

IN TURKEY TAKING GIRL TO MOVIES MEANS MARRIAGE

CONSTANTINOPLE, Mar.—There are many curious things in this ancient city of the Turk which are unknown to most people.

"Just imagine," he writes, "lying up traffic on the main thoroughfare of a big city during the busiest hours of the day by driving a flock of sheep slowly down the street. But they do it over here."

Some other alleged strange things done by the Constantinopolitans he cites as follows:

A street car passenger often bargains with the conductor about the price he will pay for a ride.

If a youth takes a girl to the movies once or twice, her parents expect him to marry her.

Turkish sawyersmen, even in the smallest shops, are required to understand or speak seven or eight languages.

Native men are accustomed to "rent" a pipe to smoke while they sip their afternoon tea.

A policeman, if he finds a pick-pocket at work, may beat him almost insensibly and then let his prisoner go.

Some Constantinople stores have signs in as many as eight languages over their doors.

A tourist may engage a boatman to row him for two miles for two or three cents.

An American paper money is worth 15 to 20 per cent more than Turkish gold, it is possible for one to buy a \$20 gold piece for 17 paper dollars.

Christmas is celebrated four times a year, once for each of the different religious calendars.

A man walking along the street often may be seen followed, five or ten paces in the rear by a few of his wives.

A bootblack will give you a good shine for a cigarette.

There is no limit to automobile speeding in any part of Constantinople, but it's a case of "all you can make."

A Turkish barber is courteous, but when he shaves you he never washes off the lather, but covers your face with powder.

A suit of pajamas, or its equivalent is enough "evening dress" at a grand ball.

ANTIOCH ITEMS

Mr. Holmes of the Willamette valley was up to Mr. and Mrs. Jess Glass Monday with his little girl who is going to make her home with Mrs. Elbert Glass.

Mrs. Threlger and Mrs. Sager were down from the mountains Tuesday to see Mr. and Mrs. Vernon Conley's baby who is very sick with typhoid pneumonia.

Mr. and Mrs. Ben Perry and family are here on a visit from California.

Mr. and Mrs. J. Conley are staying at Central Point with their daughter, Mrs. John Vincent.

Clayton Threlger was kicked on the hand by one of his mules and broke two bones.

H. Rodgers and F. Brown motored to Grants Pass and then took the train to Divide and will bring back Mrs. Brown who is sick.

Mr. Copley is hauling hay from Clarence Case this week.

John Rodgers and family from near Medford spent Easter Sunday with Mr. H. Rodgers and family.

Mr. Porco took his wife and daughter-in-law who has been staying at Gold Hill all winter up to his mine Sunday to stay.

No two leaves, even from the same tree, are exactly alike.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts if Back hurts or Bladder bothers—Drink lots of water.

We saw a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with a table-spoonful of the urine for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

ARGENTINE CONEY ISLAND A MODEL OF PROPRIETY

BUENOS AIRES.—To the American accustomed to the hilarity of Coney Island, the gaiety of Atlantic City or the furious sport of the California beaches, Argentina's principal seaside resort, Mar del Plata, is a surprise, for one can really rest there.

He sees no merry-go-rounds, no scenic railways, no thrilling devices of any kind. He catches sight of few "mermaids" sporting on the sand. He is charmed, or shocked, by no frivolous or sordid bathing tops. He sees no running about, no leap-frog, no surf riding, no dancing on the sand to the strains of distant music.

Instead, he finds a sober multitude quietly promenading or lolling in chairs decorously chatting, or sipping drinks. He sees a smartly dressed crowd both of men and women. When fashionable Miss Argentina lies her for the beach she equips herself with a trunk full of Paris gowns.

She usually takes an ocean dip every morning between 11 and 12, al fresco in a bathing costume that falls modestly below the knees, and seldom carries between the surf and her bath house. She may sometimes play a bit at tennis in the morning, too, and in the afternoon try a round of golf on the excellent links up the beach. In the evenings she will dance at the hotel or at the villas of friends, but always chaperoned by her mother.

EAGLE POINT EAGLETS

By A. C. Howlett

John Logan of Trail and John Howard, one of the veterans of the civil war, came in Tuesday night and remained until Friday morning.

They came out from Medford, intending to go out on the trail stage, but owing to the condition of the roads, Mr. Peterson's car was so completely wrecked that he was not able to use it, so had to do the next best thing, and the best he could do was to get a small runabout, to take the mail, and leave everything that he could.

But he is not the only one who has trouble carrying the mail, for the men carrying the mail from here to Butte Falls had the same trouble, for Tuesday Miss Ida Dunlap of Derby came in, intending to go home that morning and the mail and post was so heavy and bulky that she had to wait until this Saturday morning before she could go, and then the mail carrier had to leave one young lady, who wanted to go home.

