

RHEUMATISM AND TEETH

In a recent examination of some hundreds of rheumatic patients in hospitals of Chicago it was shown beyond the shadow of a doubt that defective teeth are detrimental to health. The constant association between abscessed teeth and chronic arthritis ceases to be a coincidence, when found in from 74 to 88 per cent of all cases examined. It is practically a certainty that there is a direct relationship between the two conditions; between bad teeth and rheumatism. Can you afford to keep diseased, abscessed teeth which are so detrimental to your health, when you can have them removed without pain by

REPRESENTATIVE OF BIG FRUIT CO. VISITS MEDFORD

George M. Pope, general manager of Dennis, Kimball & Pope, fruit distributors of New York, is in Medford on his annual trip and says he finds the fruit crop here in good condition.

Mr. Pope has a letter just received from the New York office stating the cherry and pear crop of New York is considerably damaged, but the apples escaped, the big peach crop of Georgia is badly damaged and the fruit of Virginia and other states suffered by the recent freezes.

C. E. Barr, the new local representative of this county, has been here about three months, and is located over the First National bank building.

R. P. Keeble, a big grower and shipper of San Jose, California, was a guest of Mr. Pope and Mr. Barr today, and reports considerable damage to fruit in his state.

HOME INDUSTRIES MERIT YOUR SUPPORT

Medford has two mills that grind feed and poultry supplies only and there are several other mills in the county that grind home grown grains that merit your patronage.

If you smoke ask for Crater Lake or K. B. cigars. They are made in Medford by men who understand their business and are first class. The factory is located on North Grape and the cigars are on sale by all dealers.

There are several first class tailoring establishments in Medford and the valley, making clothes for men and women. They have the best goods, guarantee fit and satisfaction in every way, employ a number of people and deserve the patronage of the people.

The Mitchell Fruit ladders are made here by the J. W. Mitchell Ladder company of Medford, and have been pronounced by the users of various ladders as the best and most practical made. Another chance to build up larger payrolls by using this make. They also make other ladders.

Don't ask for catsup. Ask for Knight's Rogue River Valley Catsup, made from our own grown delicious tomatoes by the Knight Packing company, who have a plant in the wholesale and factory district in South Medford. The company hope to greatly increase their product this year with increased irrigation, which means more tomatoes.

A new article manufactured here by a new firm is the Perkins Lead Hammer, made by W. W. Perkins & Son, a very essential and useful tool for the mechanic. See it at the Chamber of Commerce.

The Mosan Art company, a new institution in Medford, located on South Fir street, makers of fluff rugs, and are doing a big business. Their plant has up-to-date machinery, expert workmen and they guarantee their product.

TON CANDY CONSUMED DAILY VALLEY PEOPLE

Medford and Rogue river valley people are surely sweet or should be, as it is estimated they consume more than a ton of candy every day, a very small amount of which is made in Medford and the Rogue river valley. If this was all made at home it would mean \$20,000 or \$25,000 more to the valley each month, which would be another big revenue.

Get in the habit of buying the home sweets, the yare better and fresher and the firms here making candy are entitled to the support of the people.

5000 LOAVES BREAD BAKED DAILY MEDFORD

The people of Medford and vicinity should be loyal to the four bakeries in this city and especially when their bread and other products are first class. There are about 5000 loaves of bread baked by the Medford bakeries every day and it is estimated that 1500 or 2000 loaves are shipped in daily. If the home product was used exclusively this would add several men to the payroll of the bakeries and increase the amount of revenue spent at home many thousand dollars monthly.

This business in Medford has many thousands of dollars invested, employs 25 or 30 people and is deserving of the patronage of the people.

Albert S. Rand, chief clerk of the railway mail service in Oregon, is here to give the clerks of the local post-office their annual examination on the Oregon scheme in that service.

T. THYE ARRIVES FOR BIG MATCH G. HILL TONIGHT

Everything is cocked and primed for the Three-Hand wrestling match at Gold Hill tonight, and fans from the creeks and the valleys as far north as Roseburg, and south to Dunsmuir, Cal. are headed for the greatest athletic event in the history of southern Oregon. Not since the days when Bud Anderson was the "pride of Medford" has there been so much honest interest in a contest.

