611 G St., Grants Pass, Ore.

W. T. Wheat, Demonstrator, Austin Hotel, Ashland  
Write for literature and state your requirements.

## No Let-'Er-Go-at-That Spirit Here

One of the big troubles of a shop is a let-'er-go-at-that spirit that tempts one of the boys to be careless, and let a job get out that is wrongly or improperly adjusted.

This spirit does not exist in this shop. We are very particular along this line and insist that all workmen pay strict attention to all minute details, thereby insuring the best work on all jobs.

## SCENIC MEETING AT J'VILLE ON MAY 20, INTEREST SHOWN

An inquiry has been received at the Medford Chamber of Commerce from Letoy Jeffers, secretary of the Associated Mountaineering Clubs of North America, at Washington, D. C., requesting information as to the activities of the Scenic Preservation Association of Jackson county. He asks if this is the only organization of its kind in Oregon and requests that literature be sent him regarding same. His request has been complied with and full details of the objects of the association has been sent him.

There is no other association in the United States that is known to be in existence having the object of the Scenic Preservation Association of Jackson county. Oregon may well be known as the "Scenic State" of the union and unless strenuous efforts are made to preserve its scenery it will soon find that it will have lost its right to claim such advantages.

The attendance at the monthly meetings of this association has been increasing right along. At Central Point this month the meeting place was filled to capacity. Jacksonville was selected for the meeting place on May 20th and Louis Ulrich, who is a member of the board of directors of the association from that district, advises that Jacksonville people are showing a marked interest in the scenic preservation movement and all will turn out at the meeting to be held there next month.

## COLLINS RETURNS FROM KLAMATH

George T. Collins has just returned from Klamath Falls, where he represented the Medford Chamber of Commerce at the meeting of traffic men and rate experts which were called in consultation by the Klamath Falls Chamber of Commerce, the purpose of which was to endeavor to solve some of their intricate freight problems. Attending this meeting were the following: H. M. Pennington, assistant manager of the Traffic Bureau of the San Francisco Chamber of Commerce; Fred Williams, chairman of the Oregon Public Service Commission; H. F. Wiggins, rate expert of the Oregon Commission; George N. McCulloch, assistant traffic manager of the Portland Traffic and Transportation Association; Earl Parker, traffic manager of Marshall Wells Co.; A. H. Devereux, representing the Portland Chamber of Commerce; J. M. Mulchay, rate expert of the Southern Pacific Railroad and C. E. Spear, division traffic manager of the Southern Pacific.

One of the matters taken up related to the Medford rate case, now before the Interstate Commerce Commission and the Klamath Falls Chamber of Commerce went on record as concurring in the contention set forth by the Medford and Portland Chambers of Commerce in this case.

## MEDDLING HALTED CAPTURE OF VILLA

DEMING, N. M., April 27.—Villa could have been captured by the American troops of the native expedition if they had been permitted by the government to operate. Major N. W. Camanole, chief intelligence officer with the punitive expedition, testified here today at the trial of 16 Villista raiders charged with murder in connection with the raid on Columbus, N. M., in 1919, by Villa's rebel troops.

The case is expected to go to the jury this afternoon.

## SERIOUS RIOTS IN INDIA REPORTED

BOMBAY, April 27.—The Times of India says today a serious riot is reported at Malegaon, northwest of Nasik. Telegraph wires have been cut and no details have been received, although a number of constables are reported to have been killed and a sub-inspector and a magistrate injured.

## 'HUMAN FLY' TO CLIMB HOLLAND TWO TIMES

Clarence O'Rourke, the "human fly" will climb the Holland Hotel this afternoon at 3:30 o'clock, and this evening at 7:30 o'clock, and a large crowd ought to be on hand to see the thrilling feat. O'Rourke has climbed up the sides of some of the tallest buildings in the world and his press notices say he is a wonder at this stunt. A collection will be taken up before the performance.

## EUROPE BLAMED AS CAUSE OF WOES YANKEE FARMERS

WASHINGTON, April 28.—The emergency tariff bill, designed for the relief of the farmers and to check dumping of foreign goods, was ordered favorably reported today by the Senate finance committee.

WASHINGTON, April 28.—Governor Harding of the federal reserve board announced today that he would begin next week a personal survey of the farm credit situation in the mid-west and southwest.

The board, the governor said, had thought it advisable that he make a tour to learn at first hand the problems of the country bankers and trade organizations.

