one of the most delightful auto trips that can be taken.

HIGH RENTS CLOSE DOWN HINKY DINK

CHICAGO, March 19. — High rents have closed Alderman "Hinky Dink" Kenna's bar room as prohibition closed his "workingmen's exchange."

The latter place on lower Clark street dispensed the largest tumbler of beer for a nickel in the old days. The bar room where Kenna catered to his more select customers and greeted his political friends, has been rented for a restaurant at \$1,000 a month. The first ward alderman said he paid \$500 a month but had been losing money just to have a "hangout for the boys."

KENTUCKY GIRL WRITES LETTER

How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Sunnyside, Ky. — "I suffered for more than two years with my back and nervousness, and was not able to help my mother do the housework. I took treatment from two doctors and they did not do me any good. Mother saw Lydia E. Pinkham's Vegetable Compound advertised in the paper and I took about ten bottles. It has done me a great deal of good. I weigh 138 pounds and am in good health. I will gladly recommend Vegetable Compound to anyone who suffers with the troubles which I had, and you are welcome to publish my testimonial." — VILMER HENDRICK, Route 1, Sunnyside, Ky.

To many American girls life is often a heavy drag in consequence of illness, and every mother should heed the first manifestations, such as cramps, backaches, headaches and nervousness as Mrs. Hendrick did for her daughter, and give Lydia E. Pinkham's Vegetable Compound a fair trial. For over forty years this old-fashioned root and herb medicine has been relieving women of just such troubles. Write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

JAPAN AT LAST RESPONDING TO FEMINIST WAVE

TOKIO.—(Correspondence of the Associated Press).—"Japanese women are beginning to awake to their real position," declared Representative Ichinomiya in the Diet, while favoring the bill to abolish the law which prevents women from attending political meetings or joining political associations. The measure which was supported by members of all parties in the house is regarded as an important step in the emancipation of Japanese women.

"Socialism and women's suffrage," continued Representative Ichinomiya, who belongs to the governmental Seiyukai party, "constitute the two great streams of the world-wide social movement. The women of Japan are coming into contact with the broad currents of international thought. It is quite natural and right that the fair sex should, under these circumstances, aspire to share with men, political privileges.

"The women are now allowed to discuss and read journals and books dealing with political problems, and yet they are denied the right to attend political meetings. This is at once absurd and unjust, and if the government does not make way for the natural claim of the women the time may come when the authorities may find themselves forced to do so through the ever-growing pressure of the progressive times."

Representative Matsumoto, Independent, was another warm advocate of the proposed change. "In giving the 30,000,000 women of Japan," he said, "a chance of acquiring political knowledge the government will take a broad stride towards real national development. Women should not only be admitted into public meetings of political significance, but should also be entitled to the right of organizing political bodies of their own if occasion requires. The self-awakening of the fair sex is a fact that cannot be gainsaid. Society has attained such a marked advancement that, without political knowledge and comprehension, no women can be competent wives and mothers in the future."

Not only should the objectionable regulation be abolished in the opinion of Representative Koyama of the Kenseikai opposition party, but the law forbidding laborers to organize unions should be done away with. "The time has passed," emphasized the speaker "when women and laborers can be pressed down with impunity."

A committee is now considering the women's bill.

BIG PINES LUMBER CO. OPENS AGAIN

A. L. Hill and Bert Thierolf of the Big Pines Lumber company, arrived home this morning from Portland where they had been in connection with the suit brought in United States court by the Macomber, Savage Lumber company of San Francisco seeking to break a contract with the local concern for a large order of pine lumber. The temporary injunction issued by the court, which closed the Big Pines company's retail yards from doing any business for several days, has been lifted and the company is conducting its business as usual, having put up a bond to cover the \$30,000, the amount involved in the suit, which is still pending in the federal court.

The whole trouble was caused, according to officers of the local company, by the fact that the San Francisco company after purchasing on the high market, on contract the big order of lumber made an advance payment of \$30,000 on the contract in June, 1920. Then there was a big drop in the price of lumber and the buying company tried to have the contract cancelled and their money returned. This the Big Pines company refused to do. Then the California concern brought the suit in federal court at Portland, in an effort to break the contract.

make up his mind to leave Lovett on the crossing.

"Finally I saw a train coming from the east," he confessed, "and drove on the railroad track, unhitched the horse, leaving the buggy with Leroy lying in the seat on the track and I ran down the road south in the direction the horse went. "The reason I placed my suit of overalls and shoes on Leroy was that I thought when the train struck the buggy Leroy would be cut so bad he could not be identified and some of my clothes would be found on him and they would think it was me and I would have a chance to get away." Lovett died shortly after his body was found.
