Successor to Gus, The Tailor

**RECORD CROWD IN ATTENDANCE AT BULGIN MEETING**

The audience Friday night at the tabernacle was the largest which has come out to hear Dr. Bulgin and enjoy the good music by the large chorus choir. It is expected that Sunday night many will be standing. The service begins at 7 p. m. and those desiring seats should be on time. There will be an afternoon meeting at 2:30 also a union young people's meeting at 5 p. m. at the Christian church, where a luncheon will be served. Dr. Bulgin will speak Sunday night on "Why I Believe the Bible." Ashland is considering asking the Bulgin-Lewis party to hold a series of meetings there in June.

Friday was Presbyterian night. The church at Phoenix as well as at Medford was represented. A duet was sung by the Presbyterians. Words were addressed to the church, as in former nights have been to the various denominations. Next week will be lodge week. Meetings will be held each night and afternoon, excepting Saturday.

"The parable of the Penny; or motive God's measure of value," was the theme of the speaker Friday. Among the striking sayings are the following: "The man that worked one hour was paid not for the time he worked, but for the motive back of it."

"God rewards not for the amount of money one gives, but for the motive back of the giving."

"Christianity is not a fire escape."

"Some people want to get into the church in order to keep out of hell."

"Do you want to make a good heaven hereafter, then make a good one down here."

"You strut around and say you are living a respectable life, but what kind of a life would you live if it were not for Christianity?"

"Shame on the man who eats the fruit of the tree of Christianity, and ignores the tree."

"Look out for the bargain spirit."

"I do not want you to be a Christian under excitement, but under the teachings of God's word."

"You cannot scare love, you cannot scare character, you cannot scare Christ into men."

"Legislation cannot make men good."

"I do not believe in deathbed conversions."

"Worldliness is taking a horizontal rather than a perpendicular view of life."

"God's remedy for worldliness is not destruction but construction."

"Heed the first call, for you do not know whether you will get another."

The first week of the union tabernacle meetings finds the community won to the style and preaching of the evangelist. Next week will doubtless see the tabernacle filled, and many attending who have not so far been at the meetings.

**Bronchial Trouble Caused Anxiety**

No medicine has a better reputation than Foley's Honey and Tar for quickly relieving coughs, colds and croup. It loosens the phlegm and mucus, clears the passages, eases hoarseness, stops tickling throat. John G. Hekking, 195 Burgess Place, Passaic, N. J., writes:

"I was suffering from an acute case of bronchial trouble which gave me considerable anxiety. Foley's Honey and Tar deserves all the credit for my being well now." Sold everywhere. Adv.

**FARM BUREAU IS BUSY UPON FAIR ELECTION PLANS**

The special committee of the Farm Bureau in charge of the building and improvement project of the fair grounds, upon legal advice, found that it would be impossible to levy a half mill tax this year and a half mill tax next year without the necessity of two elections.

The law plainly states that the amount to be raised must be voted upon at a special election after taxes had been equalized for the year, and that the total amount to be raised must not exceed a one mill tax.

A half mill levy will not provide sufficient funds to build the necessary buildings and therefore there was nothing left for the committee to do but accept the provisions of the law and petition the county court to place the question of a one mill tax before the voters at a special election.

Being unable to ask the voters to vote a half mill tax each year for two years has been very disappointing to the Farm Bureau committee as they desired to make the collection of this money as easy as possible upon the taxpayers. Instead of asking the property owners to pay \$5 on each \$100 of assessment for two years, it is now necessary to ask them to pay 10c on each \$100 assessment for one year.

The erection of modern fair buildings and adequately improving the fair grounds is of such importance that the committee has not hesitated to go ahead with their petition and request the voters to accept this program of improvement.

**LADIES' SYMPHONY ORCHESTRA, VINING**

Announcement which has been made by Manager Bergner of the Vining theatre, Ashland, that the Ladies' Columbia Symphony orchestra will appear in that city on Wednesday, May 11, 8 p. m. has aroused considerable interest among music lovers and theatre patrons. This attraction is one of the most unique orchestras that has ever appeared in the United States or Canada. It has a woman conductor, Mme. Frances Knight, a very distinguished musician, and the entire personnel of the orchestra is made up of gifted young lady musicians. Their program is a particularly happy and versatile one and includes vocal selections by Genevieve Gilbert, soprano, four solo dances by Miss Dorothy Volkey, ranging from the Russian ballet to toe dancing.

**\$4500 OF CRATER LAKE STOCK IN, STILL \$2500 SHY**

The question as to whether the business men of Medford were back of the movement of improved facilities at Crater Lake was placed squarely before them at a meeting held yesterday afternoon at the city hall. The Chamber of Commerce Crater Lake committee had been successful in selling but \$3,500 stock of the Crater Lake National Park Co. out of the total amount of \$7,000, which Medford citizens were expected to subscribe.

After having the proposition placed squarely before them, approximately \$1,000 of the stock was subscribed yesterday and assurances given the committee that an effort would be made to assist them next week to sell the entire balance (\$2,500) to the business interests here.

The Crater Lake National Park Co. was capitalized at \$40,000 and one-half of its stock is being offered for sale. The business men of Portland have subscribed \$12,000. Governor Olcott has taken \$1,000. As Medford had claimed Crater Lake as her prized possession, the Portland men said, you raise the balance in Medford and run it this year. Under these conditions, Medford cannot afford to fail. V. H. Vawter and George T. Collins have accepted the responsibility to maintain Medford's good name and have employed Carl Tengwald as

manager and Seely Hall as director of transportation, both experienced men whom the people of Medford must back to the fullest extent.

**REPORT ON WELFARE WORK, RED CROSS**

School children of Medford and Ashland, some two thousand in number, have been examined, follow-up work done, consultation and advice given to parents by Red Cross nurse.

Courses of instruction prescribed by National Red Cross in Home Hygiene and Care of the Sick given in Ashland, Talent, Phoenix, old Hill, Rogue River, Lake Creek, Jacksonville and Medford.

Tonsillectomy hospital expenses for four children.

One baby sent to hospital for care. Milk furnished regularly for eight children.

Glasses for two children. Shoes and clothing furnished 102 children, most of them of school age.

Two children brought home to parents from another state. One child placed for adoption. Boarding homes for four.

Homes found for six girls to work for board and attend school. Three cases of delinquency handled.

ROSE G. SCHEFFELIN, Executive Secretary, Home, A. R. C. Ashland report not included except school and courses of instruction.

Temperature at the center of the earth is estimated at 2700 degrees Fahrenheit.