Mr. and Mrs. Ed Murphy and daughter of Wellen were business callers Tuesday, and took dinner at the Sunnyside and so did Charley Given. They came in with a load of potatoes from the Given ranch on Rogue River, and Pearl Stowell, Nick Oung and Judge Forey, beside several strangers, whose names I did not procure.

K. D. Jones of Butte Falls, who has a contract to build two concrete buildings in Medford, was a passenger on the stage Tuesday.

T. P. Coleman and wife of Lake creek were here Tuesday, doing business with our bank. They were on their way to Medford to spend the night. They are the people who bought the William Holman place on Lost creek and I asked Mrs. Coleman how she liked their new mountain home and she replied "Just splendid, everything is so green and lovely." Although it is very muddy, they walked out to where they had their car parked, and came right along out.

Mr. and Mrs. P. J. Ayres, who have a farm on Reese creek were in town Tuesday and, thinking of that horrible piece of sickness between the Reese creek school house and their place, I inquired how they managed to get out. She said they just hitched their faithful team to the back and came right along through it.

Mr. Kingery of Wellen was here Tuesday and so was Harry Carlton and wife, also of Wellen. I notice that the people who come in from the country come either on horse-back or in a light rig, or on foot, much the safest way.

There was a company of seven all U. S. service men, except one, and that was Mrs. W. H. Coombs of Medford and she was to be the cook for the company, came in Tuesday evening and called for supper and breakfast. Fortunately they all had their beds, and slept in the barn, except Mrs. Coombs. She managed to secure a bed in the house. They were going up beyond Butte Falls to plant trees to try to replenish the timber that has been cut, burned or otherwise destroyed.

Mr. R. A. Pettis, who lives on the Vermeir place, was in town Thursday making a deal to sell some corn that he has managed to keep over.

Mr. Art Thupin of the Antelope orchard was in town having his team shod by our blacksmith, Mr. Childreth.

Spending of horse showing, we had quite a little excitement in our little town two or three days the first of the week. Charley Dolin, the sub-contractor, who has his teams here and occasionally works on the Crater Lake highway when the weather will permit, has a lot of horses that have never been shod or handled very much and several of them were so mean and vicious that they had to be almost "hog-tied" to do anything with them, but with the assistance of the work, they managed to get them shod. The reader will bear in mind that Mr. Childreth has been troubled with something like the flu for the past week or more, and was not in a condition to tackle the job alone.

Mrs. Frank Farlow of Lake Creek was a passenger on the Lake Creek stage Thursday.

Frank Lewis, our confectionery man, has put a meat cooking contriv-

side walk in front of his place of business.

D. Inagler of Eugene came in Thursday and spent the night taking the Eagle Point-Trail stage for Trail Friday morning.

Paul B. Ryoming, state highway engineer and A. A. Clauson, Sr., bridge engineer, who are engaged in the construction of the Crater Lake highway in this neighborhood, are occasionally taking their meals at the Sunnyside.

C. A. Stanton of Portland was a guest at the Sunnyside Thursday.

A few days ago I received a letter from our daughter, Mrs. Grant Show of Portland, in which she sent me the accompanying clipping taken from a Portland paper:

"Old Jim" Howard, famous mountaineer character of southern Oregon, went to jail yesterday to start serving out a \$200 fine at the rate of \$2 a day. Howard received the \$200 fine from Judge Bean, after he had been found guilty by a federal jury of possessing moonshine whiskey Thanksgiving day. "Old Jim," as he is affectionately known to residents of Klamath Falls, was formerly a licensed distiller in Tennessee and the product his stills turned out was famed far and wide.

"Old Jim" Howard was for several years associated with his brother, Ted, and lived in the foothills northeast and east of here and at the time were generally suspected of carrying on the business of running an illicit distillery, but finally the climate became too hot for them and they both disappeared, greatly to the relief of some of their neighbors.

Ed Dutton and John Rader, two of our prominent stock men, were discussing the subject of high taxes, and the price of cattle, and they seemed to think that it would be difficult to sell the stock cattle at the price they are assessed at by the assessor, or rather the county court, and they were also discussing the question of the price of beef cattle on foot and the price of beef dressed and arranged at the conclusion that taking into consideration the circumstances in the east, about the best thing we could do would be to recall the entire county court, from the county judge down to the janitor and make a clean sweep, and stop sending lawyers, bankers and doctors to the legislature and send some of the staid old farmers, who would put a stop to adding debts to our already taxed to death people and let us have a little rest in that line. But a question comes up in my mind as to how we could prevent the lawyers, bankers and doctors from going when they lay awake nights and plan for months ahead, while the farmers and stockmen are laying awake studying how they can manage to get the cash to pay the exorbitant tax.

Sure Relief
