## MEDFORD PLANT ICED 900 CARS IN LAST YEAR

One of the largest manufacturing, wholesaling and retailing establishments in Medford is the Medford Ice and Storage company, located on the Southern Pacific tracks in the factory district of south Medford.

The plant has a daily capacity of 35 tons, an ice storage capacity of 4,500 tons, ices all the fruit cars shipped out of southern Oregon for the Southern Pacific, ships in car load lots to coast points and supplies pure ice to the residents of Medford and vicinity.

Last year they iced about 900 cars for fruit grown in the Rogue River valley.

The company employs between 20 and 25 people the year round.

They have storage for eggs and other products and now have several thousand dozen of eggs in storage.

W. S. McMann, the local manager, is a live-wire, and has been with the company eight years.

## BARTLETT, FURRIER AND TAXIDERMIST

F. W. Bartlett, furrier and taxidermist, has been in Medford for eleven years, has spent a life time in this line of work, being a lover of wild animals and out door life he takes to the profession like a duck to water and is an expert in his line.

His place of business is located on West Main street and he carries the largest stock of furs, of his own make, of any one in southern Oregon and northern California. He has many rare pets and furs in his stock.

## CONSCIENTIOUS OBJECTORS FORM A 10,000 UNION

PHILADELPHIA, April—Conscientious objectors to war service in Germany have formed a union with more than 10,000 members, each of whom has signed a pledge that they will neither take up arms, produce war material, give money or aid in any way in what they characterize as the "organized murder of subjects of other countries or of our own countrymen."

This information comes from Howard H. Brinton, a member of the Society of Friends from West Chester, Pa., who recently attended a public meeting in Berlin held under the auspices of the "German Union of Objectors to War Service."

"I expected to find a dozen or so long-haired persons sitting about a table, and instead found a hall, jammed to the doors with about 800 people, the air tense with suppressed enthusiasm," said Mr. Brinton.

One of the speakers said the organization was formed by German war prisoners in England after they were permitted to return to Germany.

A student, who was a speaker at the meeting, declared that there was great need in the universities for a spiritual awakening, since the old military party was still strong there and demanded revenge on the enemy.

Another speaker said that the Germans who had permitted themselves to be driven into this war had brains that were nothing but soup poured into their heads by others. "Militarism, mammonism, egotism and all that goes with the Wilhelm idea, must disappear," he said.

Dr. Helene Stoecker, of the Women's International League for Peace and Freedom, said that the education supplied by the German state is drill, not education. "Instead of bringing hidden qualities to the surface, it hammers lies into the brain," he said. "If the 'educated' are taught only how to exploit humanity, it were better that mankind remain as ignorant as the Russian peasant."

# PATRONIZE HOME INDUSTRY

A BUSINESS can sometimes get to going on PROMISES, but it can keep going only on RESULTS. We know that it is the desire of substantially all of the SOUTHERN OREGON butter consumers to give their loyal support to their HOME INSTITUTIONS, but we want to impress upon you the necessity and importance of making it your business to accept NONE but such products as are manufactured in SOUTHERN OREGON. If your Grocer or your dealer be disloyal to the home industries, it is naturally to your own interest to insist upon home products.

### MILK CONSUMERS:

Since the inauguration of pasteurized milk in Medford we have made it possible for residents of this community to obtain a high class product, free from disease germs which SOME MILK MAY CONTAIN. Our milk is regularly tested and we aim to put out a high-class article, pure and rich in butter fat content. We invite trial and comparison with others. Medford consumers have been placed on a par with other larger communities.

### WE ALSO MAKE ICE CREAM

Always enjoyable and admittedly Healthful. Buy it by the quart, brick or gallon. It's always the best because we make it from PASTEURIZED CREAM.

### WE ALSO BUY POULTRY AND EGGS,

and every dollar our institution may gain in this department enables us to conduct the creamery business on just that much closer margin, and accordingly benefit the cream producer to that extent. Our cream trucks pay cash for poultry and eggs and we shall be pleased to be favored by you in this branch of our business. In conjunction with the creamery business,

### WE MANUFACTURE FRUIT BEVERAGES; WHISTLE, GRAPLO, A-PORTER

and all the familiar brands of SODA water. Please bear in mind nothing could be relished more keenly, any day in the year than WHISTLE, GRAPLO and A-PORTER—three of the finest fruit drinks bottled for home use; commonly known by us as the "BLOOMING GOOD DRINKS."

Our delivery service is most efficient, and any applications from new patrons shall be gratefully received and served in the same courteous manner as the numerous patrons at present on our milk routes.
