N. Y. Stocks

NEW YORK, April 22.—Extreme advances of one to five points in many issues accompanied today's lively and broad session of the stock market, shorts covering extensively. Sales approximated 1,100,000 shares. NEW YORK, April 22.—Trading assumed impressive proportions immediately after the opening the first hour's sales exceeding 300,000 shares. Leadership in the further advance was retained by motors and oils, Studebaker increasing its gain to almost four points. Part of this was forfeited before noon, however, on profit taking. Mexican and Pan-American Petroleum and General Asphalt registered extreme gains of two to four points. Tobacco, textiles and shippings trailed along at 1 to 1 1/2 points gains and Famous Players was foremost of the specialties, rising three points. Utilities especially local tractions and express shares were in demand, rising one to three points. Rails remained in the background, showing only nominal changes. Call money opened at 6 per cent, the week's lowest initial rate. EAGLE POINT EAGLETS

E. C. Hamilton, capt. of the Fish Lake ranch belonging to the Rogue River Canal Co. Judge G. A. Gardner, James Owens and Victor Bursell, our county commissioners were here for dinner on Thursday last week. They had been riding over our roads in the Reese creek and Lake creek country and seemed to be of the opinion that they needed some work done very badly, and said that they expected to put the road force to work very soon to finish up the Reese creek-Butte Falls road right away as far as possible, and expressed their regrets that the early fall rains last year interfered with their plans so much, but anticipated having especially the Reese creek part of the road put in good shape for next fall's travel. Thomas F. Nichols, wife and sister who own a fine farm on Rogue river at the mouth of Hog creek, and Thomas Farlow, wife and two daughters and Miss Thelma Moore of Lake creek were business callers Thursday evening on their way home from Medford. Fred Nell also came in Thursday evening. He is highly gratified with his success in disposing of his oil stock and feels very sanguine of the results. Charley Bacon, our old conductor on the Pacific & Eastern railroad when it was being operated by the Hill interests, has been quite a frequent visitor to our town the past week or so. Charley Lear, one of the force connected with the fish hatchery business passed through here last Saturday on his way to the upper country but I did not learn his destination. J. W. Berrian also was visiting our town and reports that they have been fully as successful in gathering fish eggs as could be expected considering the unfavorable season; that he has been able to transfer the eggs he had here in course of incubation to the hatchery near Butte Falls. J. M. Wilfley, owner of one of the large orchards, who has been away during the winter was on our streets again last Saturday. W. P. Holbrook, another one of our orchardists who has an orchard and farm west of here near the mouth of Little Butte, was also a business caller. E. R. Oatman and H. T. Pankey, orchard inspectors were here for dinner Saturday and so was A. B. Mackenzie of the Rogue River Aircraft Co. of Ashland. He was visiting our town trying to secure pupils to receive instruction in the art of flying as the company have opened in Ashland a school in that line where any who so desire can receive the necessary instruction. H. C. Bunnell, Mason, Nebraska, E. G. High were also here for dinner Saturday. The last named was selling autos. Sunday morning we had a very interesting Sabbath school and it seemed as though the members in the juvenile class were loathe to close when the superintendent called for the closing exercises. Last Sunday there were not very many people in for dinner outside of our regular boarders. There was among them Mr. Lumsden of the firm of Hutchison & Lumsden and family including his son and wife, and Miss Klum and a few others. Also there were quite a number of the young folks came in from the dance after it closed Sunday morning. George W. Daley and wife of Fort Jones, Calif., are here visiting his father and mother, Mr. and Mrs. W. C. Daley. Monday morning I went into Medford on the 7:15 stage and besides myself there were J. L. Robinson, Sr., Mrs. Polk Mathews and her brother Jessie Clifton, and while I was there met a number of our neighbors not only from our town but people from

the surrounding country, who were there on business, and while there I also met our popular sheriff, Charley Terrill, and in the run of conversation he spoke of the statement published in the Saturday Mail Tribune that he had appointed Wig Jacks as one of his deputies and he especially requested me to state that it was a serious mistake. But I told him that it was contradicted in the Medford Sun the next morning, but he said that he wanted it put in the Eagles as it would be seen there by more people than anywhere else in the paper. Monday evening Frank D. Swingle and his son A. M. Swingle and Don Buchanan of Ashland called for supper. Mr. Swingle came up to see Mr. McAllister on business returning home the same night. The same old question of the rights of the water users along the old ditch where the water is taken out of Butte creek above the Pelouze place and is supposed to end at the county road between the Wm. Perry and Stanley places, and where the laterals are supposed to begin, is up again and the question of what is to become of the overflow after it reaches the road and those who are using the water from the main ditch in the laterals claim that those on the ditch proper are required to take care of the overflow as those below them cannot use or care for it. They have organized a company of their own and appointed O. M. Goss as ditch boss, and are notifying those interested in writing that they must clean out their part of the ditch and also that those on the main ditch must care for the overflow as it is detrimental to the farm and orchards below. Luke Ryan, one of the Medford property owners, came out on the Eagle Point stage and went up to his ranch at the mouth of Big Butte. Harold Van Scoy who has been working for his uncle, Wm. Holmes on Griffin creek, came in the first of the week to visit his mother, our accommodating and efficient post office clerk. C. J. Nicholson and wife and C. A. Ferrin, wife and daughter, Miss Inez, of Wenatchee, Wash., who have been as far south as Los Angeles came in Tuesday noon and are here at this writing, Wednesday, April 20th. They are spending a short time gathering agates and seem to be meeting with considerable success. A. J. Ellison and wife of Detroit, Mich., who came in a week ago and have been gathering agates, left the Sunnyside this morning for their home in their car and took with them about 200 or 250 pounds of agates they had picked up that they intend to take home with them to have worked up.
