ATLANTIC FLEET IN GREAT REVIEW BEFORE HARDING

OLD POINT COMFORT, Va., April 28.—(By Associated Press.) The Atlantic fleet, bringing back a new record for accomplishment from its southern drill grounds, passed in ceremonial review before President Harding today as it entered home waters in Hampton Roads.

More than thirty ships of war, led by the flagship Pennsylvania, were in the long column that filed by to pay a commander in chief's honors to the president as he stood with Secretary Denby and a party of officials on the bridge of his yacht, the Mayflower.

A low cloud curtain screened the sunlight from the paces, softening the grim lines of deck and turret. The fleet wore the serious gray used in peace and war alike.

It was a few minutes past nine o'clock when the Pennsylvania passing the reviewing ship, opened up the thunder of her presidential salute and before the 21 guns had been spent the next ship in line took up the firing while the Mayflower's batteries spoke in acknowledgment. The cannonade continued in an almost unbroken roar until the review was over.

Crews of the battleships manned the rails in living walls of blue as the fighting craft steamed by.

APPLES NOW READY FOR CALYX SPRAY

Apples in many parts of the valley are now ready for the calyx spray, especially Spitz and Jonathans. Newtoms generally will be ready the last of the week or the first of next week. Spraying should start when 80 or 90 per cent of the petals are off. The calyx cup on apples closes very quickly after the petals fall, and in order to protect apples from the codling moth in the calyx end it is necessary that this spray be applied before the calyx. Use a driving spray under high pressure and be sure that all part of the trees are sprayed thoroughly. The standard arsenate strength for this application is one pound of powdered or two pounds of paste to fifty gallons. Lime and sulphur at the rate of one to thirty of the liquid or three pounds of the dry to fifty gallons of water may be used for scab. Where green aphids are present nicotine sulphate may be added to the lime and sulphur combination at the rate of a pint and a half to a 200-gallon tank. Where lime and sulphur is not used and nicotine is desired use two gallons of distillate oil emulsion as a spreader to the two hundred-gallon tank. The use of nicotine will aid in the control of blight and should be used in sections where blight is serious.

Watch your trees closely and make this application before it is too late.

CLAUDE C. CATE, County Pathologist.

April 28, 1921.

LOCAL MUSICIANS WRITE CATCHY SONG

Medford has long been justly proud of its musical, dramatic and literary talent, but there has remained, it seems one more discovery, a "something new under the sun," which will be revealed as an added attraction at the Pace theatre next Sunday when the song "Wanting You," written and composed by two local musicians will be introduced by Harry Scougall, popular baritone, late of the Portland Opera association and student of Franz Arens of New York.

"Wanting You" is the type of song heard in the light opera and is far superior to the "June, moon, spoon" offering with which the dear defenseless public is surfeited.

It is being introduced in the east by Miss Buster LaMar, star of "Ross Sisters and LaMar in Songland via Harmony," playing Keith's circuit big time vaudeville.

Cigarette

No cigarette has the same delicious flavor as Lucky Strike. Because Lucky Strike is the toasted cigarette.

BERLIN PRESS NOT HOPEFUL ENTENTE TO ACCEPT TERMS

BERLIN, April 28.—Possibility that the German reparations proposals may be rejected was reflected in press comment on the situation here yesterday, the Vorwaerts saying that in all probability the German government would be called upon to further alter its terms "if it hopes to achieve success with them."

The industrialist organ Der Tag, did not share the optimism expressed by Dr. Simons in his address before the reichstag, during which the minister said Germany would enter the promised land of freedom when the last annuity was paid.

"This parable," the newspaper added, "is just as faulty as Dr. Simons' reasoning in general. The people of Israel were permitted to take along their silver and gold when starting out on their journey, whereas the Germans are obliged to leave theirs behind. The people of Israel started out on a 40-year practice march in search of a new country. We are to be locked up for forty years and have only just started on the first batch of the 200,000,000,000 marks worth of bricks for the Anglo-French world pyramid. Dr. Simons is anything but a Moses; he is not even a gold calf."

Ed Thye who was wrestled to a draw by Ralph Hand of Gold Hill, meets Walter Miller at Los Angeles, May 6th, and according to press dispatches has posted \$500 forfeit to make 160 pounds ring-side. In view of the fact that Thye forfeited \$250 in his match with Hand for inability to make 165 pounds, weighing in at 172 pounds with all ring clothes on, this is interesting news to local fans.

Thye by his gentlemanly deportment and sportsmanship made a distinct hit with local mat followers, many of whom are pulling for him to beat Miller.

Mrs. C. G. May is now the permanent representative for the world famous Schweizer imported fabrics of exclusive design and quality. Exact samples. Phone 457-J.

Everything electrical. Medford Electric Co. Phone 661.

