

AFTER a baking falls— becomes tough or soggy, you can't make it tender and tempting. It can't be "fixed." It is like spilled milk—"wasted."

But, there is a way to prevent this waste—every woman should use it—because a bake day loss these days is a real loss.

Calumet Baking Powder positively prevents failure. It has been doing it for millions of housewives for a third of a century.

CALUMET BAKING POWDER
BEST BY TEST
Makes most palatable and sweetest of foods

The biggest selling Baking Powder in the world. Produced in the largest, most modern, sanitary Baking Powder Factories.

Possesses only such ingredients as have been officially approved by U. S. Food Authorities.

Most economical in cost and use. You save when you buy it. You save when you use it.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

FOREST PLANES TO ARRIVE MEDFORD FOR SEASON SOON

The airplanes to be used in the forest fire patrol will arrive at Medford on the 20th of this month and will operate with a personnel and equipment similar to last year with the exception that the personnel and operations will be slightly increased. This is the advice that has been received by the Medford Chamber of Commerce from Captain Lowell H. Smith of the 21st Squadron, who is now located at Mather Field, Sacramento.

The enlisted personnel, consisting of approximately thirty men will leave Mather Field for Medford some time between May 15th and 20th. The present plan is for the equipment and supplies to leave on the 15th and the airplanes on the 20th. According to these plans the airplanes will reach Medford on the afternoon of the 20th and the equipment and supplies, which are undoubtedly being sent by truck, will reach this city several days in advance of the airplanes.

The Newell Barber Field which will be the Medford base for forest fire patrol of this district is on land purchased by the City of Medford. The Medford Chamber of Commerce last year spent \$117,846 of its funds in leveling the ground and to make this field one of the best on the western coast. Very little work is necessary on the field this year and this will probably be done by the Air Service men themselves.

REGISTRATION FOR JUNE ELECTION TO CLOSE MAY 7TH

There will be a special election held throughout the state on the 7th day of June, 1921, for the purpose of voting upon measures referred by the legislature to the people of the state for their approval.

To facilitate matters at the polls on the day of election, I would recommend that all persons who have not been heretofore registered, or who have changed their place of residence, or have failed to vote at a county or state election in the past two years, call upon their precinct registrar and register before May 7, so that that date the registration books will close.

Anyone living in a precinct where I have been unable to get a person to act as registrar may register at the clerk's office.

CHAUNCEY FLOREY,
County Clerk.

BAPTIST NIGHT AT BULGIN MEETING DRAWS BIG CROWD

The second night of the Bulgin-Lewis campaign was Baptist night. They came in large numbers, marching and singing with the cornet and banner, leading the procession. Dr. Bulgin spoke words of praise and told of the special work of Baptists in history. This evening the First Methodist church will hold forth. All Methodists are asked to meet at the park before going to the tabernacle. Monday is generally considered an off night in revival meetings, but the tabernacle was well filled and the interest and enthusiasm are growing as the meeting progresses. More and more people are convinced that no mistake was made in calling the Bulgin-Lewis party to Medford. Dr. Bulgin is capturing the hearts of every person who hears him. Those of our city who are not attending these meetings are missing a rare opportunity to hear a great preacher.

Dr. Bulgin paid a tribute to The Mail Tribune, saying it was the best newspaper he had seen in a city of this size, and said any business man who did not advertise in it was like a young man who winked at his girl in the dark; he knows it, but no one else does. Mrs. Lewis sang a solo, which showed her marked ability as a singer.

Dr. Bulgin's theme was "The Triumphant Christianity." Among the many good things in the forceful message, we quote the following: "The best argument for the church is that we have a church here at all, when we recall how she has been persecuted and maligned."

"Look out for a religion that appeals to the eye only."

"Anything new in religion is not true, and anything true in religion is not new."

"Things are not true because they are in the Bible, but are in the Bible because they are true."

"If culture, mere mentality, would save the world Greece would have saved the world centuries ago."

"There is nothing against being born a millionaire today, but I wish that the Masons or Odd Fellows would establish a home for the children of rich people, for they are not being taught anything at home."

"God cannot feed people till they are hungry. That is the trouble with many people in Medford."

"If a man is right with God He will be right with men."

"Popular sovereignty does not make things right."

"Religion cannot compromise. The moment it does it abdicates."

"What is the matter with Man? He is out of harmony with God."

"There is more good than had in people."

