

With Soups, Broths and Bouillon

Well begun, indeed, is the dinner which commences with soup and Snow Flakes—the crisp, delicately flavored soda wafer. And for the later courses—oysters, salads and cheese. Sold by grocers in red packages and the family tins.

BULGIN SERMONS STILL MAGNET FOR LARGE AUDIENCES

Wednesday night was observed as Christian church night at the Tabernacle. The church turned out in large numbers, and as a special feature a duet was rendered, which was enjoyed. Notwithstanding the circus the tabernacle was filled last evening, showing the hold the meetings have on the people, who are anxious to hear every message of the evangelist. Dr. Bulgin does not seem to have any poor sermons; they are different but all are of a nature to pile up evidence in favor of the Christian life. The appeal is to the head rather than to the emotions, but enough emotion is found necessary to cause men to act on the evidence before them.

During the opening part of the service, Rev. and Mrs. Lawrence of the Presbyterian church were introduced to the people, and Rev. Lawrence replied to the hearty welcome given. Dr. Bulgin in speaking of Medford said that he was stopping at Hotel Medford and considered it the most up-to-date, cleanest and best hotel he had ever seen in a city of this size. This compliment was again paid to the Mail Tribune. The subject discussed was "The Infidel's Gail; or the Unreasonableness of Unbelief," and was a strong appeal to the unbeliever to give up his unbelief. Among the good things said are the following: "It does not take brains to object." "The best argument for the Bible is that it shapes men for God." "The man who says prove there is a God is a fool, for a self evident fact needs no proof." "You say religion is out of date. It is for the man who wants to sin." "The only religion that has any prospect is Christianity." "Something hit the world hard when Christianity struck it." "They say to Christ prove that you are the Son of God, and He says, I don't have to. I have proved it by the life I have lived; by the death I have died, and by the works I have produced." "You can't sell plug hats and suspenders where Christ has not gone." "Who crossed the Mississippi first? It was the missionary." "Twice born men is the best argument for religion." "I order to be a critic of religion one must be born again." "Sinner, don't say to Christ, if thou be the Son of God come down from the cross, but say, stay there and die and fulfill prophecy." "If you want to know God, quit your meanness, get on your knees and pray to God." "Tonight is M. E. Church, South and Free Methodist night. Dr. Bulgin will give a strong and helpful message on "Our Problems and How to Solve Them."

PHOENIX NIGHT AT BULGIN TABERNACLE

Plans are on foot for the Phoenix church and people of the community to attend the tabernacle meeting Friday evening, May 6, in a body and be seated together in a portion of the center section to be reserved. All members and friends of the Phoenix church are asked to meet promptly by 7:15 at the Medford Presbyterian church and march then in a body to the tabernacle. Other churches in Medford have made a good showing in this way during the week, each on their own night, and on Friday evening Phoenix's turn will come, when the Medford Presbyterian church is also to attend in a body.

Next Sunday morning Mr. and Mrs. Robert Lewis of the Bulgin party, will be at the Phoenix church and will give special music in both the Sunday school and church services (hours 10 and 11 a. m.) Mr. Lewis will speak at both services, with a message for all, and especially for young people, who are particularly invited. Everyone welcome to this special treat, Sunday morning, May 8th. Evening service at the tabernacle in Medford.

ELK CREEK

Mr. and Mrs. S. W. Hutchinson spent Saturday in Medford, spending Saturday night with Mr. and Mrs. George Saltzman. They returned home Sunday morning. There was a May day program and basket dinner at the Elk Creek school Sunday, which was well attended in spite of the rainy weather. Several cars from up near Prospect were down. Mrs. J. G. Clary and Miss Molly Clary visited with Mrs. F. L. Hutchinson Thursday afternoon. The Crater Lake highway is reported in a very bad condition between Medford and Trail. The portion which belongs to the new permanent highway is the best along the way. Mr. J. E. McDonald made a business trip to Medford last week. The Rogue Elk Hotel is getting a new coat of paint, which is greatly improving its appearance. They are also repapering and painting the interior. Miss Molly Clary returned to Ashland with her brother, Ray Clary Saturday.

BARNES CIRCUS GAVE UNIVERSAL SATISFACTION

When the "big top" for Al. G. Barnes' circus was put up in Medford only about three-fourths of the seating capacity was arranged, but shortly after the doors were opened the seats were all taken, the other seats were placed and soon filled. It was a concourse of people estimated from 5000 to 6000. Another crowd attended last night's performance. This superb wild animal show has come and gone again but memories of the glare and blare of the circus, ring of the excellent music, wonderfully trained animals, 25 educated horses with splendid riders, the spectacular presentation of "Alice in Wonderland" and even the "capers" of the clowns will be long remembered by young and old.

It was truly a clean show from the street parade through the main show and even to the "after-show." The performers, horses, animals, wagons, tents, costumes all presented a neat, clean appearance, while the people connected with the show were pleasant and obliging. Dr. Bulgin and Mr. Lewis, the song leader, both paid a high compliment to the cleanliness and educational features of the show at their tabernacle meeting last night. The big crowds that attended is due to a great extent to their liberal advertising, for which they have always been noted. Mr. Dawson, the press agent with the show, is truly a live-wire and says "advertising sows the seed and the excellency of the show is the cultivation that produce a good crop."

