

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any house-cleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight-pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

MEDFORD MUSIC LOVERS THRILLED BY ORCHESTRA

By George Andrews. The Los Angeles Philharmonic orchestra of 75 men, under the direction of Walter Henry Rothwell, appeared at the Page last night and delighted an audience of the representative music lovers of the valley. The Symphony orchestra is one of the musical organizations that has been universally supported throughout the United States. It has been something of a surprise to the European art centers, that a country, so young in musical development as America, should take it upon itself to foster the one form of music that is in the highest degree advanced—namely, the symphony. It is a fact that the United States has more symphony orchestras to her credit than any other nation. This being true, it would seem that we, as a nation, stand in a fair way to become educated in the rarer form of the musical art. Leaving off generalizing and remarking about the matter in question will say, that Los Angeles may well be proud of sending out such a splendid body of musicians under such a master hand as that of Walter Henry Rothwell, who easily ranks as one of our best directors.

Madam Rothwell won her way into the hearts of the audience with her rendition of the ever loved "un bel di" from "Madam Butterfly." She possesses a voice of unusual timbre and shows wide experience in professional singing. At the close of the program the audience refused to move from their seats which fact brought a generous response of several encores, including "Molly on the Shore" by Percy Grainger.

C. OF C. TO WELCOME NEW RESIDENTS

No longer will the new residents of Medford be able to say that they are not being received with a hearty welcome if the plans of the Medford Chamber of Commerce are carried out as outlined at a meeting of the board of directors. There are no class of people who have the opportunity to know the new residents than the real estate men, therefore, the Medford members of the Jackson County Realty Board have been appointed as a greeters committee from the Chamber of Commerce and among their duties it calls for them to turn in the new residents' names in order that a communication may be directed to them as an official welcome from the officers of the Chamber of Commerce.

TRIGONIA WELL DOWN 1000 FEET

Last night the total depth was 1058 feet. The last 3 to 5 feet drilling was in a very blue sandstone, very hard on bits. For the last 25 feet there has been slight showing of gypsum and in spots a little diatomaceous shale, both good omens to the well. There are no other changes.

EAGLE POINT EAGLETS

By A. C. Howlett. Mrs. J. C. McGee, a traveling lady who is working in the interest of the Designer magazine, was canvassing our town Saturday afternoon, spent the night at the Sunnyside, taking passage on the 7:15 stage Sunday morning. The dance given by the Civic Improvement club of Eagle Point is reported to be a perfect success both socially and financially ever given in Eagle Point. A great deal of credit is due to the ladies of the club for the splendid management and the lunch they served. The four piece orchestra led by Mr. Haight added greatly to the pleasure of the occasion. The gross receipts were \$165.90, of which \$96 was cleared above all expenses. Since the ladies have taken the matter in hand there is a marked improvement in the general deportment as they are determined to have them conducted so that it will be a pleasure to those who wish to attend, if for nothing more than the social enjoyment, and can go and have no fears of being detracted by rowdiness. It is the intention of the management to continue their social functions during the early summer months. I see that I have said nothing about the sumptuous feast served by the ladies, but the reader may be assured that when they undertake to do anything in that line it will be done about right. Among the prominent visitors were our popular sheriff, C. Terrill and wife

from Jacksonville. The Narregans and Westons of Sams Valley, Virgil Strang and wife, and Gene Narregan and Miss Mansfield of Medford were also in attendance.

I have been asked a number of times recently how Eagle Point happened to receive its name and have finally decided to give as correct an answer as possible.

Some time in the early '70's a petition was circulated to have a post office established here and the question came up what name would be given to the office. About that time a man by the name of McFadden was teaching school in this district and was out gunning and shot and killed a large eagle out of a pine tree standing on the points of the hill in the edge of the village and some one suggested the name Eagle Point in commemoration of the event, but I am not able to definitely name who, but think that it was Mr. McNeil who was appointed the first postmaster.

Sunday morning when our Sunday school superintendent arrived at the church I soon noticed that his wife, Mrs. Carl Esch, was not in the company and as she is the teacher of the primary class I naturally inquired the cause of her absence, fearing that she was sick, for she has been so prompt to be at her place, so asking the first one of the company I met, Mr. J. Esch, was informed that she had stayed at home to care for the chicks as they had received 500 wee chicks the afternoon before from Corvallis and she had remained at home to care for them.

There were a few people out Sunday for dinner and among them were four ladies from Medford, but they were so busy looking at the sights and especially our suspension bridge that I did not secure their names. There were quite a number who had attended the dance the night before and took bed and breakfast, remained for dinner and one of them, Charley Given who was here Saturday remained until Monday morning and went up to Butte Falls on the stage Monday morning.

R. E. Mieth of the Portland Bridge Construction Co. spent Saturday night at the Sunnyside. His company has the contract to build the bridge across Rogue river on the Crater Lake highway, and was on his way up there.

Timmie Dugan who owns a fine farm and orchard on the P. & E. railroad was a business caller Monday. Mr. Bassett of Butte Falls, came out Monday on the stage and stopped here and Mrs. F. D. Hill of Derby, Mr. M. J. Jones, E. W. Abbott, A. H. Wright, L. D. Tinker and E. A. Hildreth of Butte Falls and J. Prall of Reese creek also came in on the Butte Falls stage Monday and went on to Medford.

William Hansen and family of Brownshoro were here Monday getting a bill of goods of Geo. Brown & Sons. I also met J. M. Wilfley, one of our big orchardists, and his foreman, John Norris and three of his men there Monday. The rain that fell Sunday night made the sticky so adhesive that they had to suspend operations for a while.