Albert S. Rand of Portland, chief clerk of the railway mail service held examinations and tests in the local postoffice Wednesday. Cliff Beckett of the Medford office passed the tests without an error, unusual in itself. This requires memorizing over 950 postoffices in the state, and the quickest routes of dispatch. He also threw 950 cards in 21 minutes, an average of 45 per minute. The rules require that a clerk throw 16 cards per minute, and be 95 per cent correct. The record of Beckett is worthy of pride, as it comes close to if it is not the world's record.

WILLOW SPRINGS

There is quite a little building in this vicinity. Besides the many improvements being made at the different residences, there are a number of new buildings going up. M. F. Young is building a garage. A. V. Carlson a wood house and R. W. Nichols is hauling the lumber for a barn.

Mr. and Mrs. Charles Taylor and Mr. and Mrs. Will Smith motored to Ashland Sunday and spent the day.

Mr. Smith expects to leave on a business trip to North Dakota some time this week.

Mrs. Wm. Hoyer will be hostess at the next meeting of the Parent-Teachers circle. This will be on Saturday, May 7th and it is hoped there will be a full attendance as this is the time of the election of officers for the coming year and also time for the payment of the yearly dues.

One of the pleasant dinner parties of Sunday was given by Mr. and Mrs. Roy Nichols. The guests were Mr. and Mrs. James Perden and son.

Frances Parker entertained a number of her friends at a waffle breakfast last Sunday morning in honor of her tenth birthday.

Mr. and Mrs. Clyde Richmond entertained Mr. and Mrs. W. D. Thompson and daughters at dinner last Sunday.

There will be no school next Friday as the teacher and most of the pupils expect to attend the field meet at Talent.

Miss Anna Nelson, who has been visiting at the J. W. Elden home, left here last Tuesday. Miss Nelson will stop over at Seattle and other points of interest while enroute to her home in Chicago.

It is reported that there are a number of cases of whooping cough among the little people of the neighborhood.

Greels prefer currant sugar to all others.

GIVES MANSION TO 'JOHN BULL' RETIRES TO BARN

HYDE, Eng.—Austin Hopkinson, a member of the house of commons, has just given to the local governing council of Hyde his mansion, valued at \$150,000 and 20 other houses and he has gone to live in an old barn on what was once a part of his estate. He has taken this action because he believes that a manifestation of the spirit of self-sacrifice on the part of public servants would avert any danger of a revolution in England.

Mr. Hopkinson's other deeds of generosity include the disposal of his furniture to friends and the needy, partly by sale at bargain prices and partly by free gift. He gave his handsome automobile to his chauffeur. The latter has now started in business with it. His former employer, the donor of the machine, is one of his best customers.

To questioners, Mr. Hopkinson said his intention was to live the life of a simple workman and to help others as much as possible. In his own workshops, he has introduced a profit-sharing system that is without precedent inasmuch as the higher the yield, the less he receives, and after a certain sum is reached, he is to receive nothing at all.

During the war, Hopkinson was an officer. He was discharged as unfit, but rejoined as a private.

CHICAGO, April 28.—A meeting of the general chairman of the railroad shop crafts will be held here Monday and Tuesday to draw up a uniform set of rules which the unions will advocate in place of the national agreements, ordered abrogated by the railroad labor board, effective July 1. The rules will be presented to the railroads by negotiating committees representing the crafts on each road. The rules will be offered as a basis for all negotiations with the railroads, various changes being made to meet local conditions.

RAILWAY SHOP UNIONS FRAME UNIFORM RULES

CHICAGO, April 28.—A meeting of the general chairman of the railroad shop crafts will be held here Monday and Tuesday to draw up a uniform set of rules which the unions will advocate in place of the national agreements, ordered abrogated by the railroad labor board, effective July 1. The rules will be presented to the railroads by negotiating committees representing the crafts on each road. The rules will be offered as a basis for all negotiations with the railroads, various changes being made to meet local conditions.

"Used Drugs for Constipation—Now Internal Baths"

Mr. R. A. Denker of 4847 Langley Ave., Chicago, Ill., writes to the Tyrell Hygienic Institute:

"I have used many kinds of drugs for Constipation, but found only temporary relief. I have never used a drug for it since procuring the 'J. B. L. Cascade' five years ago. I cannot praise it too highly for what it has done."

This "J. B. L. Cascade" cleanses the lower intestine its entire length and keeps it always free of poisonous waste.

Thousands testify that Constipation, Indigestion, Stomach Troubles, Biliousness, Headaches and all the many serious troubles which they cause are absolutely relieved and prevented by this Nature Treatment.

West Side Pharmacy, Main and Grape streets, will be glad to show you the "J. B. L. Cascade," explain its simple operation and will give you, free on request, an interesting little book by Dr. Chas. A. Tyrell of New York, a noted specialist on Internal Bathing for 25 years in that City. Clip this out as a reminder to ask for the booklet at your first opportunity. Adv.
