Despite the edict of the city council last week that the rock crusher and gravel plant of the Medford Concrete Construction company on North Riverside must not continue operation in its present location and must be moved outside the city limits, the gravel plant has been in operation for several days and the rock crusher was started up this morning much to the annoyance of residents in that vicinity. City Attorney Mears and Attorney E. W. Phillips, who lives opposite the rock crusher were scheduled to hold a conference with the management of the company this afternoon relative to abating the complained of noise nuisance.

In the matter of the workmen's compensation law, the attorney of the state highway commission has been instructed to get an opinion from the attorney general as to whether a contractor who obtained a highway contract could be made to take out insurance with the state on all his private work. Under the state law, highway contractors are obliged, if they insure their workmen, to accept the state insurance. It is understood that the industrial accident commission interprets the law to require them also to drop their insurance with private companies and go under the state. 31*

THE HOME OF BREAD LIKE MOTHER MADE

In spite of all so-called advances in the baker's art, the invention of new ingredients, the new formulas, and the use of substitutes, there is no loaf of bread like the one Mother made with its crisp, brown crust and tantalizing odor that whetted your appetite when you came home from work or play.

A lot of mothers made good bread. The formula was no secret, —just a case of using the right material, with lots of care and proper baking.

The following ingredients, and none other are used in the making of Bread like Mother Made:

Drifted Snow Flour
Snow Drift Shortening
Cane Sugar
Salt
Compressed Yeast
Milk
Water

AS GOOD FOR YOUR KIDDIES AS MOTHER'S BREAD WAS GOOD FOR YOU

We do not use any of the following: Malt, Dough Expansion, Potato Flour, Milk Powder.
