

Corseting Is Both an Art and a Science

Nowadays the corset must be designed with due regard for the art of "dress" and with a scientific understanding of the delicate internal organs so that no undue pressure may be exercised upon vital spots.

Frolaset Corsets

are designed in strict accord with modern requirements, providing the required silhouette of the hour in the most artistic and graceful lines as well as protecting or giving essential support to the delicate organs of the body.

Let our corsetiere demonstrate the splendid qualities of Frolaset Corsets in our fitting room. Special values at \$5, \$6.50, \$7.50, \$10 and upwards.

BULGIN REVIVAL SERVICES START MEDFORD, MAY 1

The Union Bulgín-Lewis evangelistic meetings were launched last evening at a conference of workers from the various churches of the city held at the library building. Rev. Robert Lewis, business manager and singer, of the party came from Klamath Falls, where meetings are being held, to meet representatives from the churches, and lay before them an outline of the campaign. Mr. Lewis made a good impression on all who were present. He emphasized the need of cooperation and hard work on the part of the people of Medford if the meetings to be held are to do the great good which have resulted in other cities, where Dr. Bulgín has visited. The party find it impossible to meet the calls coming to them. The pastors and the churches of this city feel that in the coming of Dr. Bulgín and his helpers that Medford will have the largest and most successful union tabernacle meeting ever held here. Letters from all the pastors, leading business and professional men of Roseburg have been received endorsing Dr. Bulgín and his work in the strongest language, and not a few of this city have known and heard Dr. Bulgín, and are anxious that these meetings be held. A large tabernacle seating over 2000 people will be erected. The meetings start Sunday May 1st. A large chorus choir will be organized under Rev. Robert Lewis, who is known as a strong director and singer. A meeting will be held Sunday 3 p. m. at the Presbyterian church to perfect the organization. Some of the committees were named last evening. From now on there will be great activity in getting ready for the great revival, which will draw people not only from Medford, but from all the surrounding country. Roseburg has already written to the effect that an automobile party of a hundred will come over one of the evenings during the meeting. They are all boosters for the Bulgín party at Roseburg, as the churches there have received hundreds of accessions since the meetings closed.

'SWEETHEART SHOP' SCENIC PRODUCTION

"The Sweetheart Shop" direct from four weeks at the Columbia theatre, San Francisco and fresh from triumphs in New York, Chicago and Boston comes to the Page theatre, Tuesday, April 12th with Harry K. Morton and the entire original company. Edgar J. MacGregor who gave the coast original companies of "The Velvet Lady," "A Pair of Sixes" and "The Little Rebel" is the producer who believes that the coast is entitled to number one companies. The same big scenic production which takes two large railroad cars to transport as used in San Francisco, will be on view here. It is a Broadway show with a Broadway company including special musicians who were sent from New York to California.

"The Kid" Drawing Big Crowds Charlie Chaplin makes life worth living for one kid in his first feature picture, "The Kid," and he has been doing the same thing for hundreds of Medford kids and their fathers and mothers and sisters and brothers who have attended the Page since the picture has been showing there. Chaplin's part of a guardian to a precocious youngster in "The Kid," gives him perhaps the best comedy role he has ever had. The child himself, the kid of the piece, as played by Jackie Coogan, is an able helper in the fun-making.

Don't Miss "The Jucklins" If you haven't seen "The Jucklins" at the Rialto theatre, you should do so. Only two more days.

GOLD HILL NUGGETS

Schell & Calvert have the hot plant in operation once again. Beginning Thursday they made a record run and with the large supply of material they have on hand expect to keep the good work going. Mr. and Mrs. M. B. Merriman visited in Grants Pass Easter Sunday. Friends of Mrs. Wade will be glad to learn that she is dismissed from the doctor's care after her accident. A. Scherman visited at his home in Ashland the first of the week. Mrs. J. W. Clark spent Friday in Rogue river with her mother, Mrs. A. M. Rule. Mr. and Mrs. M. B. Merriman and Mrs. Geo. Hammersly were Medford visitors on Friday. Ralph W. Hand has returned to his work at Glendale after winning his wrestling match with Ted Thys. On April 9th the Women's Relief corps will serve their regular dinner at noon for the Veterans of the Civil War and the Soldiers and Sailors of the World War. Every one is invited to attend.

