

# Trade at Home

## This Is Medford, Jackson Co. and Oregon Products Week

This is Medford, Jackson County, and Oregon Products Week, to impress upon the people that they should buy products made at home, thereby furnishing employment for thousands of people, building up home institutions, keeping the money at home and thereby helping to keep up the schools, churches, lodges, and business of all kinds and making everybody prosperous.

Using home products means asking your dealer first for what you eat, wear, etc., that is made in Medford and the Rogue River Valley, then products made in Oregon outside of our own city and county. Next, insist on having such products.

Splendid displays of Rogue River valley and Oregon manufactured products are made in the show windows of the merchants and in the exhibit room of the Medford Chamber of Commerce.

The Associated Industries Association of Oregon are offering cash prizes to the merchants for the best display of Oregon manufactured products. The first prize, \$25.00, second \$15.00, and the third \$10.00. In awarding the prizes, the raw products of the soil, such as coal and potatoes will not be given consideration, unless the coal is manufactured into briquets or the potatoes are manufactured into potato chips or some other form, etc.

The exhibits at the Chamber of Commerce are strictly manufactured products of Jackson county and every resident of the city and county, during this week should visit this display and become acquainted with what is being manufactured here.

There will be a dinner at the Christian church on Friday evening at 6:30 o'clock. This dinner is being given by the Ladies' Aid of the Christian church and will be served in the basement of their church. The charge will be 50c per plate, and all products served will be made in the Rogue River Valley and Oregon.

## SNIDER'S DAIRY PRODUCTS RANK WITH THE BEST

Seventeen years ago Mr. and Mrs. J. W. Snider came to Oregon and started in the dairy business, in a meager way with only a few cows and delivered the milk to their customers and poured it into lard pails.

Medford was a "country town" then, and many were the hardships serving the public, but through perseverance and selling only the best products and a square deal they built up an industry, now the Snider Dairy & Produce company, which is recognized as one of the leading industries of the kind on the Pacific coast. Their products rank among the best, which years of experience have taught them is the only kind that the public really appreciate.

The dairy business has greatly increased since the Sniders commenced business, which is due in a measure to their work.

Messrs. J. W. Snider, D. O. Fredericks and Howard Grover recently purchased the Eldridge Dairy Produce company, one of the largest industries of its kind in southern Oregon or northern California, have combined their dairy, produce, milk, cream and ice cream business, all of which is conducted in the up-to-date plant on North Bartlett.

This is strictly a home institution, uses home products, employs home labor and asks for the patronage and good will of the people of the city and valley.

See their exhibit at the Chamber of Commerce this week. They also furnish the ice cream free for the banquet Friday night.

## COMPANY 'A' AT SUMMER CAMP JUNE 16 TO 30

The commanding officer of Separate Co. A, formerly Co. D, Fifth regiment, of Medford, National Guard of Oregon has just received an order advising that the National Guard camp of 1921 will be held at Camp Lewis, Washington, June 16 to 30th.

Plans for a great camp are being made by the military department, and the 5th regiment with Separate Co. A of Medford and Separate Co. F of Portland, the first companies of the new regiment in Oregon, will attend this camp in full force. This camp is

ordered by the war department and Captain Canaday will take a full company to camp this year.

The drive for members in the local company is succeeding admirably. The company now has enlisted strength of 87 men and three officers. There is room for ten more men in the company when recruiting will be closed.

The boys are extremely anxious to make a good showing at camp this year and are now doing extra work preparatory to leaving for the annual encampment.

### Was in Bed Three Days

Mrs. Josie Reed, 217 N. Exter St., Tulsa, Okla., writes: "I was in bed three days with my back. I took Foley Kidney Pills and in two days was at my work again. I cannot praise your medicine too much." Foley Kidney Pills stop bladder irregularities and strengthen the kidneys. They help eliminate from the system the poisons that cause backache, rheumatic pains, stiff joints, sore muscles, swollen hands and feet, puffiness under the eyes. Sold everywhere. Adv.

