**COLLEGE BASEBALL TEAM FROM JAPAN TO PLAY IN U. S. A.**

CHICAGO, April.—Waseda University of Japan has arranged the greatest tour of American colleges this spring that a Japanese team has ever taken. It is announced by the University of Chicago athletic authorities. The team from Nippon will play their way across the country to the Atlantic, meeting Yale and Harvard.

The visitors will be in charge of the "father of baseball in Japan," Prof. Iso Abe, dean of the college and professor of political economy at the Tokyo university.

An incident of the arrangements is that middle western games were scheduled by Waseda's first baseball coach, Prof. Fred Merrifield of University of Chicago, who this year is coaching the Chicago team. A number of years ago when Prof. Merrifield was teaching in Waseda, he introduced many of the finer points of the game to the Japanese college world, and last year piloted a Maroon team back to Japan.

Just now the Japanese squad is getting into shape in the Hawaiian Islands. It sailed from Yokohama on March 18, planned to spend a month playing ball around Honolulu, and to arrive in San Francisco on April 29.

Postponing its Pacific coast games until the close of its tour, so as to catch the middle western and eastern college teams before college closes, the invaders will push on quickly to Chicago. They are due here on May 7. The schedule from that time on follows:

- May 10 at University of Chicago.
- May 11 at Northwestern University.
- May 13 at Purdue.
- May 14 at Butler College, Indianapolis.
- May 16 at Indiana University.
- May 18 at University of Chicago.
- May 21 at University of Illinois.
- May 22 at Springfield, Ill. (Sagamie Electric Co.)
- May 23 at Washington University, St. Louis.
- May 25 at Harvard University.
- May 27 at Yale University.
- May 30 at University of Pennsylvania.
- June 2 at Columbia University.
- June 4 at John Hopkins University.
- June 5 at Carnegie Institute.
- June 11 at University of Chicago.
- June 12 at University of Detroit.
- June 13 at Kalamazoo Normal School.
- June 14 at Albion College, Albion, Mich.
- June 16 at Wilberforce University, Wilberforce, Ohio.
- June 18 at Oberlin College, Oberlin, Ohio.
- June 19 at Massillon, Ohio, Agathon club.
- June 28-29 at University of Michigan.

July 1-13 Western games. On July 14 the team will sail from Seattle for Yokohama. The only game on the schedule above noted as doubtful is the announcement of the Columbia game.

Earthquakes are most frequent at new full moon.

**JAPANESE FATHER OF BASEBALL IS A BELOVED CITIZEN**

CHICAGO.—The Japanese "Father of Baseball," Professor Iso Abe, who is bringing over the Waseda university nine this spring for the farthest east a Japanese ball team has ever played in this country, is one of the most beloved of all Japanese public men, according to Coach Merrifield of the University of Chicago.

Prof. Merrifield helped to develop the Waseda team 15 or so years ago while a fellow member of the Waseda faculty.

"As the initiator of baseball in Japan and as the maker of athletic champions, Prof. Abe is known in all parts of the Sunrise kingdom," the Chicago baseball tutor said.

"In bringing his team to the United States this spring for the fourth time, Prof. Abe hopes to demonstrate the fact that Japanese young men can play baseball as well as any other nationalities in the world, given equal advantages with the rest.

"He also hopes to prove by this extended tour of America how cordial are the feelings which the educated, democratic portion of the Japanese people harbor toward America and the world.

"Professor Abe is modestly itself. Trained at Yale, he is a leader of liberal Christian thought, and as fluent a speaker in English as in his mother tongue.

"Again and again he has refused tempting positions of honor in Japan that he might continue to influence the youth of Japan through the classroom and especially through athletics."

**U. S. MEMBERS OF POLAND SQUADRON ARE GIVEN FARMS**

WARSAW, April.—Nine American members of the Kosciuszko air squadron, all soldiers of fortune, recently were awarded 40 acres of land each, near the Polish-Russian frontier as outlined by the Riga peace treaty.

All officers and soldiers of the Polish forces are being provided with tracts along Poland's eastern boundary, under a system worked out by the government, providing they take up cultivation of the land upon leaving the military service. By this plan, Poland hopes to have trained men settled permanently where they would be handy for service in case the country is ever again attacked from the east.

Most of the young flyers of the Kosciuszko squadron are planning to return to America during the summer. If they do not settle upon the land within a specified time, their rights to the farms will be forfeited. As yet none of the Americans has made up his mind to settle down on a Polish plot and lead the life of a peasant. Several of the Americans were reared in the country, but they say the excitement of flying and the thrills of war have spoiled them for the back-to-the-farm movement.

**Helped Her Little Girl**

Children need all their strength for growing. A lingering cold weakens them so that the system is open to attack by more serious sickness. Mrs. Amanda Flint, Route 4, New Philadelphia, O., writes: "Foley's Honey and Tar cured my little girl of the worst crouping cough. I had tried many things and found nothing to help until I got Foley's Honey and Tar." Gives immediate relief from distressing, racking, tearing coughs. Sold everywhere. Adv.

**No Let-'Er-Go-at-That Spirit Here**

One of the big troubles of a shop is a let-'er-go-at-that spirit that tempts one of the boys to be careless, and let a job get out that is wrongly or improperly adjusted.

This spirit does not exist in this shop. We are very particular along this line and insist that all workmen pay strict attention to all minute details, thereby insuring the best work on all jobs.