Marshall Minter, one of our hustling young farmers came in with his gang plow Monday to have a little repair work done by our blacksmith.

Ralph Beibersteadt, another one of our prosperous young farmers was also a business caller.

C. D. Mills, one of the men who has been here during the past two weeks gathering agates left Tuesday morning for his home near Los Angeles, counting what he has shipped and what he took with him in his car totalled about 700 pounds.

Mr. McAllister, one of our prominent citizens who bought a farm near Central Point, went over there Tuesday morning to do some work on it. Our school teachers, Misses Riley and Young are planning to give an entertainment on Friday, May 6th and desire to have all the patrons and friends of the school attend.

HOME ANARCHISTS SEND OUT DODGERS

ANSONIA, Conn., April 29.—Circulars bearing the caption "the first of May—the day of reckoning and liberation" and purporting to be issued by anarchist groups of United States and Canada were found here this morning. In them workers were advised to refuse to pay taxes and rents, refuse to obey laws, take possession of the land, factories, mills, mines and to go armed to mass meetings or parades.

ANOTHER MAIL ROBBERY, REGISTERED BAG TAKEN

BAYONNE, N. J., April 29.—Matthews Lyons, baggage master on the Jersey Central railroad here, was shot and seriously wounded today by one of four men who held up a group of postal employees and escaped with three bags of mail, one of which contained registered mail. The men strove away in an automobile after turning in a fire alarm.

Was in Bed Three Days. Mrs. Josie Reed, 217 N. Exter St., Tulsa, Okla., writes: "I was in bed three days with my back. I took Foley Kidney Pills and in two days was at my work again. I cannot praise your medicine too much." Foley Kidney Pills stop bladder irregularities and strengthen the kidneys. They help eliminate from the system the poisons that cause backache, rheumatic pains, stiff joints, sore muscles, swollen hands and feet, puffiness under the eyes. Sold everywhere. Adv.

MONSTER TABERNACLE SEATING NEARLY 2000 PEOPLE. CORNER IVY AND EIGHTH STREETS, COMPLETED IN LESS THAN TWO DAYS' TIME FOR THE GREAT BULGIN-LEWIS EVANGELISTIC CAMPAIGN Sunday, May 1st, 1921, at 7 P. M. THE GREATEST MUSIC YOU EVER HEARD BY Mr. and Mrs. Robert Lewis AND THEIR WONDERFUL CHORUS OF 250 SINGERS Dr. Bulgin Is One of the Greatest Preachers In the world today. Because of his fearlessness in speaking the plain truth, he has been shot at, spit on, knocked down, lied about and falsely represented. You have no doubt heard and read much about this converted agnostic, infidel lawyer-preacher, but NOW the people of Medford and vicinity have the exceptional privilege of seeing and hearing for themselves this national character, who in many respects is greater than "Billy" Sunday—Rev. E. J. Bulgin, D. D., Ph. D. He will make you laugh as you never laughed before He will make you think as you never thought before The bigot won't, the fool can't, the coward dare not think If you are neither bigot, fool, coward—Come! Hear! Think! You expect the doctor and lawyer who have studied medicine and law for 25 years to know more about medicine and law than a blacksmith or carpenter. Then when you get sick who do you send for? Surely, then, the man who has for 25 years made a deep, thorough study of the Bible and Theology is better qualified to help us in these, the greatest and most important of all science, THE LIFE HERE AND HEREAFTER, AND IMMORTALITY OF THE SOUL, than the person who has never given much or no time to this study. A writer of national fame, describing Dr. Bulgin, said: "Dr. Bulgin is a preacher and evangelist of national fame. He is one of the most powerful and eloquent speakers on the American platform. Bulgin was an agnostic, infidel lawyer before his conversion. His sermons and lectures are logical and convincing to the extreme. He resembles Abraham Lincoln in many ways. He is long, lean, lank and bony, with a homely face. He was born in a log cabin in the mountains of North Carolina in extreme poverty. He never attended school but three weeks in his life, yet is a D. D., Ph. D., L. L. D. He supported his father's family of ten when a lad of 11. He never owned a pair of shoes until he was 14 years old, and those he made himself. He has come up through the alleys and by-ways of hard knocks, discouragements and severe testing times. Dr. Bulgin has the logic of a Pinney, the wit of Sam Jones, the eloquence of Talmadge and the fight and ginger of Billy Sunday. Associated with Dr. Bulgin as Assistant Evangelist Musical Director, Organizer, Tabernacle Builder, Boys' and Girls' Specialist, Pianist, Singer, Young People's Society Worker, Woman's Worker, etc., are Rev. Robert Lewis and his wife, Ethel Evans Lewis. Mr. and Mrs. Lewis are musicians of exceptional ability, highly trained, having studied with some of the world's greatest teachers. These include such personages as Oscar Saenger, New York City; Chas. W. Clark, Chicago; W. W. Adams, Boston. Mrs. Lewis is also a graduate of the Indianapolis Conservatory of Music. They are planning for a great chorus of 250 voices and a grand piano. Mr. Lewis is especially strong as a specialist with boys and girls and three days a week, Monday, Wednesday and Friday, just after school, he will conduct special meetings for all the young people between the ages of eight and eighteen. Mr. Lewis uses all sorts of stunts, yells, drills, exercises, songs, tricks, etc., and carries \$500 worth of mechanical, chemical and magical apparatus which he uses to teach great truths.