## IRISH PHYSICIANS DEFY GOVT. ORDER

DUBLIN, April 26.—Physicians of this city, regardless of politics, have ignored the order of the government military authorities to report at once the arrival in hospitals of persons suffering from gunshot wounds. Thus far no proceedings have been taken against them.

The order was intended to aid the military in identifying their attackers, many of whom escape though wounded.

Physicians resent the military mandate because, they declare, it would require them to break faith with their patients, thus violating a rule of professional ethics. They say that if the order were obeyed many wounded persons would go without medical attention.

## BAGLEY APPLE JUICE EXPORTED FOREIGN LANDS

The Bagley Canning company, a pioneer and one of the most substantial industries of Southern Oregon, is located at Talent, a thriving and favored spot of the Rogue River valley. In an unpretentious but effective way this business under the direction of Ralph E. Koozer, as manager, centering its efforts on the packing of the famous Bagley's Apple Juice in this is becoming a recognized factor in the development of one of Oregon's many resources. Quality and flavor is the watchword in the handling of this product. This is best attested by the fact that each year many carloads are shipped into the center of Washington's heaviest bearing apple districts, and even the land of sunshine here pays tribute to the Rogue inasmuch as this is the heaviest selling brand of cider in the entire state of California.

Bagley's Apple Juice, which was awarded the Gold Medal, highest award, at the Panama-Pacific Exposition, stands entirely on its own merits and is marketed throughout the United States under the Bagley copyrighted label and enjoys the distinction of being the only canned cider ever exported from this country to England and the Pacific Islands.

This cannery also has a two-line fruit and vegetable equipment which was not operated last season, due to the marked deflation in canned goods values.

# PATRONIZE HOME INDUSTRY

A BUSINESS can sometimes get to going on PROMISES, but it can keep going only on RESULTS. We know that it is the desire of substantially all of the SOUTHERN OREGON butter consumers to give their loyal support to their HOME INSTITUTIONS, but we want to impress upon you the necessity and importance of making it your business to accept NONE but such products as are manufactured in SOUTHERN OREGON. If your Grocer or your dealer be disloyal to the home industries, it is naturally to your own interest to insist upon home products.

### MILK CONSUMERS:

Since the inauguration of pasteurized milk in Medford we have made it possible for residents of this community to obtain a high class product, free from disease germs which SOME MILK MAY CONTAIN. Our milk is regularly tested and we aim to put out a high-class article, pure and rich in butter fat content. We invite trial and comparison with others. Medford consumers have been placed on a par with other larger communities.

### WE ALSO MAKE ICE CREAM

Always enjoyable and admittedly Healthful. Buy it by the quart, brick or gallon. It's always the best because we make it from PASTEURIZED CREAM.

### WE ALSO BUY POULTRY AND EGGS,

and every dollar our institution may gain in this department enables us to conduct the creamery business on just that much closer margin, and accordingly benefit the cream producer to that extent. Our cream trucks pay cash for poultry and eggs and we shall be pleased to be favored by you in this branch of our business. In conjunction with the creamery business,

### WE MANUFACTURE FRUIT BEVERAGES; WHISTLE, GRAPLO, A-PORTER

and all the familiar brands of SODA water. Please bear in mind nothing could be relished more keenly, any day in the year than WHISTLE, GRAPLO and A-PORTER—three of the finest fruit drinks bottled for home use; commonly known by us as the "BLOOMING GOOD DRINKS."

Our delivery service is most efficient, and any applications from new patrons shall be gratefully received and served in the same courteous manner as the numerous patrons at present on our milk routes.

## JACKSON COUNTY CREAMERY

(Operating Creameries at Medford and Grants Pass Oregon)

NOT A BRANCH OF ANY NORTHERN INSTITUTION, BUT A 100 PER CENT SOUTHERN OREGON INSTITUTION.
