

Wife Helps Elect Hubby

"After having been in bed half the time for a year with severe pains in my right side over the appendix, stomach trouble and bloating, which the doctors seemed unable to reach with medicine, and advised operation as the only remedy, my nurse advised me to try Mayr's Wonderful Remedy, and its results have truly been wonderful as I am now entirely well and strong, and at the last election voted hard to elect my husband. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation, which causes practically all stomach, liver and intestinal ailments, including appendicitis. SENATE HEARINGS ON FRUIT SPRAY

The Boston Board of Health, making a fight against the use of arsenate of lead as a fruit spray, and fruitgrowers of the Pacific Coast, including the Fruitgrowers' League of Jackson county are making a fight against it before the Bureau of Chemistry, as attested by the following telegrams, received from Oregon senators. If the plea of the Boston board is sustained it would practically mean the removal of western fruits from the Boston markets. "Washington, D. C., April 29, 1921. "H. W. Bingham, President Fruit Growers' League Jackson County, Medford, Oregon. "The Bureau of Chemistry has made no ruling relative to fruit spraying with arsenate of lead. Informal hearings brought about on complaint of officials in Boston. Bureau seems desirous of co-operating with growers at all times. "CHAS. L. McNARY, "United States Senator. "Washington, D. C., April 29, 1921. "H. W. Bingham, President Fruit Growers League, Medford, Ore. "Have had matter up with Bureau of Chemistry. No ruling, as suggested will be made. Instead will issue caution and instructions to use spray properly compounded to leave no excessive residue upon fruit sent to market. "R. N. STANFIELD, "United States Senator.

SEIZE WHISKEY ON BEAGLE RANCH

On a tip from some source that moonshine whiskey was being made on a ranch at Beagle, which was being peddled by a young boy at country dances, Sheriff Terrill yesterday visited the ranch but was unable to find a still or any large quantity of liquor. He however located a quart bottle, it is alleged, of moonshine whiskey, which the wife of the rancher claimed all responsibility for its presence on the premises, it is claimed. Therefore the sheriff notified her to appear in Justice Taylor's court here this forenoon. She appeared in court, entered a plea of not guilty to the charge of having liquor in her possession, and her trial was set for 10 a. m. Monday. By consent of the sheriff and Assistant County Prosecutor George Codding the woman was released on her own recognizance. She asserts that the only whiskey found was a small quantity found in a pint bottle, which was used for medicinal purposes.
