

Your Figure Tells Your Age

But does it really? Is it not true that while a man may only be as young as he feels, a woman is always as young as she LOOKS?

Do you look as young as your husband? How anxiously a woman asks herself this question—and how needlessly—for she can retain the beautiful proportions and graceful charm of youth by simply keeping herself properly corseted.

SHORTY GARNETT TO ENGINEER BUILDING OF TABERNACLE

The Bulgin-Lewis tabernacle meetings start Sunday evening, May 1st. There is much to be done before that date. The various committees have all been appointed. Rev. Robert Lewis will arrive next Tuesday and will the next day direct the erecting of the large tabernacle. This will be erected under Shorty Garnett as chairman. The building will be built in one or possibly two days by volunteer labor. All who are willing to help are asked to be on hand that day and help drive nails.

The community is naturally interested in knowing something about the party whom the churches have asked to come to Medford and lead in a union evangelistic effort. The pastors and workers from the churches made the fullest investigation before extending a call. Not a few in Medford have known and heard Dr. Bulgin and were strong in their commendation of him and his party. The pastors at Roseburg, where Dr. Bulgin recently conducted a campaign, sent one of their pastors to Medford to induce the churches here to extend a call to Dr. Bulgin to come to Medford, knowing what good results they had in Roseburg.

A writer of national fame, describing Dr. Bulgin said: "Dr. Bulgin is a preacher and evangelist of national fame. He is one of the most powerful and eloquent speakers on the American platform. Bulgin was an agnostic lawyer before his conversion and his sermons and lectures are logical and convincing to the extreme. He resembles Abraham Lincoln in many ways. He is long, lean, lank and bony, with a homely face. He was born in a log cabin in the mountains of North Carolina in extreme poverty. He never attended school but three weeks in his life, yet is a Ph.D., D. D. and LL.D. He never owned a pair of shoes until he was 14 years old and those he made himself. He supported his father's family of 10 when a lad of 11 years of age. He has come up through the alleys and byways of hard knocks, discouragements and severe testing times. Yet as you look into his face and listen to his matchless eloquence and logic and feel the power of his message, which bubbles and runs over with wit and humor, tenderness and pathos, you realize that back of it all is a great soul. Dr. Bulgin has the logic of a Finney, the wit of Sam Jones, the eloquence of Talmage and the fight and ginger of Billy Sunday."

PHILHARMONIC ORCHESTRA HERE FRIDAY, APR. 29

What has made the Americans, the youngest of all great nations, so eminently a musical people is a question often asked, and almost equally often comes the answer, that we spend more money on music than anywhere else in the world.

The real answer is that good music is presented and cultivated in more cities of this than in any other country. In England, France or Italy music and art life centers in a few cities. In America it is found and encouraged in thousands of communities. Schools further it and great touring organizations, such as the Philharmonic orchestra of Los Angeles, a body of musicians today ranking on par with those of Boston or New York; that is why the annual spring tour of this orchestra will mean so much to the musical life of the entire west.

When the Philharmonic orchestra of Los Angeles plays here on Friday night, April 29th, at the Page theatre it will be found that it is doing on this tour of five weeks its bit to give to thirty-five cities in ten states some of the artistic stimulus Los Angeles has received during the past two seasons.

WRITER SEES BIGGER JOB FOR PARENTS

The appalling increase in juvenile crime during the last decade is keenly analyzed by Frederick Hechdolt in the May Sunset. He traces present tendencies to present conditions of family life.

"Up to twenty years ago conditions made it easier than it is now to guide children," says Mr. Hechdolt. "The family circle was pretty tight prior to 1900; everyone was staying home in the evening. The children were sitting round the table with their father and mother, which gave the latter a good chance to handle her job as mentor."

"That evening family circle is becoming a thing of the past. Apartment houses, women's activities outside the home, amusements and demands of urban civilization have helped to break it up. The mother does not see her young as often as she used to; she doesn't know what they are up to unless she has the sense and ability to get their close confidence. It is not easy for her to guide them in the old way; and she has not yet learned a new method by which she can handle her parental task, and at

S. P. EXCURSION RATES TO EAST JUNE 15TH

SAN FRANCISCO, April 20.—Re-establishment of excursion rates to all points east by all transcontinental roads; has been announced by the Southern Pacific company. The rates were suspended in 1917.

SELECTS JERSEY CITY FOR DEMPSEY FIGHT

NEW YORK, April 19.—The Dempsey-Carpenter heavyweight championship bout will be fought in Jersey City, Saturday, July 3, according to an announcement made by Tex Rickard yesterday.

At the Rialto "The Woman in His House," with an all-star cast, including Mildred Harris, will be the attraction at the Rialto theatre for an engagement of four days opening today. This production is declared to be the best vehicle in which Mildred Harris has appeared. Included in the cast are Ramsey Wallace, who is her leading man; Thomas Holding, George Fisher, Gareth Hughes, Winter Hall, Richard Hedrick, Catherine Van Buren and Bob Walker. The picture is based on an original story by Irene Reels.

"The Woman in His House," according to preview reports, is a powerful story of a materialistic husband, a love-hungry wife, a philosopher, and a child. The story opens on the rugged coast of eastern Canada, and the scene then shifts to the metropolis of New York city. Neither time nor money, it is said, have been spared to make this lavish production, and an unusual treat is promised to motion picture audiences who see it.