STATE PRESIDENT PARENT-TEACHERS TO VISIT MEDFORD

Mrs. C. W. Hayhurst, state president of the Parent-Teacher association will visit Medford Monday, April 11th. The Parent-Teacher circles have arranged all day meetings in which the rural circles and all the nearby towns will join. The day meetings will be held in the library. The morning will be taken up with reports and business of the circles. Mrs. Hayhurst will speak at the afternoon meeting and a general discussion will follow. In the evening a reception in charge of the teachers will be held in the high school. Every person interested is urged to attend all these meetings and patrons of schools in adjacent districts are especially urged to be present.

BUTTE FALLS

Mrs. Carl Jackson was a Medford visitor last week, also Mrs. Stoddard. Mrs. Geo. Barker was in Medford all of last week having a dislocated hip treated, returning Saturday much improved. Mrs. Conley, from the old Higebotham ranch, was operated on at the Granite City hospital last Tuesday. Tom O'Brien visited in town over Sunday. About one inch of snow fell last Sunday evening which has cooled the air ever since. Mrs. Richardson and Miss Hogan returned from the valley Monday. The crew of ten men that have been planting trees up on the mountains came down last night and were met this side of Rocky Hill about two miles, with the government truck taking them on down to Medford. This is the first car or truck to venture up over the hill this spring, as there hasn't been any foundation to the chuck holes which were quite numerous, and it is still impossible to get clear through. Butte Falls will be a dark old town unless the moon will run over and play peek-a-boo with us, as coal oil and gasoline can't come by parcel post, which is the only way for the people to get any freight from the city now since our mail carrier was compelled to leave the track which he was granted the use of all winter, until some two weeks ago. There will be a meeting in Medford the 9th to investigate this. Mr. Beach and daughter are leaving this week for Forest Grove where they are going to take up farming. Mark Baker was elected janitor for the coming year at the school house.

WANTED—Good pasture and feed for five head horses; also good 3 year old colts for sale, 1700 now. Kirtland Farm, Central P. O. Mr. H. Cox has vacated his 221 Wright house and is in town today arranging necessary equipments for housekeeping. Mrs. Patton and daughter Millie left today for the valley and will remain at the little ranch near Central Point. Chester Jones is head teamster for the forest service in this section, and seems to be very busy handling the four-mule team. Bob Edmonson is following the paperhanger's trade nowadays. Mr. Marion sold a nice young cow this week which brought him a sum of three figures in dollars. Very good for up here where cows are plentiful.

AGRICULTURE DEPT. OF HIGH SCHOOL WILL AID FARMERS

The agricultural department of the Medford high school offers free service to the farmers of Jackson county in the way of testing milk and the germination of seeds. Some farmers do not have a sufficient number of cows to warrant joining the cow testing association, but would like to know what their cows are doing in the way of production. For such farmers the boys of the above named department will gladly test their milk, provided the owners of cows will furnish proper samples and send them in to the high school. The sample for testing should be taken immediately after milking. The milk should be thoroughly mixed by pouring back and forth from one pail to another so as to get a fair average of the milk. One-half pint is enough for a sample. As the time for planting corn is fast approaching it is worth while for the farmer to know what percentage of his seed is going to germinate. The boys will also determine this for him if he will send in his corn. If the corn is not shelled they will test each ear separately. This department is in charge of Mr. C. D. Thompson.

KI-MOIDS (GRANULES) FOR INDIGESTION Taste good, do good; dissolve instantly on tongue or in water; take as needed. QUICK RELIEF! ALSO IN TABLET FORM FOR THOSE WHO PREFER THEM. MADE BY SCOTT & BOWNE, MAKERS OF SCOTT'S EMULSION
