CHAUTAUQUA TO BE HELD MEDFORD IN MONTH OF MAY

Medford is to have a Chautauqua this month. It was made possible through the efforts of sixty prominent business men and educators of this city, who have pledged themselves for the expenses of Chautauqua week.

Many of us in the hurry and bustle of a busy life do not stop to consider the tremendous advantage there is to the community in general, in a program such as will be put on during the week from May 26 to May 31, inclusive.

It is of incalculable benefit in an education way. It brings to the valley men and women of ability and power. It widens the horizon of our thoughts, suggests questions of vital importance, and presents worth-while ideals with the vigor and freshness that comes from an intimate acquaintance with the subject.

In the entertainment furnished by the Chautauqua there is an appeal to everyone. There will be lectures, high class music, special features, refined humor and wit. Young and old can enjoy it and all will be the better for it.

Even in a material way, the Chautauqua will boom your town. It will bring people to Medford from all parts of the valley. It will keep some of them here for a week or more. It will crowd your stores and induce people to investigate the advantages of your little metropolis, who had never thought of it before. Every business man and live citizen should be a booster.

A Chautauqua now in Medford will help the city that will be held in Ashland later in the year. It will make those who come to this one anxious to attend another. It will get the residents of the valley in the mood to enjoy aesthetic pleasures and will make the Chautauqua to be held in our sister city more successful than ever before.

So let all of us—citizens of Medford, Ashland, and all the towns of the valley join hands to make the week of May 26th a howling success.

FRANCE THREATENS WAR

(Continued from Page One) group to recount to them what the French government had done and intended to do.

LONDON, May 14.—Premier Lloyd George's denunciation of the Polish revolt in Silesia in the house of commons yesterday failed of unanimous support from London newspapers today.

The Daily Express commended the prime minister's honesty, courage and statesmanship, and insisted Poland "must be taught she cannot be allowed to become a disturbing element in Europe."

The Daily News held that Poland was "fatally and irretrievably in the wrong." The Daily Chronicle, usually a staunch supporter of Mr. Lloyd George, said it "would take the situation more tragically but for the defiance of the allies by Mustafa Kemal Pasha, leader of the Turkish nationalists; Gabriele d'Annunzio, who occupied Fiume for more than a year, and General Zeligowski, whose Polish 'irregulars' are still holding Vienna."

Mr. Lloyd George was charged with "bitter partisanship" intense dislike of Poland, "passionless" fear of Germany and ignorance of European politics," by the Morning Post.

FARM BUREAU'S POSITION ON CO. FAIR EXPLAINED

That the position of the executive committee of the Jackson County Farm Bureau in endorsing the county fair program be understood, it must be borne in mind that one of the projects, the different communities of the county at their meetings asked for this year was "County Fair Product," and has a committee of thirteen leaders in different parts of the county, which has for its object, the working out of plans for a county fair, securing exhibits, etc.

It is one of the projects of the Farm Bureau for this year, the same as the rodent control project, as the introductions of pure seed grain under the farm crops project. The people of the county now own a fair grounds that is well situated as regards location and has been permanently set aside for this purpose. Something that we have never had in the county before. The landscaping and building program as outlined by Prof. Peck, of the O. A. C., is of a permanent nature and means that whatever is done will be of permanent work. The Farm Bureau Executive committee has gone over all the plans, taken into consideration every detail and have endorsed the entire program as feasible and well-founded.

Different plans of financing were suggested to the committee, but they feel that if this is to be a Jackson County institution it should be entirely owned by the people and become a part of the county institutions and the only means of doing this is by tax levy. So in endorsing the plan the executive committee advised that it be put up to the people and for them to decide as to whether they want it or not, and are not advising that the people vote either for or against a tax levy to finance the plan. And it is not the intention of the Farm Bureau Executive committee to take any part in attempting to influence a vote either one way or the other, simply putting it up to the voters for an expression from them as to their desires in this matter.

Jackson county should have a good county fair, everything that has been done has been with the one thought in mind. Whether this is the time to go ahead on this program or not the Farm Bureau is not saying, they are asking for instructions from the people.

Mrs. SELCHERT'S DAUGHTER

Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Horicon, Wis.—"My young daughter had been troubled for several months with backache and a bad feeling in her stomach. When she got to the table to eat she did not want anything, while before she was so hungry she could hardly wait for her dinner. The doctors gave her medicine but it did not help her. One day I was reading a little book of yours

which was left on my porch and it reminded me that when I was a young girl I took several bottles of Lydia E. Pinkham's Vegetable Compound. So she went to the drug store and got a bottle and after the second one she could eat and has not had backache since. In all she took six bottles of it. She goes to school and on Saturdays helps with the housework. She is a normal, healthy girl now and we recommend your medicine. You have my permission to publish this letter as a testimonial for the Vegetable Compound."—Mrs. FRANK SELCHERT, 150 Larabee St., Horicon, Wis.

Mothers all over the country have found Lydia E. Pinkham's Vegetable Compound to be a most reliable remedy for such conditions.

MEDFORD HIGH TO PLAY FORT JONES TEAM MONDAY

The Fort Jones baseball nine will arrive here Monday to play the Medford High school team at the Court Hall grounds the afternoon of that day. Undoubtedly the Ft. Jones squad will be strong opponents for the local men as they recently defeated the Yreka nine after the latter had given the Ashland team a hard run on the Ashland diamond not long ago.

According to Coach Klum the home boys have been showing more class in late practices and are rounding into fine shape. The tentative lineup for Monday's game will be: First base.....Ward Beeny Second base.....Jerry Young Shortstop.....Irish Coleman Third base.....Vance and Singler Pitchers.....Payne and Rees Catchers.....Heartle, R. Slagler, Abraham

Right field.....Irvine Center field.....R. Sherwood Left field.....Brown Cowles, Yale third. Distance 24 feet, 4 inches. Pole vault won by Gardner, Yale; Harwood, Harvard, second; Rogers, Yale, third. Height 12 feet, 6 inches. High jump won by Landon, Yale; height 6 feet, 2 inches; other places tied between Krogness and Criddell of Harvard and Hannan of Yale.