Ted Thye arrived from Portland Monday, making the trip down by auto. He is confident of winning, and reports himself in the best condition of his life. The fact that Hand stayed 15 minutes with Mike Yokel at Portland last week does not perturb him in the least. Thye is determined to win, as a loss would cut into his reputation and hurt his drawing powers for other matches now pending.

Hand who has been training hard for the bout is also in excellent condition, and Gold Hill and adjacent creeks make no bones about their belief that he will win. Hand thinks the same way.

Manager Bowers of Gold Hill reported this morning that the seat sale was heavy, and that there would be many women and children among the spectators.

Before the main event there will be a couple of fast preliminaries.

The main event will be limited to two hours according to the Police Gazette rules, and if there is no winner at the end of that time the referee will render a decision.

MEDFORD CANDY CO. NEW WHOLESALE FIRM

One of the new factories in Medford that bids fair to have a splendid business is the Medford Candy Co., that does strictly a wholesale business. The new institution is located in the Nordwick building on South Front street, the proprietors are experienced men in their line and are entitled to the support of the dealers and the consumers as well.

The proprietors are B. F. and Roy Mershon and George Beene. They recently moved here with their families and have purchased homes.

LOCAL MILL PRODUCTS VERY POPULAR

A big consumer of home grown grains and a manufacturer of some of the best products on the market is the Rogue Valley Milling company, E. N. Vilmo, proprietor, whose brands of Vilmo and Harmony flour are very popular over this section of the coast country and have been shipped as far east as New York city. The mill also makes corn meal, graham flour, feeds, poultry supplies, etc.

The present proprietor came to Medford about four years ago, is a practical miller, a good business man and has had splendid success.

G. H. Hope of the widely known firm of New York and London fruit brokers, Dennis, Kimball & Pope, arrived here Monday via New Orleans and California, to look into the local fruit situation and prospects.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises, go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial. Adv.

Steamers will leave every 20 min.

utes, beginning at 7:30 o'clock. Entertainment will be furnished at the Y. W. C. A. for those who have to wait their steamer.

Every person is requested to carry his or her own ticket.

RECOMMENDS A WOOD FISH LADDER, AMENT

W. O. Hadley left today for The Dalles. He spent Monday at the Ament dam and will make a recommendation to the fish and game commission that a wooden fish ladder be put in just south of the break in the dam that will serve until the dam is rebuilt if it ever is. The commission will take action at its meeting on May 9.

Royal Arch Masons
Crater Lake Chapter No. 32. Special Convocation Tuesday, April 26th 8 p. m. Mark Master Degrees. Visitors welcomed. A. F. NOTH, Secy.

OLYMPIA BRAND IS POPULAR HERE

The Portland Flouring Mills Co. have purchased the Rogue Valley Fruit-Growers Warehouse situated on West Main street in the heart of Medford. It has been newly pointed a rich yellow, and Olympic signs making a nice display, much different than the old eyecore as before.

The Portland Flouring Mills are manufacturers of the Olympic flour, feed and cereals, made in Oregon, and one of the largest millers and grain buyers west of Minneapolis—they are carrying a complete stock of these products in the new branch at Medford, and have a warehouse man there at all times for the convenience of all merchants in this section of Oregon.

Service and quality is their slogan and desire the support of all our local merchants. They are represented in this territory by their sales agent, R. P. Lyman, who is an enthusiastic booster for the Rogue River valley and home products exposition.

Prof. Reimer of the Southern Oregon experiment station was a visitor in the city today and called at the county agent's office this forenoon for a talk with Floyd Young over the weather situation and frost outlook. He also consulted with Senator Von der Hellen at the depot this morning before the latter left for Corvallis.

He Is Looking 'Em Over Again

"Eight years of stomach and liver trouble reduced me to a walking skeleton. My skin was dried up and as yellow as a twenty-dollar gold piece. I was filled with gas and had severe pains in my right side. I could not think and had lost all ambition to do anything. Doctors' medicine did not touch me. My cousin advised Mayr's Wonderful Remedy, which snatched me from the grave. I have gained sixty pounds, eat like a hired man and am looking 'em over again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments. One dose will convince or money refunded.

For sale by all druggists. Adv.
