### Keep Efficient by Keeping Well

This Letter Will Tell You How

"I suffered terribly every month, and was always tired and nervous, and had indigestion, and often could not do a thing. I was this way about two years, and had to stay home with my mother. I tried several medicines, then I found a book of yours, and mamma told me to try the Compound. So I got a bottle of Lydia E. Pinkham's Vegetable Compound, and it certainly worked wonders with me. I have taken six bottles of it, and am still taking it when I feel the need of it. I have already recommended it to a number of working girls, who are taking it. I am working now, and stand up all day and feel fine. I am glad to say that Pinkham's medicine did a lot for me and for my mother, and we only wish we had taken it a long time before."—Rose Schoeff, 487 1/2 Annunciation St., New Orleans, La.

This letter is but one of a great number received every year from women, young and old, and from almost every walk of life. These letters testify to the merit of Lydia E. Pinkham's Vegetable Compound.

Miss Schoeff works for her living, but on account of sickness was obliged to stay at home for two years. During this period she suffered terribly at times. She tried several medicines without finding relief. Finally she tried Lydia E. Pinkham's Vegetable Compound, and in this letter tells what it did for her.

The Vegetable Compound contains no narcotics or harmful drugs, and can be taken in safety by any woman. Your livelihood may depend on your health. So try
