

SUFFERED ALL A WOMAN COULD

Mrs. Meyer Finally Found Relief and Health in Lydia E. Pinkham's Vegetable Compound

Orange, Cal.—"I always feel very grateful to you, as some twenty years ago three doctors said I had to have a serious operation. I had a tumor, and ulcers which would gather and break. I had displacement so badly that I could hardly sit down at times, and it seemed as if I suffered everything that a woman could suffer. Then some one advised me to take Lydia E. Pinkham's Vegetable Compound, and I took it until I was cured and saved from the operation. I have told women of your wonderful medicine times without number, and I am willing that you should use these facts and my name if you like. I also used your Compound during the Change, and I can do all my own work but the heavy part, and can walk miles every day as I help my husband in the office."

—Mrs. J. H. Meyer, 412 South Orange St., Orange, California.

It is quite true that such troubles as Mrs. Meyer had may reach a stage where an operation is the only resource. On the other hand, a great many women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

CHILDREN GUESTS OF PAGE THEATER

Hundreds of children not only enjoyed the Jack and the Bean Stalk film, that long deferred treat for them, through the kindness of Messrs. Hunt and Antle at the Page theater this forenoon, but each aided in the hospital X-Ray benefit by bringing on the admission fee a jar of jelly or can of fruit or vegetables, which were disposed of later at the rummage sale. A small parade was given by a number of children prior to the film performance, to the inspiring music of a snare drum, which included some fiercely wild animals, such as a black lamb in arms, a young calf and a cute little colt.

FRENCH HAPPY THAT U. S. JOINS ALLIED CONFAB

PARIS, May 7.—Newspapers of this city today expressed great satisfaction with Washington dispatches announcing the United States had decided to resume her part in the supreme allied council, the council of ambassadors and the allied reparations commission. It was declared that the action of the American government was the result of French diplomacy, and would facilitate a general settlement of peace problems.

Referring to divergencies between Premier Briand and Prime Minister Lloyd George, the Matin declared that the opposition of the latter to many of M. Briand's demands "stopped as if by enchantment" when he was told of the United States note to Berlin rejecting the German reparations proposals.

NOTED SURGEON TO BE HERE TUESDAY

Dr. A. E. Roekney, Portland surgeon of national reputation, will arrive here next Tuesday for a visit in the city and valley, and will be the guest of the Southern Oregon Medical Society, which meets at Grants Pass.

Tuesday evening Dr. Roekney will be the guest of Medford physicians at a smoker given at Dr. R. J. Conroy's home.

Wednesday and Thursday a surgical clinic will be held at Sacred Heart Hospital, a number of major operations being performed by Dr. Roekney and local surgeons. Dr. Roekney was chief of the surgical staff at Camp Lewis during the war.

GLASGOW DOCK HANDS ON STRIKE

GLASGOW, May 7.—A strike of dock workers has been ordered here as a result of the ban placed on foreign coal by the transport workers federation. The dispute came to a crisis when the steamer Kalimba chartered for a voyage to America, was being loaded, the dock workers alleging that the vessel was not taking a fully supply and intended to fill her bunkers abroad. Non-union labor is being employed under police protection.

LET UNITED STATES BONDS ABSOLUTELY INSURE YOUR INVESTMENT

THE DAY OF THE GAMBLE IS PAST—Oil Investors need no longer "take a chance." RELIABLE oil operations should now be just as safe as preferred industrial stocks. DEMAND IT!

If you are at all interested in making money in oil, take advantage of THIS opportunity, wherein the element of chance is so simply and reliably eliminated.

We Want Every Investor to Have the Fairest Deal Possible Our syndicate has bona fide leases on over 5,000 acres of deeded prospective oil land in the great Lance Creek vicinity, adjacent to Lusk, Wyo. Leases are in First National Bank of Lusk.

We want to sink a well and haven't the necessary money. You help us get it, and share in the immense profits that are assured for just one good well. And if we should not get a gusher, you are not going to be permitted to suffer loss.

Here's the Reason: For every hundred dollars subscribed and deposited with our Trustees, one one-hundred dollar Liberty Bond is purchased by them and held in trust as security for your money. The difference between the current market value and the bonds' face value, and a year's interest, is to be devoted to organization and drilling expenses. At the end of a year, when it is PROVEN whether or not there is oil on our holdings, you shall, then, decide between accepting \$100 worth of stock in our company, or demanding your \$100 bonds. If we get oil, you'll doubtless prefer the stock and its accompanying profits. If not, you'll have your government bonds, intact. Isn't that about as fair and square an opportunity of participating in the great wealth daily being earned by oil, without risking the usual percentage of loss, as you ever heard of?

You Simply Cannot Lose! Only sufficient money to do what is actually necessary is wanted. Therefore, right is reserved to limit subscriptions, returning money, on receipt, to subscribers forwarding same after sufficient has already been received. The fewer in, the greater pro rata profit. And we want the profit of those who co-operate with us to be something worth-while. If YOU have the courage of a pioneer, YOU TOO may be one of the fortunate ones, if you

To the Workers of Oregon

By Otto R. Hartwig, President, Oregon State Federation of Labor

DURING these days of reconstruction and uncertainties, it becomes more than ever necessary for the citizens of Oregon to patronize the industries of Oregon by buying such products as are made in this state.

Industries of Oregon cannot be expected to grow and furnish continuous satisfactory employment to the workers of Oregon if we spend our money for products manufactured elsewhere. It is a well known fact that on the whole, Oregon workers are receiving better wages and working under more satisfactory conditions than is true of the workers in many of the eastern centers where a good deal of the products that the careless purchaser buys comes from. It is the height of stupidity and selfishness to demand decent working conditions from the Oregon employers and then turn around and use the money earned in Oregon to buy products made under sweat-shop conditions that exist in many of the eastern and middle states. Let's buy Oregon Products!
