A meeting of the schedule committee of the Y. M. C. A. Athletic league is called for Saturday night by the chairman, B. R. Elliott. At this meeting the season's schedule of baseball games will be set up for all teams entered by that date.

Thus far five churches have signified their intention of participating. And unless further entries are made the schedule will be arranged to include the five.

Schedules for both seniors and juniors will be drawn up Saturday night, and managers from all senior and junior teams should attend, as the schedule adopted will be regarded as official and participating teams will be required to accept the dates assigned them whether they find them suitable or not.

Teams not so far included are invited to make entry.

# THE ARCH PRESERVER SHOE

"My feet feel as they did when I was a little girl!"

THAT is what one woman said after wearing the ARCH PRESERVER SHOE for three months.

It will do as much for you. Will prevent that needless tiring of your feet. Will keep them well, strong, vigorous, happy. Yet you can wear just the style you wish.

The ARCH PRESERVER SHOE looks like any regular good shoe. But your foot immediately feels the difference. Of course, it also relieves all ordinary foot troubles.

Unless this trade-mark appears it is not a genuine ARCH PRESERVER SHOE. The exclusive arch construction offers firm support for the foot during the entire life of the shoe and gives the shoe longer life. There is a "walking base" underneath the entire foot.