PROSPECT

Mr. and Mrs. Earl Leyton visited with Mrs. Peyton's parents, Mr. and Mrs. McKay of Central Point last week. Miss Nellie Bliss of Grand View, Wash., spent the first of the week at the E. R. Price home. Miss Bliss was a former Medford girl. Quite a number of Prospect folks attended the dance at Laurelhurst Saturday night. U. S. Despain, who has been in charge of highway work above Prospect has been transferred to Enterprise, Ore., in a similar capacity. Mr. Matton is his successor. L. M. Huggins, engineer in charge of highway construction in this section is making an official inspection of the surfacing job. Two miles of crushed rock macadam is now completed and will eliminate the possibility of the pumice becoming so dusty when the tourist travel starts. Mr. Offut, who for the past five years has been clerk at the Holland Hotel of Medford is taking a much needed rest at the Prospect Hotel. This being his first visit to this section he is very much impressed with the tall timber and other pleasant surroundings. F. M. Amy of Medford is assisting with the various duties connected with the Prospect store and post-office. Braxton Grieve of The Dalles, Ore., grandson of John Grieve, arrived not long ago and has taken a position as feeder on the rock crusher. A report is current that a certain young man, who is a recent arrival in the community lost his way while en route home from the dance at Laurelhurst school house and was found sitting in Wm. Grieve's mail box late Sunday evening. He had been lost in the storm for several hours, but was none the worse for his experience. Dewey Hill is now in charge of the mechanical and electrical work at the rock crusher. He is also becoming quite proficient as a musician and has composed a new fox trot, entitled "The Rock Crusher Blues."

WILLOW SPRINGS

The Wm. Hatton home was burned to the ground last Friday morning. The family lost all their household goods and clothing. They are staying with Mr. and Mrs. Fred Straube. Their friends and neighbors are doing all they can to assist them and they deeply appreciate the kindness. Last week O. S. Blackford sold his herd of milk cows, thirty-three in all to the Hoover Dairy Co., of Medford. Mr. Blackford has been in the dairy business for over twenty years. The addition to the Col. Mims house, recently purchased by Dr. L. A. Salade, is well under way. The interior of the old building is to be torn out and remodeled. Mr. and Mrs. Hugh Porter spent a number of days in Grants Pass last week, visiting with Mr. and Mrs. F. L. Eddings. Miss Eleanor Mauld of Medford will be retained as teacher for the coming year. Alfred Bowman has just had his residence repainted and other improvements made about his place. Mr. and Mrs. E. F. Nichols have rented a small fruit ranch in Sams Valley and will live over there until the fruit season is over. Mr. and Mrs. J. D. Sangle were dinner guests Sunday at the Hugh Porter home. Bronchial Trouble Caused Anxiety. No medicine has a better reputation than Foley's Honey and Tar for quickly relieving coughs, colds and croup. It loosens the phlegm and mucus, clears the passages, eases hoarseness, stops tickling throat. John G. Hekking, 195 Burgess Place, Passaic, N. J., writes: "I was suffering from an acute case of bronchial trouble which gave me considerable anxiety. Foley's Honey and Tar deserves all the credit for my being well now." Sold everywhere. Adv.

RESIDENT STREET TREES FALL TO MAKE FIREWOOD

The public sentiment against the destruction of trees and shrubs which the Scenic Preservation association of Jackson county has endeavored to create has evidently not reached West Tenth street for there is a citizen of Medford who has been purchasing lots in that vicinity and has been cutting down the trees to use for firewood.

No less than four five big oak trees and several large pine trees have been cut down within the past few weeks. It has taken several hundred years for these trees to obtain their growth and the residents of that neighborhood looked with pride upon the majestic monsters as they swayed in the soft breezes. It is unfortunate that there are people in this world who cannot see the beauties of nature, but look upon everything commercially. West Tenth street has been seriously injured by the ruthless destruction of these trees and the lots from which they have been removed have depreciated more than fifty per cent in their value.

Jacksonville had a similar case a few weeks ago where a man purchased a lot upon which a former resident some fifty years ago planted trees. The residents there pleaded with the new owner not to cut down the trees but of no avail and within twenty-four hours he destroyed what it had taken fifty years to grow and for not other reason than the trees had a commercial value for firewood.

The Scenic Preservation association has a most noble object and the saving of but just a few trees is worth the effort of those who have interested themselves in the organization. At the last meeting which was held at Central Point, the hall in which it was held was filled to capacity. Jacksonville has been selected as the next meeting place of the association and this will be held on May 20th.

NEXT SUNDAY TO BE MOTHER'S DAY

The second Sunday in May—May 8—will be Mothers' day, when the wearing of a white flower in remembrance of mother will be the order of the day. Governors of states and mayors of cities in past years have issued special proclamations indorsing the purpose and recommending the general celebration of the day and it is probable that Governor Olcott and Mayor Baker will issue proclamations immediately preceding the date. The rules of the day are as follows: "Wear a white flower (preferably a white carnation), or your mother's favorite flower. If away from home write mother a love letter, send her a telegram or use the long-distance telephone. Display the flag in honor of our patriotic women, especially mothers whose sons have rendered service to our country. Remember the sick or unfortunate in hospitals, homes or in prisons." It was in 1908 that an appreciative daughter desired to commemorate the anniversary of her mother's death. It was not only the thought of laying some flowers on her mother's grave, but it occurred to her that it would be a beautiful tribute to all mothers, the living as well as the dead, if their children on a given day would unite in the simple wearing of a white flower and thus make Mothers' day universal. The idea swept over the country and was also welcomed in other lands. Thus the observance of Mothers' day was born. The purpose of Mothers' day as conceived by Miss Anna Jarvis of Philadelphia, with whom it originated, is a day in which all lands as one nation may unite in honor of mother.
