

Local and Personal

But a few days more and the valley will be a mass of blossoms as the earlier varieties of pears will then be in full bloom. Here and there a number of trees are in bloom now. The later varieties of pears will be in full bloom in a week or 10 days, and the apple blossoms will be out in about two weeks. "This is the most consistent fruit blooming section I ever saw," said Floyd B. Young, the frost expert, today. "During my five years of visits here in the spring blossoming time has always come about April 1st." There is very heavy setting of pears in the orchards, and generally of apples.

\$100 Reward, \$160

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have no much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials to care. Address: Dr. J. C. KENNEDY & CO., Toledo, Ohio. Sold by all Druggists, etc.