This evening Dr. Bulgin's sermon will be on "Christ and the Social Gospel." It will be well worth your hearing. Pastors and officers of the churches will meet hereafter at 7 p. m., at the Presbyterian church for prayer.

BARNES' WILD ANIMAL CIRCUS HERE TOMORROW

Claiming the distinction of being the original and world's largest wild animal circus, the Al. G. Barnes circus is due to arrive here tomorrow morning at daybreak, presenting the most unusual array of educational, entertaining, amazing and thrilling wild animal acts ever shown, 52 cars of circus wonders, according to Thos. Francis Heney, representative of the circus who was in the city Monday.

Depending entirely on trained animals to give the entertainment, the Barnes circus stands forth as the circus distinctively different from all others. Its a big four-ring circus, however, with acres of tents, parade glories, bands, clowns, saw-dust rings and general circus festivities.

Unusual indeed, are the wild animal acts. Thom, Dick and Harry, horse-riding lions, are a remarkable example of wild animal education. Samson, the largest lion in the famous challenge group of thirty African bred lions is known as the aviation lion. Twice this magnificent specimen of king of beasts soars to the top of the tent surrounded by shooting fireworks.

Seals and sea lions in marvelous feats of juggling, spritely young women dancing in the den of lions and putting ferocious leopards, jaguars, and others of the cat tribe through astounding leaping, hoop-jumping and horse riding acts.

Bears of many species and amusing circus acts, monkeys by the half hundreds in trapeze and aerial work, riding and driving ostriches, boxing kangaroos and by no means least, monster pachyderms that pose with pretty girls and act with tiny shetland ponies.

For the first time in the history of animal training the public can see zebras, camels and llamas performing with rare skill in the Barnes shows.

There will be a street parade leaving the show grounds at 10:30 a. m. Doors to the big show open at 1 and 7 p. m. Big show performances start at 2 and 8 p. m.

The Screen

At the Page

Those who remember the James Oliver Curwood pictures of the past, "Nomads of the North," "The Trail's End," etc., will know what to expect in the Kazan booking for tomorrow and the balance of the week at the Page theatre. "Kazan" is from the famous novel of the hero wolf dog who brought to justice a renegade of the north country when human agencies had failed, a virtue story of the land of snow, ice and deadly cold, where wild animals abound and life is a struggle against the elements. The picture version of "Kazan" presents along with a competent cast headed by Jane Novak, the most remarkable dog ever appearing in films. This big husky has been taught and tricked into doing stunts that will be considered marvelous. The dramatic story of the original novel has been strengthened by the addition of much original incident and the picture stands as an epoch making production of its kind. The atmosphere of the north is perfect. The drama that the picture contains is real. It will thrill and hold the attention of the most hardened picture fan. If you liked the other Curwood stories you will be more than pleased with "Kazan."

At the Rialto

"To Please One Woman," the first of a series of pictures to be produced by Lois Weber, famous for such great features as "Where Are My Children?" "The Price of a Good Time," and others equally as big for Paramount distribution, comes to the Rialto theatre for a four days showing beginning tomorrow.

In "To Please One Woman" Miss Weber will introduce to audiences in leading parts several of her "finds," Mona Lisa, a new "vamp" who promises to become a second Theda Bara in popularity is a member of the cast, while in Claire Windsor is to be found a new and distinct type of leading woman, since the word star is not to be found in Miss Weber's official vocabulary.

Others of the remarkable cast of "To Please One Woman" are Edward Burns, Edith Kessler and Gordon Griffith.

Miss Weber's initial picture for Paramount is a romantic drama of American life with the story laid in the California of today, with many pretty scenic locations on the Pacific ocean adding to the dramatic value of the picture. Miss Weber personally directed and also wrote the story.

THE DUCK-BILL TOE

In high favor this Spring. Notice the long perforated tip. It is a shoe of long, slender lines, just the sort of style men like to see at the beginning of the oxford season. A wonderful example of good shoemaking.

A TRIAL WILL CONVINC
YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

No Let-'Er-Go-at-That Spirit Here

One of the big troubles of a shop is a let-'er-go-at-that spirit that tempts one of the boys to be careless, and let a job get out that is wrongly or improperly adjusted.

This spirit does not exist in this shop. We are very particular along this line and insist that all workmen pay strict attention to all minute details, thereby insuring the best work on all jobs.