The real crux of the farmers' problem, in the view of Mr. Harding, is the foreign situation. The farmers, he said, must have a market for their commodities, as they cannot go on indefinitely on credit without selling their crops. He thought the reduction of the re-discount rate by the Bank of England might aid American farmers by making possible a more liberal market for grain and cotton.

## GEN'L. WOOD TELLS JAPAN SPIRIT OF U. S. IS FRIENDLY

YOKOHAMA, April 28.—(By the Associated Press)—The United States government is doing everything it can to keep alive the spirit of friendliness with the allies, of which Japan is one, Major General Leonard Wood, who arrived here from the United States this evening on the steamer Wenatchee on his way to the Philippines, told a gathering of several hundred Americans of Tokio and Yokohama, who gave a dinner in his honor tonight.

"We want to keep up our good relations with those by whose side we fought," General Wood declared.

President Harding, he added, would do everything possible to establish the commercial policy of the United States, including a proper share of the ocean carrying trade and helpful co-operation with American business men abroad.

## BASEBALL CROOKS TO BE TRIED IN JUNE

CHICAGO, April 28.—At least five of the eighteen men indicted in connection with the 1919 world series scandal may be brought to trial in June, as a result of a plea filed today by their attorneys.

Michael Ahearn, representing Chas. Risberg, "Buck" Weaver, Claude Williams, Oscar Felsch and Fred McMillin, filed a petition with Judge Charles A. McDonald for an immediate trial for his clients. Under the Illinois law the indictments against the men automatically will be quashed unless their trial starts by July.

George Gorman, assistant state's attorney, in charge of the prosecution said he probably would be ready for a trial by June.

## PRESIDENT HOPES FOR 'REAL PEACE'

BOSTON, April 28.—A hope that the United States would soon be able to affect real progress toward a substantial peace was expressed by President Harding in a letter read at the annual dinner of the Middlesex club last night. He referred to present conditions as constituting a nominal peace but lacking many benefits of a real peace.

"General Grant's advice 'let us have peace,' is a peculiarly popular theme," the president wrote, in taking notice of the fact that the occasion was a Grant anniversary observance.

WALLA WALLA—University of Oregon defeated Whitman college yesterday in baseball 9 to 3.

## VIVIANI SEES NO CAUSE FOR ALARM IN YAP SITUATION

PARIS, April 28.—Rene Viviani, France's special envoy to the United States, spoke most optimistically of the future of Franco-American relations in interviews with Paris newspaper men, printed in this morning's newspapers, following his return yesterday from America.

"I bring back more than the hope, the certainty of the very early collaboration of France and America, both on diplomatic and financial ground," the ex-premier is quoted as saying.

"There is no reason for fearing that the dispute between the United States and Japan over the island of Yap will be settled otherwise than by peaceful means," the Paris edition of the London Daily Mail quotes M. Viviani as saying.

"I am confident," he added, "that I am bringing a plan for the reorganization of Franco-American co-operation."

The ex-premier said he had found the various elements in the United States united for the greater part for the development of American ideals of independence and industry and that therefore he considered a wonderfully prosperous future was in store for the American nation.

## OREGON IRRIGATION POLICY ADOPTED

SALEM, Ore., April 28.—The state desert land board today announced a definite policy that will be followed relative to the central Oregon irrigation development.

The board recommends that prior to January 1, 1922, all of the unpatented lands of the project be relinquished to the federal government; that the Central Oregon Irrigation company be permitted to sell water to the unsold patented lands; that the board should attempt to exercise no further jurisdiction or control over the project, except as to the approval of contracts covering unsold patented lands and that any jurisdiction or control necessary should be exercised by the irrigation district, organized and approved by the board for such purpose.

A. F. & A. M.  
Special communication Medford Lodge 103, Friday, April 29. Five M. M. degrees will be given commencing at one p. m. Work in the evening by Ashland lodge. Dinner will be served at 6:30 p. m. All Masons cordially invited. By order of the W. M. L. E. WILLIAMS, Secy.

## RHEUMATISM AND TEETH

In a recent examination of some hundreds of rheumatic patients in hospitals of Ceigao, it was shown beyond the shadow of a doubt that defective teeth are detrimental to health. The constant association between abscessed teeth and chronic arthritis seems to be a coincidence, when found in from 74 to 98 per cent of all cases examined. It is practically a certainty that there is a direct relationship between the two conditions: between bad teeth and rheumatism. Can you afford to keep diseased, abscessed teeth which are so detrimental to your health, when you can have them removed without pain by DR. HENRY B. FURL
