

REQUEST GOVERNOR TO STAY OVER FOR SCENIC GATHERING

An effort is being made to have Governor Olcott, who is in Medford today, remain until tomorrow in order to have him attend the meeting of the Scenic Preservation association at Central Point. The governor has shown intense interest in the scenic preservation movement in the state and therefore it would be a good opportunity for him to see what is being done in Jackson county to further the movement.

The meeting at Central Point will take place at a dinner at noon tomorrow, given by the Ladies' Aid of the Methodist church in the Relief Corps rooms. Adjournment will be taken so that Medford business men may return to their places of business by 3 o'clock.

It is not necessary for citizens of the county to be members of the association to attend the dinner, the price of which will be 60c per plate.

CRATER LAKE COM. MEETS, PARKHURST IS INTERROGATED

Preliminary conferences for the betterment of conditions at Crater Lake this season were begun at a meeting of Gov. Olcott's committee at the Medford Hotel today. The details of the finance and management of the lodge for the last ten years were discussed between A. L. Parkhurst, owner of the concession and the committee.

Mr. Parkhurst was questioned at great length regarding the operation of the lodge, and attributed "99 percent of the criticism to malice and ignorance," and that one of the chief difficulties "was the unwarranted attack of a government official."

This afternoon the committee went for an auto ride over the city and valley, as the guests of Medford members of the committee and met again at 2:30 o'clock. Nothing definite was reached at the sessions.

Attending the conference are Gov. Olcott, Eric V. Hauser, R. W. Childs, R. W. Pease, Roland Gilson and Dave Hazen of Portland and Geo. T. Collins, Vernon H. Weaver and W. P. Isaac of Medford.

Governor Olcott, who arrived here from San Francisco on the Shasta train this forenoon to attend the meeting of the Crater Lake Concessions committee, will leave for Salem tonight.

The governor reports that he greatly enjoyed his airplane flight with Major Arnold from Portland to San Francisco earlier in the week, in the race with the army pigeons, during which they made an hour's stop in Medford.

Gov. Olcott who found time today to greet many of his Medford friends and who was entertained at San Francisco by a group of army officers Tuesday at golf, of which game he is very fond, says he would like to spend more time in Medford, but must hurry back to Salem to catch up with his duties after his several days' vacation.

NEW PROJECTS C. OF COMMERCE ARE LAUNCHED

Yesterday was a busy day for the members of the Medford Chamber of Commerce there being a forum meeting at the Hotel Medford at noon and the annual membership meeting in the evening in the public library building.

The retiring president, H. L. Walter, made a detailed report of his view of the activities of the chamber for the past year and outlined what he considered the most important projects of the chamber for the coming year. Members in attendance at the annual meeting expressed themselves as being surprised at the amount of work undertaken during the past year. Fifty percent of the projects as outlined for a three year program were practically completed in one year and the additional projects which developed during the year gives the organization plenty of opportunity to be of service to the community.

The progress which was being made by the Fair association was reported in detail, as was the armory proposition. A greater cooperation with the Farm Bureau was endorsed to enable them to secure reforms which in their judgment would be for the benefit of the farming interest of the county. A recommendation was adopted whereby the board of directors were requested, to assist the Boy Scouts in securing a camp grounds at Union creek. Enforcement of the building ordinance was urged to enable the community to secure information and statistical records of the building now going on. A charge of 25c per day was suggested for each auto camping in the auto park, which would provide for a caretaker and wood used, besides giving opportunity to secure information from the tourists which would be impossible to secure without some one being constantly on duty. The condition as to the schools was thoroughly gone into and suggestions were presented whereby the same will ultimately be relieved of the congested condition.

SUIT TO REGAIN CO-OP., SOCIETIES STARTED BY REDS

LONDON, April 14.—Possession of the assets and capital of the great Russian co-operative societies, which before the revolution in that country served as the trading link between millions of Russian peasants and merchants, will be the subject of litigation expected to be begun soon in this city by Leonid Krassin, head of the trade delegation here. While the amount involved in England approximates 1,900,000 pounds sterling, questions of law expected to arise during the progress of the suit will probably constitute the most important feature of the case.

M. Krassin indicated his intention to bring suit in the course of a letter to the headquarters of the co-operatives in this city a few days ago.

Executives of the co-operative societies held a joint conference and drafted a reply, declaring they would contest the suit.

Should the bolshevik government succeed in its attempt to get control of the co-operatives' capital in England there are indications that the same movement will be inaugurated in America, the co-operative societies having offices in New York city.

MAKE ALL KINGS FELONS, HUNGARY

VIENNA, April 14.—(By the Associated Press.)—A measure making the presence in Austria of a former king a felony, punishable by from one to five years rigorous imprisonment, has been forced through the constitutional committee by the combined pan-German and socialist democratic vote. Passage of the measure by the national assembly is considered assured.

The bill also provides imprisonment for any one aiding, abetting or harboring such persons.

A clause added to the measure makes it a misdemeanor, punishable by from six months to one year in prison for any person to use publicly a former title of nobility or to permit himself to be so addressed in the presence of a third person.

CENTRALIA I. W. W. CONVICTION UPHELD BY SUPREME COURT

OLYMPIA, Wash., April 14.—The state supreme court here today handed down a decision upholding the conviction of seven alleged I. W. W. members, convicted of second degree murder in connection with the Centralia armistice day massacre and refusing to grant the men a new trial.

The decision will result in transferring the convicted men from the county jail at Montesano, Wash., where they were convicted, to the state penitentiary at Walla Walla to begin serving their sentences of from 25 to 40 years.

Brett Smith, O. C. Bland, Ray Becker, James McInerney, Eugene Barnett, Bert Bland and John Lamb were the men convicted last year of killing Warren O. Grimm, who was shot to death on the streets of Centralia along with Dale Hubbard, Ben Casagrande, and Arthur McElfresh on Armistice day in 1919.

John Davis and Ole Hanson were also charged with the murders but they have never been apprehended.

BOLSHEVIKI TURN ON LENINE, ORDER TALK SUPPRESSED

RIGA, Latvia, April 13.—(By Associated Press.) The extraordinary commission to combat the counter-revolutionary movement in soviet Russia recently refused to permit publication of speeches made by Nikolai Lenine, soviet premier, and also confiscated a pamphlet he wrote in which he is reported to have said he had lost all hope for the revolution and that he was tired of it all.

Reports of this censorship and confiscation reached Riga today from Moscow.

Since publication of the pamphlet, about a month ago, Lenine is declared to have been making strenuous efforts however, to save Russia from chaos and anarchy by granting reforms.

Today's Moscow dispatches report still another concession, official permission to factory workers to make articles to be traded individually with the peasants for foodstuffs. After May 1 all restrictions and compulsory overtime in the factories will be abolished, dispatches say.

Pawluk. Kawacinski, who was arrested in Seattle following the finding of Pawluk's body seven weeks ago on a road outside Portland, admitted at the trial he had shot Pawluk, but claimed self defense. He said he had been lured to a lonely spot and that Pawluk cursed him and drew a revolver. Kawacinski and Pawluk were cooks on the steamer Montague.
